La traducción del inglés al castellano Marina Orellana,1987 A guide to translating from English into Spanish.

Diccionario-guía de traducción español-inglés, inglés-español Brian Leonard Mott,Marta Mateo,2009 Esta obra, de utilidad para todos aquellos que se dedican a la traducción inglés-español, no constituye un sustituto del diccionario bilingüe tradicional, sino un instrumento complementario de trabajo. Se trata de un manual con entradas selectivas que ofrecen comparaciones entre estas dos lenguas de sus estructuras gramaticales (incluyendo cuestiones tan complejas como la modalidad y el número gramatical, así como apartados sobre todas las categorías gramaticales principales siempre desde el punto de vista de la traducción entre el inglés y el español), el léxico (con temas tan diversos como el vocabulario onomatopéyico, la hiperonimia e hiponimia, la sinonimia y antonimia y las expresiones idiomáticas en ambas lenguas), o aspectos pragmáticos y estilísticos (como el lenguaje sexista, la cohesión textual, o la puntuación).

Manual de traducción inglés-castellano Juan Gabriel López Guix,Jacqueline Minett Wilkinson,2019-11-26 Este manual ofrece una visión panorámica de la práctica traductora. Por medio de un enfoque deductivo, que va desde lo más general hasta lo más particular, propone un recorrido que se inicia en los aspectos más teóricos relacionados con la filosofía y el lenguaje; pasa por las características específicas de las dos lenguas de trabajo, así como por las principales líneas de reflexión teóricas sobre la traducción; y finaliza en una sistematización de los problemas con los que se ve constantemente enfrentado el traductor, al tiempo que se presentan algunas soluciones en un ámbito en el que abundan las excepciones.

Introducción a la traducción Antonio F. Jiménez Jiménez,2018-05-20 Este manual introduce al lector a la actividad de la traducción de inglés a español y viceversa, adoptando un punto de vista práctico y siguiendo los estándares profesionales actuales. Introducción a la traducción examina una gran variedad de temas enfocados en resolver los problemas de traducción que se suelen encontrar en los textos, por ejemplo, en relación a los elementos culturales, los aspectos connotativos, la variación lingüística, la traducción subordinada y la traducción especializada. Para ello, se exploran detenidamente, y con multitud de ejemplos prácticos, las técnicas, estrategias y herramientas disponibles durante la actividad traductora. La página web que acompaña a este manual incluye además información lingüística contrastiva entre el inglés y el español para evitar problemas de transferencia negativa entre ambos idiomas. Introducción a la traducción aumentará la competencia traductora de los lectores de una manera sistemática, coherente y contextualizada, ofreciendo

oportunidades de práctica a través de un gran número de actividades y textos para traducir. This manual introduces readers to the activity of Spanish-English/English-Spanish translation while adopting a practical perspective aligned with current professional standards. Introducción a la traducción examines a wide variety of topics that focus on resolving common problems that tend to arise throughout the process of translating different kinds of texts. For example, this book explores translation issues with respect to cultural elements, connotative meaning, linguistic variations, constrained translation and specialized translation. It offers a multitude of practical examples and a thorough consideration of the techniques, strategies and tools available to translators. Among other resources, the companion website includes contrastive linguistic analysis of English and Spanish to help avoid negative transfer issues between both languages. Introducción a la traducción will improve the reader's competence as a translator in a systematic, coherent and contextualized way, providing abundant opportunities to practice translation skills through ample hands-on activities and a wide variety of texts to translate.

Análisis y traducción del texto económico inglés-español Isabel Pizarro Sánchez,2010-12 ¿Te interesa la traducción económica? ¿Quieres traducir textos económicos y no sabes cómo? ¿Encuentras dificultades al traducir textos económicos? A pesar de llevar años aprendiendo inglés y de tener un buen conocimiento de la cultura y lengua inglesa, sin embargo, te cuesta traducir textos económicos como memorias anuales, informes, cartas, correos electrónicos, balances de situación, etc. El problema radica en el desconocimiento de un buen método de análisis y documentación que facilite el proceso de traducción. Por ello, esta obra introduce de forma sencilla los principales conceptos ligados al campo de la traducción económica y presenta una metodología completa del trabajo de traducción aplicable a cualquier texto económico, metodología que se completa con un análisis de los errores y las dificultades más comunes en este campo. El libro está dirigido a todos aquellos que necesitan traducir textos económicos por motivos académicos o profesionales, por lo que resulta especialmente útil no sólo para alumnos y profesionales de la traducción económica, sino también para especialistas del ámbito económico y financiero. La obra utiliza un lenguaje sencillo y de fácil comprensión, tanto para los iniciados en el campo de la traducción como para los no expertos en temas lingüísticos, y está organizada en bloques temáticos, lo que facilita la consulta en función de las necesidades del lector. Además, incluye una amplia descripción de las principales herramientas traductológicas y numerosos enlaces a diccionarios y glosarios especializados en los distintos campos de la economía: finanzas, banca, marketing, comercio, contabilidad, etc. Lo que la convierte en una herramienta rigurosa, actualizada y de gran utilidad tanto para el profesional como para el traductor novel.

La traducción literaria Paulo Henriques Britto,2023-06-28 Paulo Henriques Britto, además de ser escritor, es uno de los más importantes traductores literarios de obras en lengua inglesa en Brasil, con más de cien libros traducidos al portugués. Su vasta experiencia como traductor, pero también como profesor universitario, lo llevó a reflexionar sobre el oficio, dejando

sus impresiones en varios textos publicados en revistas académicas, y también en este libro, *La traducción literaria*, que fue publicado en Brasil el 2012, obteniendo el premio “Mário de Andrade de Ensaio Literário”, de la Fundación Biblioteca Nacional, en 2013, y que ahora llega al mundo hispanohablante gracias a la iniciativa y traducción de Leticia Goellner, Vicente Menares y Sebastián Villagra. Además de reflexionar sobre los entresijos de la traducción, Paulo Henriques Britto también se revela como un crítico agudo e independiente que adopta una postura autónoma en relación con ciertas teorías, pero confirma, a la vez, que la traducción, teniendo en cuenta las diferencias entre las lenguas/culturas, es siempre un “trabajo creativo” y que “toda traducción es, por definición, una operación radical de reescritura”. World Editors Gustavo Guerrero, Benjamin Loy, Gesine Müller, 2020-12-16 The existence of World Literature depends on specific processes, institutions, and actors involved in the global circulation of literary works. The contributions of this volume aim to pay attention to these multiple material dimensions of Latin American 20th and 21st century literatures. From perspectives informed by materialism, sociology, book studies, and digital humanities, the articles of this volume analyze the role of publishing houses, politics of translation, mediators and gatekeepers, allowing insights into the processes that enable books to cross borders and to be transformed into globally circulating commodities. The book focusses both on material (re)sources of literary archives, key actors in literary and cultural markets, prizes and book fairs, as well as on recent dimension of the digital age. Statements of some of the leading representatives of the global publishing world complement

these analyses of the operations of selection and aggregation of value to literary texts.

De la pluma de autores como Soledad Loaeza, Enrique Florescano, Marta Lamas, Carlos Fuentes, Ángeles Mastretta, Luis Villoro, Elena Poniatowska, José Emilio Pacheco, entre otros, los textos compilados no siguen una sola temática, sino que fueron escogidos por su valor cultural y político: desde la administración de Carlos Salinas, pasando por la caída del muro de Berlín, la guerra contra las drogas de Felipe Calderón y hasta un ensayo literario sobre el Quijote, la obra analiza los malestares e inquietudes de cuatro décadas de historia nacional y de acontecimientos de orden mundial.
