

Mignolo Historias Locales Diseos Globales Pdf

Ana Marcela Montanaro Mena

Historias locales / diseños globales Walter D. Mignolo, 2003-04-07 Libro que analiza la articulación de la colonialidad del poder comprendido como uno de los vectores privilegiados del sistema-mundo capitalista desde su configuración primigenia en el siglo XVI. En él, su autor introduce la noción de «diferencia colonial» y traza la emergencia de nuevas formas de conocimiento que denomina «pensamiento fronterizo».

Cartografías de la cultura y la subalternidad en América Latina Roberto Mora Martínez, Sofía Reding Blase, 2015-08-17 En este libro se presenta una revisión de ciertas problemáticas para la conformación social en el presente que México y América Latina experimentan. Se abordan temas como transculturación e interculturalidad, conflictos derivados de la convivencia en contextos multiculturales en nuestra región, se analizan discursos del poder que tienen como objetivo persuadir y convencer a la población y que han provocado el surgimiento de discursos alternativos y contrahegemónicos. También se hallan presentes los análisis socioculturales de diversos aspectos que caracterizan a los pueblos latinoamericanos y su manera de experimentar el mundo. Por último, en lo que corresponde a los aspectos de la crisis civilizatoria, se reúnen investigaciones que abordan los conflictos actuales y la manera en que afectan la coexistencia social. Este libro incluye textos de los siguientes autores: Christian Uriel Casildo Rendón, Alberto Castillo Pérez, Roberto Mora Martínez, Stefano Santasilia, Pablo Antonio Barrera Alvarado, Pedro Iniesta Medina, Gaya Makaran, Paola Ricaurte Quijano, Alejandra Benítez Madrigal, Daniel Ramirez Uribe, Ricardo Ramos Gutiérrez, Sofía Reding Blase, Katia Pérez Pérez, Yolanda Ángeles Rivera, Martha Roxana Vicente Díaz.

Global Manifestos for the Twenty-First Century Nicol A. Barria-Asenjo, Brian Willems, Slavoj Žižek, 2023-11-22 Bringing together over forty original short essays, some academic, others more creative in nature, this collection responds to the political, historical, social, and economic situation in which we find ourselves today. The editors argue that we are living in a repetition that must be stopped – if our goal is that the signifier humanity remains in the following centuries, the time has come to work in the present. The objective is not to deliver precise or quick answers, but to gather varied voices from different continents, bringing together different languages, ideas, practices, theories, thoughts, and desires. In the words of Yanis Varoufakis, urging us to become agents of a future that ends unnecessary mass suffering and inspire humanity to realise its potential for authentic freedom. To leave the concept of a manifesto open, the contradictory aspects of the

chapters are a subject of the manifesto itself. This is a manifesto of contradictions that reflects our reality as well as our struggles and our aspirations. This unique anthology will appeal to students and scholars across the humanities and social sciences interested in critical theory and social change.

The Sage Handbook of Decolonial Theory Jairo I. Fúnez-Flores, Ana Carolina Díaz Beltrán, Sabelo J. Ndlovu-Gatsheni, Sandeep Bakshi, Augustin Lao-Montes, Flavia Rios, 2025-07-25 The Sage Handbook of Decolonial Theory is a groundbreaking transdisciplinary resource that expands the epistemological and geographical horizons of decolonial thought. This handbook prioritizes the Global South, fostering South-North and South-South inter-epistemic dialogues and situating decolonial thought in sites of struggle. It builds on decolonial thought and praxis from Latin America and the Caribbean, Africa, Asia, and Palestine, among other regions and countries. Addressing the erasure of knowledge production from the Global South in dominant academic spaces, this handbook brings together decolonial scholars and activist intellectuals from the Global South and engages with politically committed scholars in the Global North. It emphasizes the geopolitics and ethics of knowledge production and the importance of situating one's work in historically excluded regions and communities. Organized into five parts, the handbook includes conceptual essays and empirical studies on decolonial thought and praxis. It covers a range of topics from (de)coloniality, geopolitics, and transdisciplinarity to decolonial feminisms, gender and sexuality studies, and racial capitalism. The chapters convey a sense of urgency and a committed political voice, demonstrating how decolonial theory can interrogate and intervene in the modern/colonial racial capitalist heteropatriarchal world. The Sage Handbook of Decolonial Theory is not just for academics; it is written for anyone interested in radical thought and praxis. It recognizes decolonial theory as a plural and dynamic field, concerned with power hierarchies, historiography, and epistemological critiques of Eurocentrism. Ultimately, it teaches us how to think with and act alongside struggles for liberation. Part I: Key Debates in Decolonial Theory Part II: Geopolitics and Geographies Part III: Transdisciplinarity Part IV: Feminisms, Genders, & Sexualities Part V: Racial Capitalism

La revolución ciudadana en Ecuador (2007-2017): posneoliberalismo y (re)colonización de la naturaleza Diego Alejandro Ramírez Bonilla, 2021-01-28 Esta obra representa un esfuerzo por analizar, desde una perspectiva transdisciplinaria y multiescalar, una de las manifestaciones paradigmáticas de depredación ambiental en Abya Yala/ América Latina en los albores del nuevo milenio. En un recorrido por las vicisitudes del sistema-mundo moderno / colonial y sus transiciones hegemónicas la investigación buscó evidenciar los límites y contradicciones internas de un proyecto político que, contrario a su discurso centrado en el Buen Vivir, reprodujo y profundizó elementos constitutivos del patrón de poder mundial capitalista en su fase neoliberal. En un contexto de crisis civilizatoria en la cual la destrucción ambiental es una de las mayores amenazas que hoy enfrenta la humanidad, el libro abre la discusión sobre la necesidad de construir proyectos de liberación que verdaderamente trasciendan las concepciones desarrollistas y transformen radicalmente la relación entre el ser humano

y la naturaleza.

Exploring Environmental Violence Richard A. Marcantonio, John Paul Lederach, Agustín Fuentes, 2024-05-09 This book offers a range of scholarly and cultural perspectives on environmental violence from around the world.

Globalization and the Decolonial Option Walter D. Mignolo, Arturo Escobar, 2013-10-18 This is the first book in English profiling the work of a research collective that evolved around the notion of coloniality, understood as the hidden agenda and the darker side of modernity and whose members are based in South America and the United States. The project called for an understanding of modernity not from modernity itself but from its darker side, coloniality, and proposes the de-colonization of knowledge as an epistemological restitution with political and ethical implications. Epistemic decolonization, or de-coloniality, becomes the horizon to imagine and act toward global futures in which the notion of a political enemy is replaced by intercultural communication and towards an-other rationality that puts life first and that places institutions at its service, rather than the other way around. The volume is profoundly inter- and trans-disciplinary, with authors writing from many intellectual, transdisciplinary, and institutional spaces. This book was published as a special issue of Cultural Studies.

La resurrección como anticipación mesiánica CARLOS MENDOZA-ÁLVAREZ, 2020-09-15 La resurrección como anticipación mesiánica es parte de una nueva trilogía sobre la idea de tradición que comienza con una investigación sobre la idea de resurrección. Seguirán dos volúmenes sobre la teología de la tradición pensada como resistencia simbólica y como sacramentalidad del mundo nuevo que nace desde el reverso de la historia hegemónica donde es posible escuchar el murmullo de Dios gracias a las personas y comunidades que viven los tiempos mesiánicos como tradición viva en incesante transformación.

Small Cinemas of the Andes Diana Coryat, Christian León, Noah Zweig, 2023-08-19 This book examines the emergence of small cinemas of the Andes, covering digital peripheries in Ecuador, Bolivia, Peru and Colombia. The volume critically assesses heterogeneous audiovisual practices and subaltern agents, elucidating existing tensions, contradictions and resistances with respect to established cinematic norms. The reason these small cinematic sectors are of interest is twofold: first, the film markets of the aforementioned countries are often eclipsed by the filmmaking giants of Mexico, Brazil and Argentina; second, within the Andean countries these small cinemas are overshadowed by film board-backed cinemas whose products are largely designed for international film festivals.

Handbook of Research on Artificial Intelligence in Government Practices and Processes Saura, Jose Ramon, Debas, Felipe, 2022-03-18 In today's global culture where the internet has established itself as a main tool of communication, the global system of economy and regulations, as well as data and decisions based on data analysis, have become essential for public actors and institutions. Governments need to be updated and use the latest technologies to understand what society's demands are, and user behavioral data, which can be pulled by intelligent applications, can offer tremendous insights into

this. The Handbook of Research on Artificial Intelligence in Government Practices and Processes identifies definitional perspectives of behavioral data science and what its use by governments means for automation, predictability, and risks to privacy and free decision making in society. Many governments can train their algorithms to work with machine learning, leading to the capacity to interfere in the behavior of society and potentially achieve a change in societal behavior without society itself even being aware of it. As such, the use of artificial intelligence by governments has raised concerns about privacy and personal security issues. Covering topics such as digital democracy, data extraction techniques, and political communications, this book is an essential resource for data analysts, politicians, journalists, public figures, executives, researchers, data specialists, communication specialists, digital marketers, and academicians.

La autodeterminación de los pueblos, génesis, metamorfosis y nuevas perspectivas desde el sur global Diana Carolina Bernal Ibáñez, 2021-12-01 Es una obra que aborda la cuestión de la autodeterminación desde múltiples perspectivas, analizando su importancia para las naciones y culturas en busca de reconocimiento y derechos. A través de un enfoque interdisciplinario, el libro examina los fundamentos teóricos y legales que respaldan este principio, así como su aplicación en diferentes contextos históricos y geográficos. La obra se sumerge en debates contemporáneos sobre la soberanía, la identidad cultural y la justicia social, ofreciendo un análisis crítico sobre cómo la autodeterminación se ha visto afectada por factores como la globalización, el colonialismo y las políticas estatales. Además, se incluyen estudios de caso que ilustran los desafíos que enfrentan los pueblos en su lucha por el reconocimiento y la autonomía. Con un enfoque inclusivo, La autodeterminación de los pueblos invita al lector a reflexionar sobre las dinámicas de poder y la importancia de escuchar las voces de aquellos que buscan definir su propio destino en un mundo cada vez más interconectado y complejo. La obra es un llamado a la empatía y la comprensión de las luchas por los derechos humanos y la autodeterminación que aún persisten en diversas regiones del planeta.

Decolonizing Journalistic Knowledge Martín Oller Alonso, 2024-06-04 In the EU, the prevailing academic and scientific thought models, as well as communication processes and journalism, are deeply Eurocentric. Martín Oller Alonso critiques these structural issues, focusing on post-communist Central and Eastern Europe's recent EU members. He argues for a decolonization of knowledge and a journalistic-other approach, blending local sensibilities and collective imaginations. Emphasizing deliberative communication, his study offers fresh media and communication theory perspectives, relevant to professionals and researchers in various fields, addressing the challenges and opportunities in the European Union amidst globalization and cultural integration.

A Companion to Latin American Literature and Culture Sara Castro-Klaren, 2013-03-21 A COMPANION TO LATIN AMERICAN LITERATURE AND CULTURE "The work contains a wealth of information that must surely provide the basic material for a number of study modules. It should find a place on the library shelves of all institutions where Latin American

studies form part of the curriculum.” Reference Review “In short, this is a fascinating panoply that goes from a reevaluation of pre-Columbian America to an intriguing consideration of recent developments in the debate on the modern and postmodern. Summing Up: Recommended.” CHOICE A Companion to Latin American Literature and Culture reflects the changes that have taken place in cultural theory and literary criticism since the latter part of the twentieth century. Written by more than thirty experts in cultural theory, literary history, and literary criticism, this authoritative and up-to-date reference places major authors in the complex cultural and historical contexts that have compelled their distinctive fiction, essays, and poetry. This allows the reader to more accurately interpret the esteemed but demanding literature of authors such as Jorge Luis Borges, Mario Vargas Llosa, Octavio Paz, and Diamela Eltit. Key authors whose work has defined a period, or defied borders, as in the cases of Sor Juana Inés de la Cruz, César Vallejo, and Gabriel García Márquez, are also discussed in historical and theoretical context. Additional essays engage the reader with in-depth discussions of forms and genres, and discussions of architecture, music, and film This text provides the historical background to help the reader understand the people and culture that have defined Latin American literature and its reception. Each chapter also includes short selected bibliographic guides and recommendations for further reading.

Una mirada al feminismo decolonial en América Latina. Ana Marcela Montanaro Mena, 2017-08-31 Este trabajo es un acercamiento a los estudios poscoloniales de la academia anglosajona y surasiática, a los estudios de la colonialidad/modernidad y teorías feministas poscoloniales. Es el resultado de una rigurosa investigación bibliográfica que tiene por objetivo describir la relación existente entre esas teorías y las teorías y críticas feministas que se desarrollan desde el tercer mundo global, poniendo atención a las propuestas del feminismo decolonial latinoamericano en contraposición al feminismo hegemónico occidental y eurocéntrico, que sugiere la construcción de un tercer feminismo. Este trabajo, es una indagación descriptiva que no aspira a agotar todas las temáticas de los feminismos poscoloniales y las propuestas de decolonización. Se centra en acercarse a conocer el impacto que ha tenido el desarrollo de los estudios poscoloniales y los estudios sobre la colonialidad en las propuestas feministas latinoamericanas, las cuales son ricas no sólo en las bases epistemológicas sobre las que se asientan sino también en su propuesta política de transformación.

Aproximaciones teórico-metodológicas en estudios territoriales Manuel Enrique Pérez Martínez, Saida Aranda Palacios, Yoame Ramírez Ramos, Anabell Ortiz Ibarra, Natalia Alvarado Arias, Alejandra Pulido, Jenny Liliana Builes Gaitán, Andrea Bibiana Reyes Guarnizo, Isabel Pérez Alves, Lina Estefanía Navarro Alvarado, Deicy Alejandra Tobar Eraso, Kelly, Yuliana Zambrano López, María Camila Quintero Gutiérrez, Viviana Marsiglia Escudero, Martha Isabel Bernal Mora, Vivian Julieth González, 2022-11-22 Los capítulos que integran este libro surgen de las contribuciones exploratorias realizadas por un equipo de jóvenes investigadoras quienes participaron en el proceso de formación teórica y metodológica virtual ofrecido durante 2021 por el semillero de investigación Territorialidades Urbano-Rurales en la Ciudad

Contemporánea, promovido por el profesor e investigador Manuel Enrique Pérez Martínez de la Facultad de Estudios Ambientales y Rurales de la Pontificia Universidad Javeriana. No obstante el aislamiento producido por la pandemia del covid-19, el uso de los medios virtuales de comunicación posibilitó el encuentro con personas de diversos orígenes y lugares, así fue como la promoción del mencionado semillero se realizó a través de las redes sociales que dio como resultado la integración de intereses temáticos comunes entre personas ubicadas en lugares geográficos que no hubiese sido posible conectar en las condiciones del desarrollo de procesos de investigación convencional.

Responsabilidad social y derechos humanos para una cultura de paz César Correa-Arias, 2023-12-01 Presentar un libro es una tarea, justamente, en clave de testimonio. Se trata de reconstruir lo que se ha hecho desde hace casi un año partiendo de los primeros esbozos, resultados de conversaciones con colegas y que hoy se han convertido en una obra a varias voces. La imaginación y la creatividad de este texto fijado en la escritura parece haber resistido al esquematismo de las normas y formas que suelen caracterizar un texto científico. Al recorrer estas líneas, la escritura de este libro parece haber concluido, pero, para el lector, apenas comienza y este acto de cierre e iniciación permite que la narrativa aquí expuesta juegue en las diversas temporalidades que brinda un texto. Para Ricoeur, todo texto posee una naturaleza literaria. Transita en un contar y un reflexionar sobre la acción que despliega una historia comprendida como un todo hecho obra, y, sin embargo, abierta para dialogar acerca y más allá de ella. De ahí que la narrativa constituya una gran parte del ethos de un investigador, tanto en primera persona como en su forma de escucha atenta y ética a los sujetos motivo de su investigación. Así, en la obra habita la novela científica, compendio de voces de otros que hemos visitado en la revisión de la literatura científica, de las formas de contar y decir de los sujetos de la investigación, y, también, de nosotros mismos como investigadores. Este volumen, que reúne el trabajo realizado por 24 investigadores de seis países de Iberoamérica, consta de cuatro partes claramente distinguibles, a saber: voces de la responsabilidad social universitaria; significados y sentidos de los procesos de paz; miradas y acciones de la inclusión social, y derechos humanos y epistemologías emergentes. Amable lector, que este libro sirva para iniciar y tejer conversaciones desde diferentes latitudes y permita una reflexión hospitalaria, creativa y orientada a la acción en torno a la responsabilidad social, la ética y los procesos de paz.

Comunicación, Decolonialidad y Buen Vivir Francisco Sierra Caballero, Claudio Maldonado, 2016-08-15

Sound, Image, and National Imaginary in the Construction of Latin/o American Identities Héctor Fernández

L'Hoeste, Pablo Vila, 2017-12-26 Sound, Image, and National Imaginary in the Construction of Latin/o American Identities addresses a gap in the many narratives discussing the cultural histories of Latin American nations, particularly in terms of the birth, configuration, and perpetuation of national identities. It argues that these processes were not as gradual or constrained as traditionally conceived. The actual circumstances dictating the adoption of particular technologies for the representation of national ideas shifted and varied according to many factors including local circumstances, political

singularities, economic disparities, and highly individualized cultural transitions. This book proposes a model of chronology that is valid not only for nations that underwent strong processes of nationalism during the early or mid-twentieth century, but also for those that experienced highly idiosyncratic cultural, economic, and political development into the early twenty-first century.

American Gitanos in Mexico City David Lagunas, 2023-08-21 This book provides a detailed and comprehensive description of the Gitano community of Mexico City. The ethnographic study showcases the interplay between cultural reproduction, economic reproduction, and the Gitano / non-Gitano opposition. The first part of the book discusses how the cultural identity of this community is reproduced based on migratory processes, social relations and the dynamics of kinship and gender roles to understand the contradiction between value systems and practices in a patriarchal society. In the second part, emphasis is placed on the economic dynamism of this group in its interactions with the majority society in the context of informal economy and the group's articulation with space and mobility in the territory. The analysis problematizes territorial mobility and circulation regimes based on fieldwork carried out in the process of active participation with Gitano families selling textile clothes and accessories through the country.

El pluriverso de los derechos humanos Boaventura de Sousa Santos, Bruno Sena Martins, 2020-07-20 El presente libro reúne un conjunto de textos y autores que, de diferentes formas, inciden sobre las posibilidades de los derechos humanos como gramáticas emancipadoras de dignidad humana. La reflexión propuesta parte de la idea de que las concepciones convencionales de derechos humanos necesitan ser reinventadas de manera que se sitúen al servicio de agendas de transformación y reconocimiento. Se trata de una validación de lenguajes y formas del ser humano no contempladas por el "universalismo estrecho" de los derechos humanos hegemónicos o convencionales, que, desde nuestro punto de vista, lo son porque derivan de un origen monocultural occidental, por haber estado al servicio de los dobles criterios y de las justificaciones imperialistas en el ámbito geopolítico, y por constituirse hoy como denominadores mínimos de derecho, aunque congruentes con el orden global individualista, neoliberal y norte-céntrico. Confrontando este pesado legado, que ha limitado en mucho las posibilidades de emancipación de dichos derechos humanos, procuramos mostrar cómo, a partir de las Epistemologías del Sur, las luchas por el derecho a ser humano (el derecho a la vida digna y a la memoria de las indignidades históricas ampliamente silenciadas) tienen que ser fundadoras de una concepción renovada contrahegemónica de los mismos. En un tiempo que carece desesperadamente de narrativas de transformación social, más que ver los derechos humanos como la gramática salvadora que sobrevivió en medio de las ruinas de utopías pretéritas (Samuel Moyn), es importante que entendamos que el trabajo de traducción es hoy la única alternativa.

This is likewise one of the factors by obtaining the soft documents of this **Mignolo Historias Locales Diseos Globales Pdf** by online. You might not require more epoch to spend to go to the book creation as with ease as search for them. In some cases, you likewise attain not discover the publication Mignolo Historias Locales Diseos Globales Pdf that you are looking for. It will utterly squander the time.

However below, next you visit this web page, it will be appropriately unconditionally simple to acquire as competently as download lead Mignolo Historias Locales Diseos Globales Pdf
