Goddesses Never Age Christiane Northrup, M.D., 2016-12-13 THE NEW YORK TIMES BESTSELLER! Though we talk about wanting to age gracefully, the truth is that when it comes to getting older, we're programmed to dread an inevitable decline: in our health, our looks, our sexual relationships, even the pleasure we take in living life. But as Christiane Northrup, M.D., shows us in this profoundly empowering book, we have it in us to make growing older an entirely different experience, both for our bodies and for our souls. In chapters that blend personal stories and practical exercises with the latest research on health and aging, Dr. Northrup lays out the principles of ageless living, from rejecting processed foods to releasing stuck emotions, from embracing our sensuality to connecting deeply with our Divine Source. Explaining that the state of our health is dictated far more by our beliefs than by our biology, she works to shift our perceptions about getting older and show us what we are entitled to expect from our later years—no matter what our culture tries to teach us to the contrary—including: · Vibrant good health · A fulfilling sex life · The capacity to love without losing ourselves · The ability to move our bodies with ease and pleasure · Clarity and authenticity in all our relationships—especially the one we have with ourselves Taking all the right supplements and pills, or getting the right procedure done, isn't the prescription for anti-aging, Dr. Northrup explains. Agelessness is all about vitality, the creative force that gives birth to new life. *Goddesses Never Age* is filled with tools and inspiration for bringing vitality and vibrancy into your own ageless years—and it all comes together in Dr. Northrup's 14-day Ageless Goddess Program, your personal prescription for creating a healthful, soulful, joyful new way of being at any stage of life.

Theology and Protest Music Heidi M. Altman, Jonathan H. Harwell, 2023-03-20 Songs of protest have been inspiring activists for millennia, and continue to be created, shared, and reworked across musical genres. From the prophet Habakkuk as proto-protest singer, through a broad spectrum of twentieth and twenty-first century artists and diverse faith traditions, *Theology and Protest Music* gathers compelling contributions that examine Brazilian eschatology, Black liberation and womanism, esoteric Islam in Five Percenter rap, heavy metal as anti-theology, Howard Thurman's relevance to jazz, Cuban Santería priest Pedrito Martinez' sacred Batá drumming, as well as theological reflections on Jay-Z, Funkadelic, Marvin Gaye, Sweet Honey in the Rock, and the social justice chorale movement. Those interested in theology and popular culture, as well as scholars of music, social justice, racial identity, LGBTQ+ studies, and gender studies will find new aspects of the broad

spectrum of protest music and its diverse spiritual connections. Theology and Protest Music also features invited contributions by pioneering choral activist Catherine Roma and world-renowned performer, composer, and educator Dr. Ysaye Maria Barnwell.

Routledge Handbook of Sexuality Studies in East Asia Mark McLelland, Vera Mackie, 2014-09-15 This collection brings together cutting-edge work by established and emerging scholars focusing on key societies in the East Asian region: China, Taiwan, Hong Kong, Japan, North and South Korea, Mongolia and Vietnam. This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed, developing and emerging societies and economies. Both Japan and China have established traditions of 'sexuality' studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro-American medical and psychological understandings. Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries. They trace local flows of ideas instead of defaulting to Euro-American paradigms for sexuality studies. Through looking at regional and global exchanges of ideas about sexuality, this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation, modernisation and globalisation. It will be essential reading in undergraduate and graduate programs in sexuality studies, gender studies, women's studies and masculinity studies, as well as in anthropology, sociology, history, cultural studies, area studies and health sciences.

Productive Remembering and Social Agency Teresa Strong-Wilson, Claudia Mitchell, Susann Allnutt, Kathleen Pithouse-Morgan, 2013-10-30 Productive Remembering and Social Agency examines how memory can be understood, used and interpreted in forward-looking directions in education to support agency and social change. The edited collection features contributions from established and new scholars who take up the idea of productive remembering across diverse contexts, positioning the work at the cutting edge of research and practice. Contexts range across geographical locations (Canada, China, Rwanda, South Africa) and across critical social issues, from HIV & AIDS to the legacy of genocide and Indian residential schools, from issues of belonging, place, and media to interrogations of identity. This interdisciplinary collection is relevant not only to education itself but also to memory studies and related disciplines in the humanities and social sciences.

Was das Dao leert Timo Schmitz, 2022-11-26 Was das Dao leert ist eine ausführliche Einführung in den Daoismus. In den ersten Kapiteln werden daoistische Grundbegriffe eingeführt, unter anderem das Dao, das De, das Qi, die Bedeutung der Unsterblichkeit, sowie die Pantheonsfrage (Hat der Daoismus eine Götterwelt?). Danach wird an die Theorie der für die daoistische Praxis benötigten Grundlagen herangeführt, sowie die daoistischen Glaubensausrichtungen, anhand der

geschichtlichen Entwicklung des Daoismus nähergebracht. Da der Daoismus eng mit den philosophischen Lehren Laozis und Zhuangzis verbunden ist, wird ausführlich auf den Daodejing eingegangen und die Grundthesen zusammengefasst, gleiches folgt für Zhuangzis Werk Das wahre Buch vom südlichen Blütenland (Nanhua Zhenjing). Abschließend wird der Daoismus in ausgewählten asiatischen Ländern betrachtet, ein Vergleich daoistischer Grundbegriffe zum Platonismus und damit zur westlichen antiken Philosophie gezogen, und über einige daoistische Mythen, vor allem das Fengshui, aufgeklärt. Für Könnere der chinesischen Sprache werden im Anhang ausgewählte besonders wichtige Passagen des Daodejing am Originaltext im klassischen Chinesisch unter Zuhilfenahme einer modernen chinesischen Interpretation, aufgeschlüsselt, und das Hintergrunddenken dieser Textpassagen analysiert, und darauf basierend einen eigenen Übersetzungsvorschlag angeboten. Das Werk bedarf keiner Vorkenntnisse und ist sowohl für einfache Interessenten, als auch für Experten von großem Nutzen, da es schrittweise in die Materie einsteigt, diese dann aber im Einzelnen besonders vertieft.

Éternelles déesses Christiane Northrup, 2016-06-21 T00:00:00-04:00 Quel âge avez-vous ? Quel âge avez-vous l'impression d'avoir ? Nous sommes programmées pour nous attendre au déclin inévitable de notre santé, de notre apparence, de nos relations sexuelles et même du plaisir que nous prenons à vivre; pourtant, les centenaires représentent le segment le plus en hausse dans la population. Et si en réalité nous ne faisons que laisser nos pensées quant au «nombre» de nos années nous pousser vers la vieillesse? Comme nos vies pourraient être différentes si nous renoncions à notre obsession pour les chiffres pour la remplacer par une philosophie d'intemporalité ou de vie hors du temps. C'est ce que fait l'auteure et médecin visionnaire Christiane Northrup.

Tao Te Ching Laozi, 2015-07-07 The Tao Te Ching is fundamental to the Taoist school of Chinese philosophy and strongly influenced other schools, such as Legalism and Neo-Confucianism. This ancient book is also central in Chinese religion, not only for Taoism but Chinese Buddhism, which when first introduced into China was largely interpreted through the use of Taoist words and concepts. Many Chinese artists, including poets, painters, calligraphers, and even gardeners have used the Tao Te Ching as a source of inspiration. Its influence has also spread widely outside East Asia, aided by hundreds of translations into Western languages.

Tao Te Ching Laozi, 2002 A fundamental book of the Taoist, the Tao Te Ching is regarded as a revelation in its own right. It provides a wealth of wisdom and insights for those seeking a better understanding of themselves. Over time, many changes have been made to the original Chinese text. Researcher Patrick M. Byrne has produced a translation that is accurate and easy to understand, while capturing the pattern and harmony of the original.

The Tao of Love and Sex Jolan Chang,1977 The Tao of Love and Sex is a revealing and vivid account of the ancient Chinese sexual teachings and techniques banned by the invading Mongols in the 13th century. The book describes, through text and contemporary illustrations, the ways in which Taoist teachings about sexual love can be used as a means to achieving ecstasy and as a therapeutic and healing force. The modern Western reader can here discover the ancient Eastern methods of ejaculation control, types of thrust, love-making positions, erotic kissing, the conquest of impotence and about sex and longevity. Frank and explicit, yet inseparable from the Taoist spiritual tradition, The Tao of Love and Sex will enrich the variety, subtlety and sheer sexual pleasure of all who read it.

The Secret Teachings of the Tao Te Ching Mantak Chia,Tao Huang,2005-01-31 Reveals techniques for achieving spiritual immortality through an in-depth exploration of Lao-tzu's Tao Te Ching • Includes practices and meditations for living in harmony with the Tao (universal essence) and Te (kind action) • Reveals the integration of heavenly and human power in the mystic field within us • Presents Tao Huang's English translation of the Tao Te Ching from the original Chinese Mawangdui text unearthed in 1973 For over 2,500 years the words of the Tao Te Ching, the primary scripture of Laoism and Taoism, have been regarded as among the greatest treasures of the world. Lao-tzu, whose name means “the ancient child,” wrote

these brief but essential verses that have both confounded and conferred blessings on humankind. Now Taoist masters Mantak Chia and Tao Huang guide readers through the origins of this philosophy, the meaning behind its 5,000 pictographs, and the way of living that generations have followed. While the text of the Tao Te Ching has been passed down in literary form for generations, the essence of the text can be understood only through heart awakening--a true integration of body and mind--made possible with the insights and exercises in this book. The authors analyze Lao-tzu's teachings, line by line, and offer meditations, interpretations, and practical illustrations that clarify the true meaning and purpose of this classic text.
