John Watkins - USA Your book is answering many of the questions líve had about our true history, not written in the history books. Jeremy S - UK I have started reading your book, and one thing that has called my attention and has thrilled me has been the way Jasher states that the animals came to the ark, and how they were chosen to get onto it, whether they crouched before Noah or not. It thrilled me to know how the Lord made the animals come over by throngs and surrounded the ark. Andres NV - S.A. These books are very interesting. We learnt many things that we didnít know about before. We also liked the way that you organized the presentation of the book, as it made for easy reading with the cross references to Bible as well as the excellent comments that explain many of the hidden details. Oedipus Borealis Lois Bragg,2004 After examining characters widely disparate from the saga skalds, the model holds: only in the narratives having a Christian purpose do we find the link among disability, deformity, sexual aberrance, wisdom, craft, and power broken. With the would-be Icelandic saint, Gudmund the Good, disability is no longer the mark of a great man, but now appears in its modern interpretation: a character-building setback that the hero must overcome.--BOOK JACKET.

The Medieval Popular Bible Brian Murdoch, 2003 The presentation, the use, and the possible reception of the book of Genesis to lay audience largely unable to read the original texts. What was meant by the medieval popular Bible - what was presented as biblical narrative to an audience largely unable to read the original biblical texts? Presentations in the vernacular languages of Europe of supposedly biblicalepisodes were more often than not expanded and interpreted, sometimes very considerably. This book looks at the presentation, the use, and the possible lay reception of the book of Genesis, using as wide a range of medieval genres and vernaculars as possible on a comparative basis down to the Reformation. Literatures taken into consideration include Irish, Cornish, English, French, High and Low German, Spanish, Italian and others. Genesis was an important book, and the focus is on those narrative high points which lend themselves most particularly (it is never exclusive) to literal expansion, even though allegory can also work backwards into the literal narrative. Starting with the devil in paradise (who is not biblical), the book examines what Adam and Eve did afterwards, who killed Cain, what happened in the flood or at the tower of Babel, and ends with a consideration of the careers of Jacob and Joseph. The book is based on the Speaker's Lectures, given in 2002 in the University of Oxford. BRIAN MURDOCH is Professor of German at the University of Stirling.
