[La ley del IVA en México](#) Juan Álvarez Villagómez, 2017-06-29 La Ley del IVA en México. Una obra de estudio para especialistas fiscales es un texto exquisito para los amantes de los números, con la más alta técnica legal tributaria y con un extenso toque sobre la filosofía de la educación. El autor, como abogado litigante y Contador Público, muestra una dicotomía única, pues a la vez que explica con fluidez los conceptos altamente técnicos, extraídos de otras leyes, también resalta la práctica que contiene la obra, la cual es una de sus piezas fundamentales que, al ser extraída de su ejercicio profesional, permite un acercamiento a los asuntos complejos que se resuelven en los grandes despachos. Asimismo, el aporte literario en el prólogo y en la introducción que envuelve el contenido fiscal, cuya lectura se asemeja más a la de una obra literaria que a un libro técnico en materia fiscal, es el resultado de las horas que el autor ha disertado sobre estos menesteres en sus estudios doctorales de Educación y Filosofía. Esperamos que esta nueva edición sea de gran apoyo e interés para los lectores.
