Corinth: The First City of Greece Richard M. Rothaus, 2015-08-27 This book addresses cult and religion in the city of Corinth from the 4th to 7th centuries of our era. The work incorporates and synthesizes all available evidence, literary, archaeological and other. The interaction and conflict between Christian and non-Christian activity is placed into its urban context and seen as simultaneously existing and overlapping cultural activity. Late antique religion is defined as cult-based rather than doctrinally-based, and thus this volume focuses not on what people believed, but rather what they did. An emphasis on cult activity reveals a variety of types of interaction between groups, ranging from confrontational events at dilapidated polytheist cult sites, to full polysemous and shared cult activity at the so-called Fountain of the Lamps. Non-Christian traditions are shown to have been recognized and viable through the sixth century. The tentative conclusion is drawn that a clear definition of pagan and Christian begins at an urban level with the Christian re-monumentalization of Corinth with basilicas. The disappearance of pagan cult is best attributed to the development of a new city socially and physically based in Christianity, rather than any purely religious development.

Corinth Charles River Charles River Editors, 2017-10-03 \*Includes pictures \*Includes ancient accounts of Corinth \*Includes online resources and a bibliography for further reading Modern perceptions of Classical Greece are almost invariably based on Athens and Sparta, but Corinth was also a key city-state in antiquity. When St. Paul visited in 51 CE, the Corinth he saw was actually a relatively new city, having been built a little over 100 years previously, but he found a city five times larger than Athens at that time and one which was the capital of a prosperous province. However, ancient Corinth had actually been founded in the 10th century BCE and was, for most of its history, the richest port and the largest city in all of Greece. Corinth had a population in excess of 90,000 in 400 BCE, but the Romans leveled this original city in 146 BCE, killing all the male inhabitants and selling the women and children into slavery. The few that survived fled to Delos, and for the next 100 years the site was deserted until Julius Caesar rebuilt it in 44 BCE. The story of the rise and fall of this powerful polis is intriguing, as are the reasons for ancient Corinth's reputation throughout the Greek world for its licentiousness. One of the Greek words for fornication was korinthiazomai, and while the city's association with sacred prostitutes scandalized contemporary Athenians in particular, it also made the city a favorite destination for many Greeks. Corinth was also where so much of what became recognized as Greek art and architecture was first developed, and it was here that Eastern influence

on Greece can first and most obviously be detected. The destruction of ancient Corinth marked the end of free Greece, but despite the integral role it played in Hellas, Corinth has never been recognized as a great military or naval power in the way that Athens and Sparta have. It did not boast any exceptional schools of philosophy, nor are there any great buildings still remaining to attest to its successes. Corinth's contribution to the spread of Greek civilization, however, matches if not surpasses all of the more well-known poleis. Corinth also acted as a gateway for many of the artistic ideas from the East that local artisans adapted and developed to produce their own uniquely Corinthian style of pottery and art. In architecture, too, Corinth's contribution was significant, and the Corinthian style was utilized throughout Greece and the Greek world, especially in relation to temple building. The quintessential Greek ship, the trireme, was first developed in Corinth, and its role in defeating the Persians, a defeat that most historians agree changed world history, is still understated, probably because of the credence given to Herodotus' claims about the Corinthians' behavior in that war. The fact that the city was reestablished by Julius Caesar and, even today, is a highly important center of trade suggests that Corinth was destined to be a hub of trading activity and a prosperous city. Still, the advantages conferred by a favorable geographic position had to be seized, and this ancient Corinth did. Its impact on the ancient Greek world, and hence its influence on Western civilization, should not be underestimated, even as it mostly continues to be. *Corinth: The History and Legacy of the Ancient Greek City-State* examines the history of one of Greece's most important poleis. Along with pictures depicting important people, places, and events, you will learn about Corinth like never before.

**Roman Corinth** Donald W. Engels, 1990-05-29 In the second century A.D., Corinth was the largest city in Roman Greece. A center of learning, culture, and commerce, it served as the capital of the senatorial province of Achaëa and was the focus of apostle Paul's missionary activity. Donald Engels's important revisionist study of this ancient urban area is at once a detailed history of the Roman colony and a provocative socioeconomic analysis. With Corinth as an exemplar, Engels challenges the widely held view that large classical cities were consumer cities, innocent of the market forces that shape modern economies. Instead, he presents an alternative model—the service city. Examining a wealth of archaeological and literary evidence in light of central place theory, and using sound statistical techniques, Engels reconstructs the human geography of the Corinthia, including an estimate of the population. He shows that—given the amount of cultivatable land—rents and taxes levied on the countryside could not have supported a highly populated city like Corinth. Neither could its inhabitants have supported themselves directly by farming. Rather, the city constituted a thriving market for domestic, regional, and overseas raw materials, agricultural products, and manufactured goods, at the same time satisfying the needs of those who plied the various land and sea routes that converged there. Corinth provided key governmental and judicial services to the province of Achaëa, and its religious festivals, temples, and monuments attracted numerous visitors from all corners of the Roman world. In accounting for the large portion of residents who participated in these various areas outside of the traditional consumer

model, Engels reveals the depth and sophistication of the economics of ancient cities. Roman Corinth is a much-needed critique of the currently dominant approach of ancient urbanism. It will be of crucial interest to scholars and students in classics, ancient history, and urban studies.

**1 Corinthians** John F. MacArthur, 2015-12-29 As the gospel spreads to the far corners of the earth, the apostle Paul is under mounting pressure to provide direction to maturing churches before they go astray. It's with this urgency that Paul covers many topics that are especially relevant in today's society. Pastor John MacArthur will take you through the first letter to the church in Corinth to show how this church in particular allowed their worldliness to affect the church's priority of spreading the gospel—and how Paul's response gives Christians black-and-white boundaries in a gray world. As Paul explains doctrinal truths directly relating to sin and righteousness, he outlines a foundation for godly behavior. Paul's letter is a valuable tool of correction and encouragement for believers—then and now—to be alert, firm, mature, strong, and loving.

*366 Devotional Sermons* Josué Matos, Time and history show that there comes a moment when God delivers a final message to His people, an ultimatum. We can see this very clearly in relation to the nation of Israel in the Old Testament and the Church in the New Testament. When the apostle Paul writes his first epistle to Timothy, he warns about the Latter Times: Now the Spirit expressly says that in latter times some will depart from the faith (1 Timothy 4:1). This refers to the period after the apostolic era, from Timothy's days until the rapture. Later, Paul writes to Timothy again, this time addressing the Last Days: But know this, that in the last days perilous times will come (2 Timothy 3:1). These last days are those that precede the coming of the Lord Jesus, the days we are living in. In 1 Timothy, Paul shows how to maintain order in the local church during the latter times. In 2 Timothy, he advises us on how to maintain this order despite the disorder in professing Christendom. The apostle John, in his first epistle, speaks of the Last Hour (1 John 2:18), and Jude mentions the Last Time (Jude 1:18). These expressions indicate the abandonment of sound doctrine, as Paul warns: ...they will not endure sound doctrine, but... according to their own desires... they will turn their ears away from the truth and be turned aside to fables (2 Timothy 4:3-4). This book aims to provide biblical support for the faith of the Christian, awakening faith and purpose in life, and alerting those who have not yet realized that the end is near. Preaching is a sublime and responsible task. The preacher must be an example of modesty, respect, and purity, speaking as a friend and avoiding a tone of superiority. Each sermon should strengthen the listeners' bond with Christ, with liveliness and confidence. Prayer is fundamental for an effective discourse, allowing the message to grow and renew itself. The preacher must be blameless, humble, and clear, avoiding the ostentation of knowledge. Preparing a sermon is a spiritual exercise, requiring careful study and meditation. This book is an

additional resource for sermon preparation, born from intimate communion with God and dependence on the Holy Spirit. May each sermon touch hearts and draw listeners closer to Christ. May God bless your ministerial journey, using this book as an aid in the mission of preaching the Word with clarity, conviction, and spiritual power. The book is formatted as a devotional, covering various topics of the Christian faith.
