Conservación y restauración Ana Calvo,1997 Entre los varios géneros de literatura del arte destaca con fuerte personalidad el trabajo de investigación, que puede presentar distintos formatos: desde el primer e ilusionado trabajo de curso abordado por el alumno, hasta el maduro y preceptivo proyecto de investigación realizado en el momento de optar a una cátedra, pasando por los trabajos de doctorado y la tesis. A este género, el de investigación, atiende el presente libro. Cómo y qué investigar en historia del arte pretende orientar en la realización de estos trabajos y a la vez abordar una decisiva cuestión previa: qué historia del arte nos proponemos hacer cuando investigamos. Resumen del índice: Introducción.- Primera parte: Los presupuestos de la investigación.- Segunda parte: Cómo investigar en historia del arte. Los métodos.- Tercera parte: Qué investigar en historia del arte. Los temas.- Cuarta parte: Aspectos prácticos de la investigación.

El estado de los bosques del mundo 2020 Organización de las Naciones Unidas para la Alimentación y la Agricultura ,United Nations Environment Programme,2020-05-01 A medida que finaliza el Decenio de las Naciones Unidas sobre la Biodiversidad 2011-2020 y los países se preparan para adoptar un marco de biodiversidad posterior a 2020, esta edición de El estado de los bosques del mundo (SOFO) examina las contribuciones de los bosques, y de las personas que los utilizan y los gestionan, a la conservación y el uso sostenible de la biodiversidad. Los bosques cubren poco más del 30% de la superficie terrestre mundial, sin embargo, son el hábitat de la gran mayoría de las especies de plantas y animales terrestres conocidas por la ciencia. Desafortunadamente, los bosques y la biodiversidad que en ellos habita continúan amenazados debido a las acciones para convertir la tierra en agricultura y también a los niveles insostenibles de explotación, en gran

parte ilegal. El estado de los bosques del mundo 2020 evalúa el progreso hasta la fecha en el cumplimiento de los objetivos y metas mundiales relacionados con la biodiversidad forestal y examina la efectividad de las políticas, acciones y enfoques, tanto en términos de resultados de conservación como de desarrollo sostenible. Una serie de estudios de casos proporcionan ejemplos de prácticas innovadoras que combinan la conservación y el uso sostenible de la biodiversidad forestal para crear soluciones equilibradas para las personas y el planeta.

Supervisión y desarrollo de procesos de servicio en restauración MOTTO LÓPEZ, MARINA, FERNÁNDEZ MENÉNDEZ, MIGUEL ÁNGEL, 2019-10-09 Organizar, dirigir y coordinar las tareas necesarias para una buena atención al cliente en el negocio de restauración requiere conocimientos precisos y adecuados a cada tipo de servicio, bien sea en sala de restaurante o en celebraciones y eventos contratados. Los procesos de servicio comienzan antes de que lleguen los clientes y continúan después de que se hayan ido. En este manual se explica con detalle y de forma clara, sencilla y didáctica cómo realizar con éxito y profesionalidad todo el procedimiento adecuado a cada servicio. La información teórica se complementa con una cuidada selección de fotografías, tablas, esquemas y diagramas que, junto con destacados y una completa propuesta de actividades destinadas a repasar y afianzar conceptos, permiten al lector adquirir las destrezas necesarias. Se trata de una guía útil e imprescindible para mostrar cómo se ha de supervisar cada una de las tareas precisas en cada fase del servicio, cómo se controlan las instalaciones y el material, cómo hay que tratar al cliente, cómo son los procesos de venta y facturación, así como el vistoso servicio “vista al cliente”. Las últimas tendencias en el sector hostelero, que atiende a una clientela cada vez más informada, también se abordan en esta obra, explicando la importancia de la imagen, decoración y ambientes y los nuevos tipos de oferta de servicios para eventos. Este libro recoge en definitiva cómo se debe supervisar el montaje y desarrollo de todos los tipos de servicio actuales y lo hace atendiendo al contenido curricular previsto para el módulo formativo MF1103_3 Supervisión y desarrollo de procesos de servicio en restauración, integrado en el Certificado de Profesionalidad H07R0409 Gestión de procesos de servicio en restauración regulado por RD 685/2011 de 13 de mayo y modificado por RD 619/2013 de 2 de agosto. En definitiva, presentamos un manual imprescindible para la adquisición de las competencias asociadas a la supervisión y desarrollo de todos los tipos de servicio de restauración actuales.
