Architecture, Power and Religion in Lebanon Ward Vloeberghs, 2015-11-24 In *Architecture, Power and Religion in Lebanon*, Ward Vloeberghs explores Rafiq Hariri's patronage and his posthumous legacy to demonstrate how religious architecture becomes a site for power struggles in contemporary Beirut. By tracing the 150 year-long history of the Muhammad al-Amin Mosque - Lebanon's principal Sunni mosque - and the subsequent development of the site as a commemoration venue, this account offers a unique illustration of how architecture, religion and power become discursively and visually entangled. Set in a multi-confessional society marked by social inequalities and political fragmentation, this interdisciplinary study analyses how architectural practice and urban reconfigurations reveal a nascent personality cult, communal mourning, and the consolidation of political territory in relation to constantly shifting circumstances.

Autumn of Fury Muḥammad Ḥasanayn Haykal, 1983 *Autumn of Fury* reads like a political thriller. It is also a salutary revelation. For years Sadat, the actor manqué, played a part before Western audiences, who were happy to see only what they wanted to see. For years Sadat's censors prevented Mr Heikal from telling the truth as he knew it. Now the truth can be told. Sadat dramatically transformed Nasser's Egypt. He expelled the Russians; he almost achieved victory over Israel in October 1973; he allied himself with the Americans; and he made a separate peace with Israel.--Jacket.

Rock the Casbah Robin Wright, 2011-07-19 A decade after the 9/11 attacks, this groundbreaking book takes readers deep into rebellions against both autocrats and extremists that are redefining politics, culture, and security threats across the Islamic world. The awakening involves hundreds of millions of people. And the political transformations— and tectonic changes—are only beginning. Robin Wright, an acclaimed foreign correspondent and television commentator, has covered the region for four decades. She witnessed the full cycle, from extremism's angry birth and globalization to the rise of new movements transforming the last bloc of countries to hold out against democracy. Now, in *Rock the Casbah*, she chronicles the new order being shaped by youth-inspired revolts toppling leaders, clerics repudiating al Qaeda, playwrights and poets crafting messages of a counter-jihad, comedians ridiculing militancy, hip-hop rapping against guns and bombs, and women mobilizing for their own rights. This new counter-jihad has many goals. For some, it's about reforming the faith. For others, it's about reforming political systems. For most, it's about achieving basic rights. The common denominator is the rejection of venomous ideologies and suicide bombs, plane hijackings, hostage-takings, and mass violence to achieve those ends. Wright captures a stunning moment in history, one of the region's four key junctures—along with Iran's revolution, Israel's creation, and the Ottoman Empire's collapse—in a century. The notion of a clash of civilizations is increasingly being replaced by a commonality of civilizations in the twenty-first century. But she candidly details both the possibilities and pitfalls ahead. The new counter-jihad is imaginative and defiant, but Muslim societies are also politically inexperienced and economically challenged.

Iraqi Kurdistan Gareth R. V. Stansfield, 2003-08-29 The Iraqi Kurds have enjoyed de facto statehood in the north of Iraq for over a decade but Intra-Kurdish fighting, military incursions by Turkey and Iran and the constant threat posed by Saddam Hussein have plagued this 'democratic experiment'. In this book, Stansfield explores the development of the Kurdish political system since 1991. He examines the difficult and often violent relations between the two dominant powers, the Kurdistan Democratic Party (KDP) and the Patriotic Union of Kurdistan (PUK), and their relationship with the Kurdish Regional Government in order to understand the current state of Iraqi Kurdish politics and the operation of the state. This topical in-depth study identifies the main dynamics of Iraqi Kurdish politics, analyzes the record and potential of the 'Kurdish democratic experiment', and identifies the present and future Kurdish leaders.

Killing Mr Lebanon Nicholas Blanford, 2006-08-25 On Valentine's Day 2005 former Lebanese PM Rafik Hariri, nicknamed 'Mr Lebanon' for his local power and patronage, was killed by a massive explosion as he drove along the Beirut seafront. Ten weeks later, Syrian troops had withdrawn from Lebanon after an occupation of nearly thirty years. In this compelling book, Nicholas Blanford looks at how the murder of a businessman provoked such a seismic shift in Middle Eastern politics. He examines Hariri's past, inextricably linked with that of Lebanon, and uncovers a murky world of shifting alliances between businesses, security services, politicians and diplomats. Based on exclusive interviews with the key players in the Syrian, Lebanese and international arenas, Blanford traces the last weeks of Hariri's life, and reveals who and what stood to gain from his death. Gaining access to material never before made public, Blanford shows how right up until the morning of his assassination, Hariri was building up a unique political movement which would have upset the balance of power in Middle Eastern politics. Larger than life figures emerge in this Shakespearean political drama: the wily Druze leader, Walid Jumblatt, the much-feared head of Syrian military intelligence in Lebanon, Rustom Ghazaleh and the young Syrian leader eager to stamp his authority, Bashar al-Assad. With Lebanon reeling from the explosion of regional tensions in the summer of 2006, Blanford traces the impact of the Hariri assassination on Hizbullah, Syria and Israel. Full of intrigue, shady characters and suspense, *Killing Mr Lebanon* is the definitive account of how Beirut became once again the flashpoint of the Middle East.
