Quotes: The Famous and Not so Famous Terence M. Dorn Ph.D.,2021-11-24 The accumulation of the following quotes began when I served the Army chief of staff as a speechwriter and is a result of encouragement that my father provided to me every day of our lives together. This is a very small slice of the wisdom of the ages uttered by the more famous and not-so-famous people of their respective time periods. Much of that wisdom uttered decades and even hundreds of years ago are still as relevant today as they were when they were uttered. The times may change, but people don't.

The Edge of Meaning James Boyd White,2003-04 Certain questions are basic to the human condition: how we imagine the world, and ourselves and others within it; how we confront the constraints of language and the limits of our own minds; and how we use imagination to give meaning to past experiences and to shape future ones. These are the questions James Boyd White addresses in *The Edge of Meaning*, exploring each through its application to great works of Western culture—Huckleberry Finn, the *Odyssey*, and the paintings of Vermeer among them. In doing so, White creates a deeply moving and insightful book and presents an inspiring conception of mind, language, and the essence of living.

It considers the museum as a cultural form and asks why it appeared and how it has constructed authorial afterlife for readers individually and collectively.

Walden Henry David Thoreau,2019-02-22 *Walden* or, *Life in the Woods*, by noted transcendentalist Henry David Thoreau, is an excellent and incredible reflection upon simple living in natural surroundings. The work is part personal declaration of independence, social experiment, voyage of spiritual discovery, satire, and (to some degree) manual for self-reliance. Thoreau also used this time to write his first book, *A Week on the Concord and Merrimack Rivers*. First published in 1854, *Walden* details Thoreau's experiences over the course of two years, two months, and two days in a cabin he built near Walden Pond, amidst woodland owned by his friend and mentor Ralph Waldo Emerson, near Concord, Massachusetts. The book compresses the time into a single calendar year and uses passages of four seasons to symbolize human development. By immersing himself in nature, Thoreau hoped to gain a more objective understanding of society through personal introspection. Simple living and self-sufficiency were Thoreau's other goals, and the whole project was inspired by transcendentalist philosophy, a central theme of the American Romantic Period. Synopsis: I went to the woods because I

wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived. I did not wish to live what was not life, living is so dear; nor did I wish to practice resignation, unless it was quite necessary. I wanted to live deep and suck out all the marrow of life, to live so sturdily and Spartan-like as to put to rout all that was not life, to cut a broad swath and shave close, to drive life into a corner, and reduce it to its lowest terms, and, if it proved to be mean, why then to get the whole and genuine meanness of it, and publish its meanness to the world; or if it were sublime, to know it by experience, and be able to give a true account of it in my next excursion. Henry David Thoreau Part memoir and part spiritual quest, *Walden* opens with the announcement that Thoreau spent two years at Walden Pond living a simple life without support of any kind. Readers are reminded that at the time of publication, Thoreau is back to living among the civilized again. The book is separated into specific chapters that each focuses specially on specific themes: Economy Where I Lived, and What I Lived For Reading Sounds Solitude and so on. *Civil Disobedience* Resistance to Civil Government (*Civil Disobedience*) is an essay by Henry David Thoreau that was first published in 1849. In it, Thoreau argues that individuals should not permit governments to overrule or atrophy their consciences, and that they have a duty to avoid allowing such acquiescence to enable the government to make them the agents of injustice. Thoreau was motivated in part by his disgust with slavery and the Mexican-American War (1846-1848).

The Making of the Good Person Nora Hämäläinen, 2023-04-03 This book provides a philosophical assessment of the idea of personhood advanced in popular self-help literature. It also traces, within academic philosophy and philosophical scholarship, a self-help culture where the self is brought forth as an object of improvement and a key to meaning, progress, and profundity. Unlike other academic treatments of the topic of self-help, this book is not primarily concerned with providing a critique of popular self-help and self-transformative practices. Rather, it is concerned with how they work to shape contemporary forms and ideals of moral personhood and are conducive to moral renegotiation and change. The book consists of two parts with somewhat different argumentative strategies. Part 1 consists of an overview and reassessment of popular self-help literature and its sociological and journalistic critics, written from a moral philosophical perspective. Part 2 opens with discussion of the current attraction, among a range of philosophers, to self-transformative themes. The chapters assess the strand of self-transformative philosophy found in the work of Ludwig Wittgenstein, Michel Foucault, Pierre Hadot, Stanley Cavell, and Iris Murdoch. Finally, the book concludes with a discussion of the theme of social change and moral renegotiation in contemporary societies, which is a central but underestimated undercurrent in discussions on contemporary self-transformative practices. The book's dual perspective—on both popular self-help and self-transformative currents in philosophy—enables a cultural and moral philosophical analysis of contemporary ethical ideals of personhood, as well as reflection on the literatures available for its development. *The Making of the Good Person* will be of interest to scholars and advanced students working in moral philosophy, history of philosophy, psychology, sociology, and literary studies.

The Red-Headed Pilgrim Kevin Maloney, 2023-01-24 * “Most Anticipated Books of 2023” — LitHub * Page One feature at Poets & Writers * 12 Must-Read Books of January 2023 — Chicago Review of Books * Must-Read Paperbacks to Kick Off 2023 — Book Riot * 30 Indie Books to Look Out for in 2023 —Independent Book Review Provocative, poignant, and resoundingly hilarious, *The Red-Headed Pilgrim* is the tragicomic tale of an anxious red-head and his sordid pursuit of enlightenment and pleasure (not necessarily in that order). On a sunny day in a business park near Portland, Oregon, 42-year-old web developer Kevin Maloney is in the throes of an existential crisis that finds him shoeless in a field of Queen Anne’s lace, reflecting on the tumultuous events that brought him to this moment. Growing up in the suburbs, young Kevin suffered “a psychological break that ripped me from my humdrum existence” mainlining high fructose corn syrup and episodes of *The Golden Girls*. Thus begins a journey of hard-earned insights and sexual awakening that takes Kevin from angst-ridden Beaverton to the beaches of San Diego, a frontier-themed roadside attraction in Helena, Montana, and a hermetic shack on an organic lettuce farm. Everything changes when Kevin falls in love with Wendy. After a chance tarot reading lands them on the frigid coast of Maine, their lives are unsettled by the birth of their daughter, Zoë, whose sudden presence is oftentimes terrifying, frequently disturbing, and yet—miraculously—always wondrous. *The Red-Headed Pilgrim* is an irresistible novel of misadventure and new beginnings, of wanderlust and bad decisions, of parenthood and divorce, and of the heartfelt truths we unearth when we least expect it. Storying Leadership for Equity, Diversity, and Inclusion Ambika Gopal Raj, Socorro Orozco, 2024-09-17 This book positions the concept of Storying as integral to leadership in qualitative research, drawing on a wide range of studies and perspectives by diverse, minoritized leaders. Presenting stories of leadership, resistance, diversity, and cultural wealth, these chapters highlight “problems of practice” from Latinx, Black, and BIPOC administrators, special education teachers, EOP community college students, and parents, including those undocumented. Crucially, the book showcases where “leadership in place” is exemplified through storying, arguing that “storying” is more empowering in qualitative research since it acknowledges the identities and reflexivity of both the researcher and the researched. This significant aspect of research methodology not only addresses cultural historicity but also fosters authentic representations of participant identities and lived experiences. The chapters directly and innovatively address these power dynamics and show how they are re-negotiated within spaces that are culturally relevant, socially situated, and historically constructed. They demonstrate how, through storying, the limits of textual interpretations can be traversed. This unique volume contributes to the growing literature on the largest minority group in the United States and is highly relevant to those with interests in educational leadership, race and ethnicity, research methods, and qualitative research.

My Father's Writings Jim Durham, 2012-05-25 In many ways, Jim Durham has lived the same life all of us have lived. He was raised by imperfect parents, involved in good and bad relationships, experienced a range of religious influences, and worked hard to be the best person he could be. But a few critical experiences brought the essence of his life out of the shadows. A chance encounter led him to a college he couldn't locate on a map (although Durham claims there is no such thing as coincidence). The death of a son and the challenges of raising a special-needs child are just a few of the powerful influences on his writing. His decision to leave the full-time practice of law, start a new career, and eventually start his own business are all addressed in My Father's Writings. You will learn lessons he learned, share in the struggles he endured. You will find references to writers and inspirational leaders ranging from Samuel Johnson, the Reverend Peter Gomes, and Wayne Dyer, to Ram Dass, Nelson Mandela, Buddha, and Jesus Christ.

McMindfulness Ronald Purser,2019-07-09 A lively and razor-sharp critique of mindfulness as it has been enthusiastically co-opted by corporations, public schools, and the US military. Mindfulness is now all the rage. From celebrity endorsements to monks, neuroscientists and meditation coaches rubbing shoulders with CEOs at the World Economic Forum in Davos, it is clear that mindfulness has gone mainstream. Some have even called it a revolution. But what if, instead of changing the world, mindfulness has become a banal form of capitalist spirituality that mindlessly avoids social and political transformation, reinforcing the neoliberal status quo? In *McMindfulness*, Ronald Purser debunks the so-called mindfulness revolution, exposing how corporations, schools, governments and the military have co-opted it as technique for social control and self-pacification. A lively and razor-sharp critique, Purser busts the myths its salesmen rely on, challenging the narrative that stress is self-imposed and mindfulness is the cure-all. If we are to harness the truly revolutionary potential of mindfulness, we have to cast off its neoliberal shackles, liberating mindfulness for a collective awakening.

Walden; Or, Life in the Woods Henry David Thoreau, 2008-03-20 Walden details Thoreau's experiment with self-reliance living by a pond near Concord, MA in 1845-46. His intent is to explore the spiritual benefits of a simplified life. The mass of men lead lives of quiet desperation. What is called resignation is confirmed desperation. From the desperate city you go into the desperate country, and have to console yourself with the bravery of minks and muskrats. A stereotyped but unconscious despair is concealed even under what are called the games and amusements of mankind. There is no play in them, for this comes after work. But it is a characteristic of wisdom not to do desperate things. When we consider what, to use the words of the catechism, is the chief end of man, and what are the true necessities and means of life, it appears as if men had deliberately chosen the common mode of living because they preferred it to any other. Yet they honestly think there is no choice left. But alert and healthy natures remember that the sun rose clear. It is never too late to give up our prejudices. No way of thinking or doing, however ancient, can be trusted without proof. What everybody echoes or in silence passes by as true to-day may turn out to be falsehood to-morrow, mere smoke of opinion, which some had trusted for a cloud that would sprinkle fertilizing rain on their fields.
