Islam and Global Dialogue Roger Boase, 2016-05-06 At a time when the world is becoming increasingly interdependent, multi-cultural and multi-religious, the concept of religious pluralism is under assault as a result of hatred, prejudice and misunderstanding from both religious exclusivists and dogmatic secularists. In this important and timely book, twenty internationally acclaimed scholars and leading religious thinkers respond to contemporary challenges in different ways. Some discuss the idea of a dialogue of civilisations; others explore the interfaith principles and ethical resources of their own spiritual traditions. All of them reject the notion that any single religion can claim a monopoly of wisdom; all are committed

to the ideal of a just and peaceful society in which people of different religions and cultures can happily coexist. More space is here given to Islam than to Judaism and Christianity because, as a result of negative stereotypes, it is the most misunderstood of the major world religions. HRH Prince Hassan bin Talal of Jordan contributes the Foreword.

Wisdom as It Relates to the Holy Quran Omar Nyang Njie, 2018-01-03 The main purpose of this book is to serve as a source of spiritual information, enlightenment, wisdom, and guidance to those believing Muslims, as well as non-Muslims, to come to terms in reaffirming the fact that there is a creator (God). It is he who is responsible for the creation of the heavens, the earth, mankind, the angels, jinns, and all what is known and unknown in this universe. His creations include both the hidden and the unseen world of which very little is known to man. This is due to the fact that all sources of knowledge, power, and wisdom belongs to Allah. And he giveth or withdraweth any of these gifts to whom he wills.

Religion and Generalised Trust Handi Hadiwitanto, 2016 For most Indonesian citizens, Muslims and Christians alike,

religion plays an important role in private and public life. Against the backdrop of tacit and overt conflicts between religious groups in Indonesia, this study examines the potential role of religion in building trust between people. To what extent does religion induce or reduce trust between Muslims and Christians? While religious communities are important socialising agencies for moral principles that may encourage trust, religious identification may also be related to distrust towards others; making 'trust' a problematic issue in the context of interreligious relations. This dissertation describes how trust is determined by religion (in both positive and negative ways), and how it can be seen as a crucial concept within the religious meaning system. The Hadith (A Taste of Islam) H. Jadoon,2017-02-28 The Hadith,Sahih Bukhari is a collection of sayings and deeds of Prophet Muhammad (pbuh), also known as the sunnah. The reports of the Prophet's sayings and deeds are called ahadith. Bukhari lived a couple of centuries after the Prophet's death and worked extremely hard to collect his ahadith. Each report in his collection was checked for compatibility with the Qur'an, and the veracity of the chain of reporters had to be painstakingly established. Bukhari's collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet (pbuh).Bukhari (full name Abu Abdullah Muhammad bin Ismail bin Ibrahim bin al-Mughira al-Ja'fai) was born in 194 A.H. and died in 256 A.H. His collection of hadith is considered second

to none. He spent sixteen years compiling it, and ended up with 2,602 hadith (9,082 with repetition). His criteria for acceptance into the collection were amongst the most stringent of all the scholars of ahadith. It is important to realize, however, that Bukhari's collection is not complete: there are other scholars who worked as Bukhari did and collected other authentic reports. It is a complete volume 1 of bukhari shareef that will lead us to straight path of Almighty Allah.

A Manual of Hadith Muhammad Ali, 1944-01-01 Ali produced this hadith translation during WWII, so had to reduce the manuscript by one-third because of paper shortages. The intent of this volume was to provide a compendium of the Sahih Bukhari related to the practical life, rather than to spiritual or historical concerns, of Muslims; the work is intended primarily to guide English-speaking Muslim converts.

40 Hadiths Ali Budak,2010-06-16 Providing a concise overview of 40 Hadiths—sayings of the prophet Muhammad—this compilation offers an in-depth investigation of the second essential source of Islamic authority after the Qur'an. Following the prophet's encouraged tradition of focusing on a select 40 of the proverbs instead of the entire collection, this volume consists of the original Arabic text, English translations, and informative commentary. Compiled from the works of prominent Muslim scholar Fethullah Glen, this study provides a clear portrait of how the prophet Muhammad established the principles of Islamic life through his teachings.

40 Hadith of An-Nawawi Prophet Muhammad,2019-03 Imam al-Nawawi's 40 Hadith have come to be known as the most comprehensive, and holistic, compilation/collection of hadith of the Prophet Muhammad (saw) that convey the essence of Islam.Imam al-Nawawi's collection of 40 Hadiths is one of the most important collections of hadiths we have today. He actually compiled a total of 42 hadiths for this collection, not 40. Allah (swt) granted him blessing and success in his work so that he could make great contributions to Islam before passing away at a relatively young age.The Imam was a scholar in many different disciplines of Islamic studies. The vastness of his works in these different areas is so great that if an individual decides to study fiqh, hadith, spirituality, or Quran; one would need to pass through Imam al- Nawawi. Along with the 40 Hadiths, he authored Riyad al-Saliheen, Al-Adhkar, and commentary of Sahih Muslim and Sahih Bukhari.
