Joseph Smith Is a Prophet Rachel Greco,2017-04-27 Latter-day Saint families introducing youngsters to Joseph Smith and individuals wanting to know more about the prophet will be thrilled with this story that combines history with re-enactment photography to tell his story. From Smith's birth in Vermont, you'll learn how he enjoyed playing in the snow and making maple syrup as well as how he struggled with deciding which church to join as he grew older after moving to Palmyra, New York. Jesus would tell Smith not to join a church, and he soon learned why: Smith would be tasked with bringing back the true church of Jesus Christ. Smith became a witness of God and Jesus Christ. Whether you're a child, adolescent, or adult, you'll discover insights about the prophet and strengthen your testimony through this refreshing portrayal highlighting the beginnings of the Restoration. Discover how the Lord prepared his servant to reveal the true nature of God to the world in *Joseph Smith Is a Prophet*.

Michael Craig Campbell,2005-08-01 Great towers have been destroyed! Our nuclear power plants remain vulnerable to attack. Many questions trouble the population of the world: Did the Bible predict 21st Century terrorism? Did World War III, begin September 11, 2001? Do we live in the chaotic last days described by ancient prophets? Are we sufficiently prepared? Will good prevail over evil? Are the dangers of the last days both physical and spiritual? The Bible contains alarming news. But, all the biblical shock and awe is secondary to learning the purpose of life. Coincidences, between scripture and current events, provide clues to the catastrophic signs that will precede the 1000 year Reign of Christ. God's teachings, Satanic opposition, terrorism, prophecies, both Bush Administrations, nuclear war and fallout, terrible disasters, the Gulf and Iraq Wars, World War III, pornography, the Abu Ghraib prison scandal, are all fitting together to complete and reveal a great

puzzle. Eternal consequences are of great importance. The scriptures counsel how to cope with latter day challenges. Commandments can't be ignored without suffering consequences. Procrastination is a thief! Apathy towards Jesus Christ poisons the eternal soul. So study, ponder and pray to unlock the secrets of scripture. Then chart your eternal future!

The Mormon Delusion. Volume 5. Doctrine and Covenants - Deception and Concoctions Jim Whitefield, 2012-02-15
Volume five in The Mormon Delusion series investigates the early Mormon 'Lectures of Faith', comparing the doctrines of the time with the teachings of today - which are entirely different. It then analyses each 'Section' of the Doctrine and Covenants while searching for Joseph Smith 'prophecies' which are evaluated in terms of any evidence of fulfilment. It will come as no surprise to learn that none have any prophetic value or merit whatsoever. However, there is plenty of evidence of Smith's fraud scattered throughout the D&C which is analysed at each stage.

Jesus, Contradicted Michael R. Licona, 2024-05-28 The differences and discrepancies in the Gospels constitute the foremost objections to their reliability and the credibility of their message. Some have tried to resolve Gospels contradictions with strained harmonization efforts. Many others conclude that the Gospels are hopelessly contradictory and, therefore, historically unreliable accounts of Jesus. In *Jesus, Contradicted*, New Testament scholar Michael Licona shows how the genre of ancient biography, to which the Gospels belong, actually allows biographers to be flexible in how they report events, construct a narrative, and make an argument. Licona demonstrates that the intentional changes to the Jesus tradition by the Evangelists reveal that the differences in how the Gospels report events are not grounds for their rejection. Instead, they are a result of the Gospel writers employing standard literary conventions common in their time for writing ancient biography. Licona introduces readers to the genre of ancient biography through Plutarch, who wrote 48 of the 90 extant biographies written within 150 years of Jesus, giving numerous examples of compositional devices employed by Plutarch, and comparing them with instances in the Gospels where the Evangelists appear to use similar techniques. Licona also examines Theon's *Progymnasmata*, a first-century textbook that provides six techniques for paraphrasing one's sources when writing a narrative. In doing so, he helps readers understand why the Gospels report many events differently. Finally, Licona concludes by addressing the thorny question of whether the editorial moves commonplace in ancient biography are compatible with the doctrines of the divine inspiration and the inerrancy of Scripture. Rather than trying to resolve discrepancies by bending the Gospel narrative, which risks making them say things they aren't saying, *Jesus, Contradicted* situates the Gospels within their proper context and helps readers account for differences in the Gospels in a cohesive and historically cogent way.

Field Guide to the Wild World of Religion Pamela Dewey, 2013-02 The American religious scene in 1955 was a very tame and predictable world. It matched the tame, predictable world of women's clothing, where most women going out shopping wore a dress with coordinating gloves, hat, and shoes. And it matched the tame, predictable world of children's toys, where almost every young girl yearned for a baby doll that said Ma-Ma, and almost every boy needed a coonskin cap. Choices of fashions, toys, preachers, and churches were limited and domesticated. Fifty years later, the tame, predictable world of 1950s fashions and toys is long gone. Women go shopping in everything from sweatshirts and jeans to tube tops and short shorts. And both boys and girls want the latest Sponge Bob Square Pants video game. The same kind of transformation has gone on in the world of religion. It is no longer tame and predictable either. Welcome to the Wild World of Religion of the 21st Century. Explore its habitats, identify some of the inhabitants, and learn about their characteristics and customs in this Field Guide.

Look What's Missing! David W. Daniels, 2009 Publishers are removing things from new Bibles! Publishers of modern Bible versions have been removing words, phrases, and even whole verses, but their readers are often unaware of it. Few people know the Bible well enough to notice when something has been taken out. But the results are hard to believe. The removal of one tiny word turns Jesus into a liar. Callers into Christian talk shows have even used this to say that it's okay for a Christian to lie. After all, they say, Jesus did it. A verse that's completely missing from some of the most popular Bibles available today completely removes one of the basic doctrines found in every evangelical church. When David Daniels shows this one to people they just stand with their mouths open and say, "I can't believe it!" In another case, Jesus' own words are removed, taking out a famous phrase in which Jesus explains why He came to earth. People react with: "They took out Jesus words! How can they do that?" This information has been right under our noses for years, but no one has ever taken the time to cull through this many Bible versions and find the missing parts. Author David Daniels did the research and now releases his results for the Christian world to see what is really missing. How about your Bible? Is it on the list of Bibles with pieces taken out? You might be surprised when you look at what's missing.

Holland, from the exclusive interview in *Mormons on the Internet* Finally--a computer book I not only understand, but find exciting. Bright Lights in the Desert Fred E Woods,2023-02-14 *Bright Lights in the Desert* explores the history of how members of the Church of Jesus Christ of Latter-day Saints in Las Vegas have improved the regions' neighborhoods, inspired educational institutions, brought integrity to the marketplace, and provided wholesome entertainment and cultural refinement. The LDS influence has helped shape the metropolitan city because of its members' focus on family values and community service. Woods discusses how, through their beliefs and work ethics, they have impacted the growth of the area from the time of their first efforts to establish a mission in 1855 through the present day. *Bright Lights in the Desert* reveals Las Vegas as more than just a tourist destination and shows the LDS community's commitment to making it a place of deep religious faith and devotion to family.

The Mormon Delusion. Volume 4. The Mormon Missionary Lessons - A Conspiracy to Deceive. Jim Whitefield,2011-02-09 The fourth in 'The Mormon Delusion' series tracks the Mormon 'Missionary Lesson Manual' as taught to investigators, and lesson by lesson, exposes and explains the truth behind the false teachings. At every stage, unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction. This book exposes the underlying truth behind Joseph Smith's original fraudulent claims and modern-day fictional Mormon teachings. Evidence from within Mormon Church history and Mormon so-called

scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members, missionaries and their investigators alike. At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true. Common sense and reason alone will be enough to determine the truth of the matter.

Acupressure Guide For Headache and Migraine Treatment MobileReference,2007 Headache is often due to build-up of stress and tension. Acupressure is an effective way to relieve painful sensation associated these conditions. This guide by Aaron Stein, PhD, is based on over 5,000 years of Chinese practice of self-acupressure. Features - Step-by-step guide to relieving headaches and migraines at 5 locations: - In the frontal region of the head (frontal headache). - In the back of the head (occipital headache). - On the side of the head (temporal headache). - On the top of the head (vertex headache). - Pain in the eye (headache behind the eye). - Every step explains point location, direction of force, and duration of massage. - No previous experience necessary - Total treatment duration 10 to 15 minutes. How acupressure works Nobody knows how acupressure works. Very often pain is caused by a self-perpetuating mechanism: pain causes the mind to be attentive to pain, that, in turn causes more pain and even more attention, and so on. Most likely acupressure works by interrupting this vicious circle. How does acupressure interrupt the cycle? Stimulation of active points is thought to lead to increased release of endorphins. Endorphin is a natural body painkiller. Endorphin and morphine are chemically different molecules but, by coincidence, they have very similar 3-dimensional shape. This similarity in shape allows morphine to bind the endorphin receptor and reduce pain. Thus endorphin released by acupressure stimulation may lead to temporal reduction of mind's

attention to pain, interruption of pain cycle, and following complete cessation of pain.

The Mormon Delusion Jim Whitefield, 2009-03-21 The first in a series of books comprising an exposé of the Mormon Church (The Church of Jesus Christ of Latter Day Saints). This volume concentrates on polygamy and little known polyandry which is hidden from rank and file Mormons. Historical evidence proves the Mormon Church has rewritten its own history through lies, suppression, omission and interpolation; such that the truth is so well hidden from members; unless they look outside the Church for information; they will never know of the continued conspiracy to deceive them. Contains over 120 pages of appendices, including complete lists and analysis of all the wives and families of Joseph Smith, Brigham Young and Heber C. Kimball, highlighting polyandrous relationships and children born into those unions; plus details of over a hundred children born post 1890 to polygamous wives of General Authorities who violated their own canonised Manifesto after they had covenanted to stop the practice. Visit www.themormondelusion.com for further information.

The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations. Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism. In this volume, we review doctrines that have been discarded. To early Mormons, Adam was God and blood atonement was a stark reality. These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets. Today, the Church denies they even existed. The origin of the Mormon temple ceremony is established and explained. An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual, claiming they were restored from the time of Solomon. The psychology of a Mormon testimony is explored and explained. Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking.
