Albert A Gayle

*What is the difference between: "two-day" and "two days"* 0 two days refers to the number of days two-day refers to the duration of something If you are French, think about the difference between jour and journee. *Meaning of "within 30 days of [a certain date in the future]" in ...* 1 I am required to submit a certain form "within 30 days of [a certain date in the future]". I suspect that the form's author actually meant to say something like "at least 30 days before [a certain date]". **Within 24 hours, but only during business hours** Aug 8, 2015 · Our business wants to include a commitment on our voicemail message that we will return the call within 24 hours, but only counting hours on business days. For example, if someone calls on Tuesday ... **Does the term "within 7 days" mean include the 7th day?** There's also the perennial question of whether the last day ends on the multiple of 24 hours from the time when the deadline was given, if it means midnight of that day, or closing time of that day, or what. And does "7 days" mean 7 calendar days, or 7 business days? Etc. *'In the upcoming days' - English Language & Usage Stack ...* Dec 29, 2018 · In Australian English, "in the upcoming days" sounds strange. "In the coming days" is acceptable but probably too formal, I agree with @BoldBen's comment that "In the next few days" is a better choice. "In the next couple of days" also works, and arguably implies a slightly shorter time frame (the next few days could be 1-4 days, whereas the next couple of days probably means 2-3 days) **word choice - What are the abbreviations for days of the week ...** It will be used in a tabular data program to show information about free work days of employed and each column can't have enough space to include full week day name. For "common form" I mean, what are the abbreviations that is more used in programs. **Logical meaning of "within 30 days" compared to "in 30 or fewer ...** Apr 29, 2015 · I would read the first as referring to a deadline, the second referring to a total accumulation of days spent. For example, "This project must be finished within 30 days" is different than "This project must be finished in 30 days or fewer." - The first establishes a "date" the second just establishes a duration/or level of effort. word choice - "In the last 3 months" vs "in the past 3 months ... Oct 13, 2010 · What's the difference between in the last 3 months and in the past 3 months if there is any? Phrase meaning "a 24/7/365 environment" Jan 12, 2017 · My point was that if I hear "24/7", without further clarification, I don't think it means 24 hours a day 365.25 days a year. Therefore in order to be clear, the OP would need to say "24/7 including holidays". **Meaning of "within" in this sentence:"The form must be filled out ...** Sep 16, 2022 · The form must be filled out within 10 days before the flight. Fill out the Entry Form within 10 days before your flight. What is the meaning of within in these

sentences? Is it before 10 days before the flight? or Is it after 10 days before the flight? I.e. 8 days or 5 days or even 1 day before the flight is ok (even the same day as the flight)?
