Casanova Was a Librarian Kathleen Low,2015-01-09 What do Casanova, Pope Pius XI, Benjamin Franklin and first lady Laura Bush have in common? At one time, all were members of the librarian profession. While librarians are often stereotyped as quiet, shy ladies who wear their gray hair in a dignified bun, that doesn't reflect the variety and diversity of today's library professionals. As of 2004, 159,000 people in the United States held the job of librarian. Although only 18 percent of that number was male, the median age for librarians was a young 47--far from the gray-haired, bun-wearing ladies of our imaginations! From pick-up lines to bumper stickers, this volume takes a light-hearted look at the many facets of the librarian occupation. Beginning with statistics, it enumerates gender divisions, personality types, salaries and educational requirements for various types of librarians including public, academic, school and special librarians. Other topics include specific occupational health risks, job-related recreation and novelty gifts for library professionals. Instances of librarians found in prose, poetry, film and musicals are also discussed.

The Story of My Life Giacomo Casanova,2001-05-01 Seducer, gambler, necromancer, swindler, swashbuckler, poet, self-made gentleman, bon vivant, Giacomo Casanova was not only the most notorious lover of the Western world, but a supreme story teller. He lived a life stranger than most fictions, and the tale of his own adventures is his most compelling story, and one that remained unfinished at the time of his death. This new selection contains all the highlights of Casanova's life: his youth in Venice as a precocious ecclesiastic; his dabbling in the occult; his imprisonment and thrilling escape; and his amorous conquests, ranging from noblewomen to nuns.

History of My Life Giacomo Casanova,1997-05-22 Award-winning translation of the complete memoirs of Casanova available for the first time in paperback. In volumes 1 and 2, Casanova tells the story of his family, his first loves, and his early travels. With the death of his grandmother, he is sent to a seminary—but is soon expelled. He is briefly imprisoned in the fortress of Sant' Andrea. After wandering from Naples to Rome in search of a patron, he enters the service of Cardinal Acquaviva. Because every previous edition of Casanova's Memoirs had been abridged to suppress the author's political and religious views and tame his vivid, often racy, style, the literary world considered it a major event when Willard R. Trask's translation of the complete original text was published in six double volumes between 1966 and 1971. Trask's award-winning translation now appears in paperback for the first time.

Casanova Was A Book Lover John Maxwell Hamilton, 2000-04-01 Everyone knows which books people buy; they can just look at the best-seller lists. But who knows which books people steal? Who, for that matter, knows that authors ruin the book market by writing too much? Or why book critics are not critical? Or why librarians need to throw out more books? Who, indeed, knows the answer to that all-important question in our democracy: should presidents and presidential candidates write books? (The answer is no.) In this irreverent analysis of the book industry, John Maxwell Hamilton -- a longtime journalist and public radio commentator -- answers these questions and many more, proving that the best way to study books is not to take them too seriously. He provides a rich history of the book -- from the days when monks laboriously hand-copied texts to the tidal wave of Titanic tie-ins -- and gives a succinct overview of the state of the industry today, including writing, marketing, promoting, reviewing, ghostwriting, and collecting. Throughout, Hamilton peppers his prose with spicy tidbits of information that will fascinate bibliophiles everywhere. For instance, did you know that Walt Whitman was fired from a government job because his boss found *Leaves of Grass*, and its author, immoral? Or that the most stolen book in the United States is the Bible, followed by *The Joy of Sex*? How about that Dan Quayle's 1989 Christmas card read, May our nation continue to be a beacon of hope to the world? Or that Casanova was an ardent lover of books as well as women? Hamilton offers an inside look at the history and business of book reviewing, explaining why, more often than not, reviewers resemble counselors at a self-esteem camp and examining the enormous impact of the Oprah effect on the market. As the self-appointed Emily Post of the book world, he advises publishers, authors, and readers on proper etiquette for everything from book parties (Feel free to build a party around a theme in a book, no matter how tacky) and jacket photos (You should not show off your new baby unless [your] book [is] about raising kids), to book signings (Just because an author has given you an autograph does not mean they want to become your pen pal) and promotion by friends and relatives (They should carry the book at all times on public transportation with the cover showing). Both edifying and enjoyable, *Casanova Was a Book Lover* fills a Grand Canyon--sized void in the literature on literature. It is indispensable for book enthusiasts who want to know the naked truth about reading, writing, and publishing.

Switched on John Elder Robison, 2016 When John Elder Robison published *Look Me in the Eye*, his ... memoir about growing up with Asperger's syndrome, he was launched into international prominence as an autism expert. But in spite of his success, he still struggled to decode the secret language of social interactions, and often felt like a misfit who understood car engines better than people. So when a group of Harvard neuroscientists told John about TMS (Transcranial Magnetic Stimulation), an experimental brain therapy that promised to remediate the disabilities of autism and unlock his emotional intelligence, he jumped at the chance to join their study. [This book] recounts the adventure that followed, as John became a guinea pig to the world's top brain researchers in an effort to understand the social and emotional deficits that lie at the heart of autism--

The Many Worlds of Anglophone Literature Silvia Anastasijevic, Magdalena Pfalzgraf, Hanna Teichler, 2024-01-11 On what terms and concepts can we ground the comparative study of Anglophone literatures and cultures around the world today? What, if anything, unites the novels of Witi Ihimaera, the speculative fiction of Nnedi Okorafor, the life-writings by Stuart Hall, and the emerging Anglophone Arab literature by writers like Omar Robert Hamilton? This volume explores the globality of Anglophone fiction both as a conceptual framing and as a literary imaginary. It highlights the diversity of lives and worlds represented in Anglophone writing, as well as the diverse imaginations of transnational connections articulated in it. Featuring a variety of internationally renowned scholars, this book thinks through Anglophone literature not as a problematic legacy of colonial rule or as exoticizing commodity in a global literary marketplace but examines it as an inherently transcultural literary medium. Contributors provide new insights into how it facilitates the articulation of divergent experiences of modernity and the critique of hierarchies and inequalities within, among, and beyond post-colonial societies.

Conserving Cultural Heritage María Mosquera, M.L. Almoraima Gil, 2018-09-17 The third International congress of Science and Technology for the Conservation of Cultural Heritage, TechnoHeritage 2017, was held in Cadiz, from 21 to 24 May 2017, under the umbrella of the TechnoHeritage network. TechnoHeritage is an initiative funded by the Spanish Ministry of Economy and Competitiveness dedicated to the creation of a network which integrates CSIC and University groups, private companies and end users such as foundations, museums or institutions. The network's purpose is to foster the creation of transdisciplinary (and not only multidisciplinary) initiatives focused on the study of all assets, movable or immovable, that make up Cultural Heritage. A high-quality scientific programme was prepared, which includes new emerging topics on Cultural Heritage (1) Nanomaterials and other Products for Conservation, (2) New Technologies for Analysis, Protection and Conservation, (3) 20th Century Cultural Heritage, (4) Significance of Cultural Heritage. Policies for Conservation, (5) Deterioration of Cultural Heritage, (6) Biodeterioration: Fundamentals, Present and Future Perspectives and (7) Underwater Cultural Heritage. A special session Biodeterioration: Fundamentals, present and future perspectives, a session in honour of Prof. Cesáreo Sáiz Jiménez took place. Our intention was to recognise the work of Prof. Sáiz Jiménez, who recently retired, and its impact on the Cultural Heritage conservation community, which he has helped to promote through numerous activities including, in 2011, the creation of the TechnoHeritage network. This volume publishes a total of eighty-three contributions which reflect the state of the art investigations on different aspects of cultural heritage conservation.

The Yo-Yo Principle David Pollard,2008 Congratulations You made it So, what are you going to do with your life? Have you really thought about it? You've got some big choices to make. That's what life is really about, choices. Having choices, making choices, ignoring choices, and creating choices. The life you are about to create is about you making the choices, not life making them for you. It is also about realizing when your choices are limited and learning to work with what the world presents to you. This book will help you realize the right choices for you.

Romantically Challenged: A Memoir in Messages Fran Preston, Love letters have been replaced with quick texts. The heart emoji is the new rose. And “What’s up?” is the new “How do you do?” In *Romantically Challenged: A Memoir in Messages*, Fran Preston dives headfirst into the digital dating world with her trademark wit, self-deprecating humour, and a series of cringe-worthy yet surprisingly insightful texts, chats, and DMs from her own romantic misadventures. From awkward first messages that read like a bot wrote them, to ghostings that leave you questioning your entire existence, this memoir is a hilarious collection of the highs and lows of modern love—one message at a time. But it's not just about the disasters. Fran explores what happens when genuine connections are buried under the weight of autocorrect fails, misinterpreted emojis, and the constant pressure to be ‘available’ all the time. With each chapter, Fran shares her story of learning to navigate love, tech, and vulnerability in an age where everything feels like it’s just a swipe away. For anyone who's ever stared at their screen, wondering whether to send that text, or whether to just throw their phone into the sea—this is the guide to navigating the mess that is modern romance, with a dash of hope and a whole lot of laughs.
