**Be the One** Justin Prince, Clay Manley, 2023-09-26 In *Be the One*, Justin Prince offers a roadmap for success that will help you become the person you were designed to be. Twelve generations, 4,094 individuals, all came before you. And each one made decisions that steered both their life and yours. But sometimes, there's that "one." The one who chose to go a different way. The one who faced and embraced the hard times to reach the reward on the other side. The one who made the life-altering decision that ensured your very existence. Now it's your turn. You can set a course for success, which will ensure that your future generations also succeed. But what if you're struggling? What if success is elusive, non-existent even? How can you "be the one" for those in your future when your present feels like it's at "zero"? In his debut book, author and speaker Justin Prince shares a roadmap, an instruction manual, which lays out simple but powerful steps that you can take—today—to reset your course and aim yourself toward success. Filled with poignant stories and personal examples from Prince's own life, this book will show you how to— Design your future by getting clear on your vision. Update your identity and be the person who were designed to be. Build your confidence, commitment, and competence in everything you do. Find reasons to keep going and then magnify those reasons to become a success. And learn the four words spoken by John C. Maxwell that changed everything for Prince. Like your ancestors, you make choices that will affect not only you but all others in your path, today, tomorrow, and for years to come. Decide today to succeed. For yourself and for them. Decide to "be the one."

**Persistence Has Great Gain** Joycelyn Dankwa, 2012-10-04 The motivation for this book is drawn from a personal experience. I know there are many women (and men) out there who are faced with the unexpected common phenomena of separation and divorce, which has suddenly bedeviled the face of Christianity. Many who as a result of different circumstances have taken to ungodly lifestyles, many who have backslidden, many who have taken decisions and possibly many who are even contemplating suicide, I want to use this book to encourage you not to give up and to encourage you to persist. If you persist, you will overtake and recover all.

*The Unstoppable*, 2018-11-30 Do not always blame yourself for all the things you have passed through in life. Remember,

you are serving an all-knowing God. He forgives immediately if you confess and repent. You have to move on because greater things are awaiting your attention. Strive very hard to reposition yourself, and I am sure you will make it. All you need is to develop a personal relationship with your Maker, and the rest will become history. The only condition is that you have to believe.

This book is neither a self-help book nor a book of great ideas to get what you want. This book is a ticket to your long journey towards a successful (I will call it meaningful) life. As the famed Earl Nightingale once said, "Success is the progressive

realization of a worthy ideal, I am calling this book the pathway to that progressive realization.” Alok lives by the philosophy that the world is full of good people, and they will come to help you if you dream and dare to ask. This book will help in opening you up for that big mind change. “This is not just a self-help book but a Talking Book towards your goals. I like the simplicity of the language used by Alok.” -Anuja Deshpande (IIM, Lucknow)

Chasing the Chinese Dream William N. Brown, 2021-06-01 This open access book explores the historical, cultural and philosophical contexts that have made anti-poverty the core of Chinese society since Liberation in 1949, and why poverty alleviation measures evolved from the simplistic aid of the 1950s to Xi Jinping’s precision poverty alleviation and its goal of eliminating absolute poverty by 2020. The book also addresses the implications of China’s experience for other developing nations tackling not only poverty but such issues as pandemics, rampant urbanization and desertification exacerbated by global warming. The first of three parts draws upon interviews of rural and urban Chinese from diverse backgrounds and local and national leaders. These interviews, conducted in even the remotest areas of the country, offer candid insights into the challenges that have forced China to continually evolve its programs to resolve even the most intractable cases of poverty. The second part explores the historic, cultural and philosophical roots of old China’s meritocratic government and how its ancient Chinese ethics have led to modern Chinese socialism’s stance that “poverty amidst plenty is immoral”. Dr. Huang Chengwei, one of China’s foremost anti-poverty experts, explains the challenges faced at each stage as China’s anti-poverty measures evolved over 70 years to emphasize “enablement” over “aid” and to foster bottom-up initiative and entrepreneurialism, culminating in Xi Jinping’s precision poverty alleviation. The book also addresses why national economic development alone cannot reduce poverty; poverty alleviation programs must be people-centered, with measurable and accountable practices that reach even to household level, which China has done with its “First Secretary” program. The third part explores the potential for adopting China’s practices in other nations, including the potential for replicating China’s successes in developing countries through such measures as the Belt and Road Initiative. This book also addresses prevalent misperceptions about China’s growing global presence and why other developing nations must address historic, systemic causes of poverty and inequity before they can undertake sustainable poverty alleviation measures of their own.

*THE SURROGATE* CHARLES CASSEY, 2013-11 Recounts of the election of PRESIDENT BARACK OBAMA.

In Search of George Washington Rick Sirmon, 2011-11-30 In Search of George Washington (The Story of the 28th Amendment) chronicles the amazing flashback that was the Prairie Fire that swept the country over 18 months in 2012 and 2013. See how America cried out for Her heroes and Her history and Her heritage and how a strange re-visitation in the mysterious mists of time by the Founders triggered the massive chain of events leading up to Post 28 America. Business that had raced away from America, came racing back and business competitiveness that had dimmed - blazed again - from sea to shining sea. See how pure free enterprise unleashed the creativity and abilities of the poor, the unemployed, and the

undocumented, to grow and learn and excel. Believe that for maybe the first time that you as one person can make a difference. Plug in and hold on. This is your gateway to the incredible reaches of The 28th Amendment.
