Morocco Lynda Cohen Cassanos, 2014-11-17 Early Arab geographers referred to Morocco as Al-Maghreb al-Aqsa-the farthest land of the setting sun. Today this country in the northwest corner of Africa-long a crossroads for trade from Europe, sub-Saharan Africa, and the East-retains a distinctly exotic feel, with its colorful mix of Middle Eastern, African, and Western cultures. But Morocco is also a nation struggling to emerge from a difficult colonial past and a recent history of human-rights violations. If the country succeeds in its quest to develop stable and democratic political institutions as well as a vibrant economy-and to accomplish these goals without violence-Morocco may serve as a powerful example to the Arab world. Discusses the geography, history, economy, government, religion, people, foreign relations, and major cities of Morocco.

Morocco Marvine Howe, 2005-06-30 In *Morocco*, Marvine Howe, a former correspondent for The New York Times, presents an incisive account of the Moroccan kingdom and its people, past and present. She provides a frank portrait of the late King Hassan, whom she credits with laying the foundations of a modern state, and she highlights the pressures his successor King Mohammed VI has come under to transform the monarchy into a modern democracy. Howe addresses emerging issues--equal rights for women, the correction of glaring economic disparities--and asks the question: can this

ancient Muslim kingdom embrace democracy in an era of deepening divisions between Islam and the West?

Becoming Diasporically Moroccan Lauren Wagner, 2017-08-14 Questions persist about post-migrant generations and their sense of belonging in one homeland or another. As descendants of migrants, 'second' and further generations often struggle to establish an unproblematic belonging in/to a resident homeland, as the place where they live and work but are often categorized as 'outsiders'. Simultaneously, because of improving access to travel, they can also maintain a physical presence in an ancestral homeland. However, their encounters there may also problematize their sense of belonging. During their summertime visits to Morocco, the European-Moroccan participants in this ethnography repeatedly find themselves negotiating a sense of belonging in the 'homeland'. This book analyzes how these negotiations take place in order to investigate how the categories of 'diasporic' and 'Moroccan' become shaped by the interactional encounters observed. In the setting of Morocco, where trajectories to and from Europe have colored several centuries of history, this book provides a framework to explore how migration and return become incorporated into contemporary 'Moroccanness'.

Picturing Casablanca Susan Ossman, 2023-09-01 In *Picturing Casablanca*, Susan Ossman probes the shape and texture of mass images in Casablanca, from posters, films, and videotapes to elections, staged political spectacles, and changing rituals. In a fluid style that blends ethnographic narrative, cultural reportage, and the author's firsthand experiences, Ossman sketches a radically new vision of Casablanca as a place where social practices, traditions, and structures of power are in flux. Ossman guides the reader through the labyrinthine byways of the city, where state bureaucracy and state power, the media and its portrayal of the outside world, and people's everyday lives are all on view. She demonstrates how images not only reflect but inform and alter daily experience. In the Arab League Park, teenagers use fashion and flirting to attract potential mates, defying traditional rules of conduct. Wedding ceremonies are transformed by the ubiquitous video camera, which becomes the event's most important spectator. Political leaders are molded by the state's adept manipulation of visual media. From Madonna videos and the TV's transformation of social time, to changing gender roles and new ways of producing and disseminating information, the Morocco that Ossman reveals is a telling commentary on the consequences of colonial planning, the influence of modern media, and the rituals of power and representation enacted by the state. In *Picturing Casablanca*, Susan Ossman probes the shape and texture of mass images in Casablanca, from posters, films, and videotapes to elections, staged political spectacles, and changing rituals. In a fluid style that blends ethnographic narrativ

Jews and Muslims in Morocco Jane S. Gerber, Joseph Chetrit, Drora Arussy, 2021-07-27 Multiple traditions of Jewish origins in Morocco emphasize the distinctiveness of Moroccan Jewry as indigenous to the area, rooted in its earliest settlements and possessing deep connections and associations with the historic peoples of the region. The creative interaction of Moroccan Jewry with the Arab and Berber cultures was noted in the Jews' use of Morocco's multiple languages and dialects, characteristic poetry, and musical works as well as their shared magical rites and popular texts and proverbs. In *Jews and Muslims in Morocco: Their Intersecting Worlds* historians, anthropologists, musicologists, Rabbinic scholars, Arabists, and linguists analyze this culture, in all its complexity and hybridity. The volume's collection of essays span political

and social interactions throughout history, cultural commonalities, traditions, and halakhic developments. As Jewish life in Morocco has dwindled, much of what is left are traditions maintained in Moroccan ex-pat communities, and memories of those who stayed and those who left. The volume concludes with shared memories from the perspective of a Jewish intellectual from Morocco, a Moroccan Muslim scholar, an analysis of a visual memoir painted by the nineteenth-century artist, Eugène Delacroix, and a photo essay of the vanished world of Jewish life in Morocco.
