

# The Memory Keepers Daughter

Gale, Cengage Learning

The Memory Keeper's Daughter Kim Edwards, 2006-05-30 A #1 New York Times bestseller by Kim Edwards, The Memory Keeper's Daughter is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his daughter has Down syndrome. Rationalizing it as a need to protect Norah, his wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Instead, she disappears into another city to raise the child herself. So begins this beautifully told story that unfolds over a quarter of a century—in which these two families, ignorant of each other, are yet bound by the fateful decision made that winter night long ago. A family drama, The Memory Keeper's Daughter explores every mother's silent fear: What would happen if you lost your child and she grew up without you? It is also an astonishing tale of love and how the mysterious ties that hold a family together help us survive the heartache that occurs when long-buried secrets are finally uncovered.

**Intellectually Impaired People** Klaus Rose,2023-03-09 Intellectually Impaired People: The Ongoing Battle addresses challenges against the background of history, changing societal environments, and current intellectual approaches and attitudes toward persons with disabilities. The book discusses national and international conventions, societal attitudes, sheltered workshops, the right of intellectually impaired persons for self-responsibility and its limitations, and the place of

mentally impaired persons in the public image. Additionally, the book attempts to capture the forces that drive the changes of our conceptual frameworks. The US Tuskegee study which withheld antibiotics from black men with syphilis was not ended by scientific criticism but by a courageous man, press reports, and a changed social perception. The non-hiding of handicapped children is not the result of government orders, there are many non-resolvable dilemmas and tension between supporting, understanding, and patronizing a complex situation with many potential future avenues. - Recognizes how contradictory feelings and attitudes toward impaired persons have a complex historical background - Sheds light on society and our institutions that deal with disabled people and the limitations of an isolated medical approach - Covers national and international conventions of mentally impaired persons

*The Memory of Love* Linda Olsson, 2013-02-26 From the beloved author of *Astrid & Veronika*, a moving tale of friendship and redemption Fans of *Astrid & Veronika* and Chris Cleave's *Little Bee* will be thrilled to read Linda Olsson's third novel. Here is Olsson doing what she does best: illuminating the terrain of friendship and examining the many forms that love can take. Marion Flint, in her early fifties, has spent fifteen years living a quiet life on the rugged coast of New Zealand, a life that allows the door to her past to remain firmly shut. But a chance meeting with a young boy, Ika, and her desire to help him force Marion to open the Pandora's box of her memory. Seized by a sudden urgency to make sense of her past, she examines each image one-by-one: her grandfather, her mother, her brother, her lover. Perhaps if she can create order from the chaos, her memories will be easier to carry. Perhaps she'll be able to find forgiveness for the little girl that was her. For the young woman she had been. For the people she left behind. Olsson expertly interweaves scenes from Marion's past with her quest to save Ika from his own tragic childhood, and renders with reflective tenderness the fragility of memory and the healing power of the heart.

**Bookclub in a Box Discusses Kim Edwards' Novel the Memory Keeper's Daughter** Marilyn Herbert, 2008-09-01 This is a terrific resource for students and educators of literary fiction. The newer novels of our time have few supportive interpretations as of yet; the classics have too many. BOOKCLUB-IN-A-BOX is the spot to come for a literary perspective and understanding that is just right. If you have suffered from a lack of discussion topics in the past, use this guide! Sections include: Literary Interpretation; Writing Style and Structure; Themes and Focus Points; Characterisation; Historical Information; Novel Summary; Author Information; Images, Symbols and Metaphors; Important Quotes. This set includes: The complete BOOKCLUB-IN-A-BOX Guidebook; A Read-Alongside-Guide (RAG) -- a quick reference of fast facts and things to consider while reading the novel which can be copied and distributed to members; A BOOKCLUB-IN-A-BOX sticky notepad to highlight important passages and to record your important thoughts; Bookmarks to keep your place in all those great novels you're going to read.

**Trauma Narratives and Herstory** S. Andermahr, S. Pellicer-Ortin, 2013-04-09 Featuring contributions from a wide array

of international scholars, the book explores the variety of representational strategies used to depict female traumatic experiences in texts by or about women, and in so doing articulates the complex relation between trauma, gender and signification.
