Cultiva un Espíritu Afable y Apacible Elizabeth George,2011-07-15 ¿Cómo nos sentimos cuando alguien nos lastima o nos trata injustamente? ¿O cuando sufrimos por hacer lo correcto? Con frecuencia, estas experiencias causan sentimientos de frustración, amargura, e incluso ira. Sin embargo, Dios llama a sus hijas a mostrar una respuesta diferente, una que resulta inesperada para aquellos que nos rodean. Él desea que cultivemos un espíritu afable y apacible, uno que haga ver al mundo la realidad de nuestro Padre celestial, y que le glorifique aún más. Elizabeth George takes readers through a thought-provoking study of Peter's teachings on handling trials and persecutions, including: suffering for doing good; understanding the mysteries of God; and fanning the flame of faith.

The Mixed Language Debate Yaron Matras,Peter Bakker,2008-08-22 Mixed Languages are speech varieties that arise in bilingual settings, often as markers of ethnic separateness. They combine structures inherited from different parent languages, often resulting in odd and unique splits that present a challenge to theories of contact-induced change as well as genetic classification. This collection of articles is devoted to the theoretical and empirical controversies that surround the

study of Mixed Languages. Issues include definitions and prototypes, similarities and differences to other contact languages such as pidgins and creoles, the role of codeswitching in the emergence of Mixed Languages, the role of deliberate and conscious mixing, the question of the existence of a Mixed Language continuum, and the position of Mixed Languages in general models of language change and contact-induced change in particular. An introductory chapter surveys the current study of Mixed Languages. Contributors include leading historical linguists, contact linguists and typologists, among them Carol Myers-Scotton, Sarah Grey Thomason, William Croft, Thomas Stolz, Maarten Mous, Ad Backus, Evgeniy Golovko, Peter Bakker, Yaron Matras.

Alerta: greenwashing Jaume,2024-05-06 Alerta greenwashing El ecoblanqueo en España (versión ebook, formato pdf) es una obra coral que va más allá de un primer abc sobre el concepto. Se adentra en el alcance del fenómeno. Da ejemplos concretos de empresas y sectores que lo aplican (en las memorias de sostenibilidad, en los bancos, en el sector energético, la moda o en el del transporte marítimo y aéreo, etc.). Aborda sus límites y concluye con un decálogo de herramientas para combatirlo. El fenómeno del greenwashing, los discursos engañosos o falsos sobre la sostenibilidad, se juega en un tablero sin normativa escrita y es un peligro para la lucha climática. Both Goya and Picasso were endowed with extremely inquisitive, all-seeing and all-absorbing gazes; their power to retain and recall visual impressions was extraordinarily acute. Each one spent many hours scrutinizing the etchings of Rembrandt, and in their distinctive ways, absorbed formal and technical lessons from the admired 17th-century master, which then emerged in their own works. In this study the authors reconstruct the gazes of these two great Spanish visual geniuses onto the work of the timeless Dutch artist in order to illuminate these remarkable relationships.
