Forbidden Religion J. Douglas Kenyon,2006-09-22 Reveals the thread that unites the spiritual paths that have opposed orthodox religion over the centuries and the challenge they provide to the status quo • Contains 40 essays by 18 key investigators of heresies and suppressed spiritual traditions, including Steven Sora, Ian Lawton, Jeff Nisbet, P.M.H. Atwater, John Chambers, and Vincent Bridges • Edited by Atlantis Rising publisher, J. Douglas Kenyon Following the model of his

bestselling *Forbidden History*, J. Douglas Kenyon has assembled from his bi-monthly journal *Atlantis Rising* material that explores the hidden path of the religions banned by the orthodox Church--from the time before Christ when the foundations of Christianity were being laid to the tumultuous times of the Cathars and Templars and the Masons of the New World. Revealed in this investigation of the roots of Western faith are the intimate ties of ancient Egyptian religion to Christianity, the true identities of the three magi, the link forged by the Templars between early Christianity and the Masons, and how these hidden religious currents still influence the modern world. This book serves as a compelling introduction to the true history of the heretical religious traditions that played as vital a role in society as the established faiths that continuously tried to suppress them. Born in the same religious ferment that gave birth to Christianity, these spiritual paths survived in the "heresies" of the Middle Ages, and in the theories of the great Renaissance thinkers and their successors, such as Isaac Newton and Giordano Bruno. Brought to the New World by the Masons who inspired the American Revolution, the influence of these forbidden religions can be still found today in "The Star Spangled Banner" and in such Masonic symbols as the pyramid on the back of the dollar bill.

The Dark Skull 418 Aseer the Duke of Tiers,2024-02-12 According to the God Gene hypothesis, spirituality has a genetic codex, of which (VMAT-2) comprises one component by contributing to sensations associated with mystic experiences, including the presence of God and feelings of connection to the larger universe. Clandestine elements embedded deep within successive US government administrations have classified this phenomena, Dark Skulls." Signs of this condition are sensitivity to lies, the ability to discern multi-dimensional disturbances, Along with the power to move beyond the illusions set up to control the masses. When that happens, something manifests inside people giving them extraordinary powers over the physical world. Spreading like wild fire across the burning world, those aware, were the only ones who could stop the forces seeking to destroy the active DS418 gene in ALL People. Dubbed the "DS418 Variant" the malevolent powers that be, have launched a campaign to counter this growing threat to their waning New World Order. The secret of the Higgs Boson event of 2012, and the coming of the Comet of Doom are all things revealed within The DS418. So the only question that remains is Are you a Dark Skull? And if so What are you going to do about it?
