- Understand what makes great stories work
- Make your screenplay work in the first ten pages, using *Thelma & Louise* and *Dances With Wolves* as models
- Use a "dream assignment" to let your creative self break free overnight
- Make action build character, the way Quentin Tarantino does
- Recover when you hit the "wall"—and overcome writer's block forever

Syd Field's Screenwriting Workshop [videorecording], 2005

The Screenwriter's Workbook Syd Field, 1996 No one knows more about screenwriting than Syd Field and now the ultimate Hollywood insider shares his secrets and expertise. Filled with material including insights and anecdotes from the author and analyses of films from *Pulp Fiction* to *Brokeback Mountain* *The Screenwriter's Workbook* is your very own hands-on workshop, the book that allows you to participate in the processes that have made Syd Field's workshops invaluable to beginners and working professionals alike.

Alternative Scriptwriting Ken Dancyger, Jeff Rush, 2012-08-21 *Alternative Scriptwriting 4E* is an insightful and inspiring book on screenwriting concerned with challenging you to take creative risks with genre, tone, character, and structure. Concerned with exploring alternative approaches beyond the traditional three-act structure, *Alternative Scriptwriting* first defines conventional approach, suggests alternatives, then provides case studies. These contemporary examples and case studies demonstrate what works, what doesn't, and why. Because the film industry as well as the public demand greater and greater creativity, one must go beyond the traditional three-act restorative and predictable plot to test your limits and break new creative ground. Rather than teaching writing in a tired formulaic manner, this book elevates the subject and provides inspiration to reach new creative heights.

Writing the Character-Centered Screenplay, Updated and Expanded edition Andrew Horton, 2000-02-23 We need good screenwriters who understand character. Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and off-Hollywood films, as well as television—the book offers creative strategies and essential practical information. Horton begins by placing screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including *Thelma & Louise* and *The Silence of the Lambs*—and the television series, *Northern Exposure*, he takes the reader step-by-step through the

screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of film scripts.

Screenwriting Andrew Horton, Julian Hoxter, 2014-08-23 Screenwriters often joke that “no one ever paid a dollar at a movie theater to watch a screenplay.” Yet the screenplay is where a movie begins, determining whether a production gets the “green light” from its financial backers and wins approval from its audience. This innovative volume gives readers a comprehensive portrait of the art and business of screenwriting, while showing how the role of the screenwriter has evolved over the years. Reaching back to the early days of Hollywood, when moonlighting novelists, playwrights, and journalists were first hired to write scenarios and photoplays, *Screenwriting* illuminates the profound ways that screenwriters have contributed to the films we love. This book explores the social, political, and economic implications of the changing craft of American screenwriting from the silent screen through the classical Hollywood years, the rise of independent cinema, and on to the contemporary global multi-media marketplace. From *The Birth of a Nation* (1915), *Gone With the Wind* (1939), and *Gentleman’s Agreement* (1947) to *Chinatown* (1974), *American Beauty* (1999), and *Lost in Translation* (2003), each project began as writers with pen and ink, typewriters, or computers captured the hopes and dreams, the nightmares and concerns of the periods in which they were writing. As the contributors take us behind the silver screen to chronicle the history of screenwriting, they spotlight a range of key screenplays that changed the game in Hollywood and beyond. With original essays from both distinguished film scholars and accomplished screenwriters, *Screenwriting* is sure to fascinate anyone with an interest in Hollywood, from movie buffs to industry professionals.

Screenwriting Bridget Conor, 2014-04-16 *Screenwriting: Creative Labor and Professional Practice* analyzes the histories, practices, identities and subjects which form and shape the daily working lives of screenwriters. Author Bridget Conor considers the ways in which contemporary screenwriters navigate and make sense of the labor markets in which they are immersed. Chapters explore areas including: Screenwriting histories and myths of the profession Screenwriting as creative labor Screenwriters’ working lives Screenwriting work and the how-to genre Screenwriting work and inequalities Drawing on historical and critical perspectives of mainstream screenwriting in the USA and UK, as well as valuable interviews with working screenwriters, this book presents a highly original and multi-faceted study of screenwriting as creative labor and professional practice.
