Sophie Lévy,Christian Derouet

Niki de Saint Phalle Christiane Weidemann,2014-05-08 Whether you are an ardent follower of this fascinating artist, or just learning about her life and work, this lively volume offers an in-depth portrait of Niki de Saint Phalle's world, turbulent life and extraordinary art. Niki de Saint Phalle's biography reads like a bestselling novel: a difficult education, early fame as a fashion model, and family rebellion. Her earliest works, known as shooting paintings, were executed with a rifle and paint-filled bullets. She went on to explore women's identities through papier-mâché figures. As her reputation grew, so did her works. Her larger than-life Nanas could be entered and viewed from within. She created sculpture parks in Israel, Italy, and California, among other places. This book introduces readers to Niki de Saint Phalle in chapters that include reproductions of her pieces, photographs from her life, and historical background that gives insight into her life and work. As lively as the life it reveals, this volume is a superb look into the world of an intriguing and courageous artist.

Niki de Saint Phalle Larry Warsh,2025-08-12 A richly illustrated collection of previously unpublished drawings by the famed modern artist The French-American artist Niki de Saint Phalle is best known for her Nanas—joyful and brightly colored monumental sculptures of goddess-like female figures. But her work, which was grounded in her visionary beliefs about social experiments and personal freedom, ranged much more widely—from painting, film, architecture, and books to theater sets, clothing, and jewelry. *Niki de Saint Phalle: The Sketchbooks* presents a beautiful collection of previously unpublished drawings, notes, and other preparatory work from Saint Phalle's private sketchbooks. Culled from a vast archive of never-before-seen materials, these drawings shed new light on Saint Phalle's fascinating artistic evolution, style, and interior life.

The Story of Art Without Men Katy Hessel,2023-05-02 Instant New York Times bestseller One of Vanity Fair's Favorite Books to Gift • One of PureWow's 42 Books to Gift This Year • One of Kirkus's Best Books of 2023 The story of art as it's never been told before, from the Renaissance to the present day, with more than 300 works of art. How many women artists do you know? Who makes art history? Did women even work as artists before the twentieth century? And what is the Baroque anyway? Guided by Katy Hessel, art historian and founder of @thegreatwomenartists, discover the glittering paintings by Sofonisba Anguissola of the Renaissance, the radical work of Harriet Powers in the nineteenth-century United States and the artist who really invented the “readymade.” Explore the Dutch Golden Age, the astonishing work of postwar artists in Latin

America, and the women defining art in the 2020s. Have your sense of art history overturned and your eyes opened to many artforms often ignored or dismissed. From the Cornish coast to Manhattan, Nigeria to Japan, this is the history of art as it's never been told before.

Niki de Saint Phalle Pontus Hultén, Niki de Saint-Phalle, 1993 This first monograph on Niki de Saint Phalle, one of the leading figures of postwar European art, is now available in a handsome paperback edition. Originally published to coincide with a major traveling exhibition of her work, it is illustrated with almost 500 images, and constitutes a thorough survey of her work. Reproductions of her most important paintings and sculptures from the years 1953 to 1992 are complemented by a photographic essay tracing her life and travels.

Image Acts Horst Bredekamp, 2021-04-19 Heavily represented sections of contemporary philosophy subscribe to the notion of embodiment. However promising this pragmatic turn of events may be, it remains limited in that it interprets the world as a projection of the cognizing I. By contrast, Image Acts focuses on the counterforce of the form of images. The book subdivides this sphere into three parts: imitation, substitution, and the pure effect of the form. All three parts are contemplated with examples from antiquity through to the present and the iconoclastic controversies of our times. From this reconstruction of the image act springs the element of a new philosophy of affordance.

Niki de Saint Phalle Simon Groom, 2008 Beautiful, flamboyant, daring and fiercely independent, Niki de Saint Phalle (1930-2002) emerged in the 1960s as a powerful and original figure in the male-dominated art world centred on Paris. This book provides a survey of her whole career.

"Nouveau R?isme, 1960s France, and the Neo-avant-garde " Jill Carrick, 2017-07-05 Jill Carrick's *Nouveau R?isme, 1960s France, and the Neo-avant-garde* provides the first in-depth historical analysis of the New Realism movement and the critical and theoretical debates it engaged. This text makes available a new corpus of material - the rich historical and theoretical analysis as well as the fascinating photographic documentation of artists and works - from one of the most significant French art movements of the post-World War II period, whose literature has up to now been dominated by the terms of its founder, Pierre Restany. The illustrations and surprising contextual material - many of which have been unearthed by the author's archival research - document artwork, artists' collaborations, and ephemeral events.

The Other Side Jennifer Higgie, 2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world, by the author of *The Mirror and the Palette*. It's not so long ago that a woman's expressed

interest in other realms would have ruined her reputation, or even killed her. And yet spiritualism, in various incarnations, has influenced numerous men—including lauded modernist artists such as Wassily Kandinsky, Piet Mondrian, Kazimir Malevich and Paul Klee—without repercussion. The fact that so many radical female artists of their generation—and earlier—also drank deeply from the same spiritual well has been sorely neglected for too long. In *The Other Side*, we explore the lives and work of a group of extraordinary women, from the twelfth-century mystic, composer, and artist Hildegard of Bingen to the nineteenth-century English spiritualist Georgiana Houghton, whose paintings swirl like a cosmic Jackson Pollock; the early twentieth-century Swedish artist, Hilma af Klint, who painted with the help of her spirit guides and whose recent exhibition at New York's Guggenheim broke all attendance records to the 'Desert Transcendentalist', Agnes Pelton, who painted her visions beneath the vast skies of California. We also learn about the Swiss healer, Emma Kunz, who used geometric drawings to treat her patients and the British surrealist and occultist, Ithell Colquhoun, whose estate of more than 5,000 works recently entered the Tate gallery collection. While the individual work of these artists is unique, the women loosely shared the same goal: to communicate with, and learn from, other dimensions. Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences, Jennifer Higgie discusses the solace of ritual, the gender exclusions of art history, the contemporary relevance of myth, the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art. A radical reappraisal of a marginalized group of artists, *The Other Side* is an intoxicating blend of memoir, biography, and art history.

Composition Michael Archer, 2023-04-13 The rules of composition have changed. Discover the new ideas that shape the art we make today. Art has changed beyond recognition since the principles of harmonious composition were established in classical times. From the invention of photography to the digital revolution, technological and social advances have transformed the way we see the world. This new vision, influenced by changing attitudes not least towards gender roles and the West's colonial history, is reflected in the art we make. From the rejection of Western compositional orthodoxy by artists such as Édouard Manet, Vincent van Gogh and Mary Cassatt to the revolutionary practices of Jean- Michel Basquiat, Tania Bruguera, Meleko Mokgosi and many others, acclaimed art critic and writer Michael Archer reveals the ideas and intentions behind a thrillingly diverse selection of artworks, giving readers a new set of tools for understanding art today.

What Art Can Tell Us About Love Nick Trend, 2025-03-13 Discover the love affairs that inspired art's greatest masterpieces. Whether in the throes of passion, enduring the pain of an unrequited love or basking in the joy of a wonderfully supportive friendship, this book explores how love influenced artists and the work they created. Beautifully illustrated with full-colour photographs of more than 70 artworks, this guide looks at how artists have painted, sketched and modelled their lovers, and how the theme of love has found its way into an array of subjects - from landscapes to still-life and self-portraits. Artists include: Caravaggio, Georgia O'Keefe, Sarah Bernhardt, Picasso, Rembrandt, Frida Kahlo, Tamara de Lempicka,

Clifford Prince-King, Chagall, Lotte Laserstein and Niki de Saint Phalle.

The Giallo Canvas Alexandra Heller-Nicholas, 2021-01-22 Beloved among cult horror devotees for its signature excesses of sex and violence, Italian giallo cinema is marked by switchblades, mysterious killers, whisky bottles and poetically overinflated titles. A growing field of English-language giallo studies has focused on aspects of production, distribution and reception. This volume explores an overlooked yet prevalent element in some of the best known gialli--an obsession with art and artists in creative production, with a particular focus on painting. The author explores the appearance and significance of art objects across the masterworks of such filmmakers as Dario Argento, Lucio Fulci, Sergio Martino, Umberto Lenzi, Michele Soavi, Mario Bava and his son Lamberto.

In Her Own Image Elaine Hedges, Ingrid Wendt, 1980 The work of Western women artists, past and present, is collected here in a stunning array of forms: fiction, poetry, autobiography, essay, journal and letter writing, sculpture, painting, graphics, photography, ceramics, needlework, music, and dance. The unique experience of women artists from diverse national, ethnic, racial, and economic backgrounds is explored from their own viewpoints, as are the relationships between women's social condition and women's art.

Amazing Art Adventures Yolanda Zappaterra, 2021-06-15 Amazing Art Adventures gathers together hundreds of exciting, unexpected and memorable art experiences from around the world.

North American Women Artists of the Twentieth Century Jules Heller, Nancy G. Heller, 2013-12-19 First Published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

Yayoi Kusama Jo Applin, 2012 Almost a half-century after Yayoi Kusama debuted her landmark installation 'Infinity Mirror Room - Phalli's Field' (1965) in New York, the work remains challenging and unclassifiable. Jo Applin looks at the installation in detail and places it in the context of subsequent art practice and theory as well as Kusama's own (as she called it) 'obsessional art'.

Off the Wall Calvin Tomkins, 2005-11-29 This book chronicles the creative period of the 1950s and 1960s, a high point in American art. In his collaborations with Merce Cunningham and John Cage, and as a pivotal figure linking abstract expressionism and pop art, Robert Rauschenberg was part of a revolution during which artists moved art off the walls of museums and galleries and into the center of the social scene. Rauschenberg's vitally important and productive career spans

this revolution, reaching beyond it to the present day. The book features the artists and the art world surrounding Rauschenberg--from Jackson Pollock, and Willem de Kooning to Jasper Johns, Frank Stella, and Andy Warhol, together with dealers Betty Parsons, and Leo Castelli, and the patron Peggy Guggenheim.

Women Artists in the 20th and 21st Century Ilka Becker, 2001 Taschen's inventive layout is effective in presenting the provocative works, words, and biographies of the nearly 100 women artists gathered here. Grosenick, a freelance art historian in Germany, has selected women artists working in Germany, the US, South Africa, Japan, Poland, France, Scandinavia, and Spain, among other countries. The entry for each artist is six pages, with much of the space devoted to good- quality color photos of her work. c. Book News Inc.
