Rewards through Resilience Steven W. Sanders, 2023-12-05 Struggle is a real-world phenomenon, particularly if we want to make a difference in our lives and the lives of others. The struggles we face can be as routine as dealing with the traffic to get to our place of work on time. We may also struggle with physical or mental illness, a family dynamic that is not improving, or a difficult job. In extreme cases, some must live through oppression and life-threatening events brought on by an oppressive regime. Struggle is an effort to gain freedom from constraints, to withstand or overcome obstacles, or to work against competing forces in order to make a meaningful change or difference. Whether we encounter frequent struggles or only a few, we all must face them, not necessarily by choice. We are aware of the pain and difficulties associated with struggles as well as the feeling of gratification and relief when we withstand, outlast, or overcome them. We learn from struggles, together with building strength of character and resilience the next time we encounter similar challenges. How we engage and overcome struggles shapes our attitudes and perspectives regarding our lives and our ability to make a difference in the lives of others.

Greatest Blacks Ever Ambassador Elliston Rahming, Briana Louise Cacuci, 2017-06-16 From an article entitled "History's Black Hole" from the January 10, 2016 global edition of the New York Daily News, Arthur Browne opines, "Across every field of endeavor, from the ministry to medicine and from education to entrepreneurship, book merchants balk at memorializing black experience and accomplishments." Essentially, this book is a celebration of black accomplishments—over centuries and across continents—and seeks to fill a portion of that "black hole." Of the roughly 7 billion people who inhabit this planet, some 1.5 billion are classified as white, and blacks account for 1.1 billion. The remaining over 4 billion are somewhere in the middle. Yet, throughout the years, a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace, progress, prosperity, and pleasure.

What We Stand to Lose Kristen Buras, 2025-07-29 Spotlights the tireless work of Black teachers in a historic New Orleans public school, one of countless public schools now part of a school closing crisis in cities nationwide Time and again, teachers of color have been blamed for every conceivable wrong in urban schools, a tactic that ignores the history of racism and bolsters the expansion of charter schools that lack community roots. Covering the rich, fifty-year legacy of George Washington Carver Senior High School from 1958-2005, *What We Stand to Lose* investigates how public school closures have impacted predominantly Black urban neighborhoods in New Orleans. This institutional history demonstrates the cultural value of school communities over time, including the ways they have navigated and excelled despite racism and state neglect. Through oral history interviewing and archival research, antiracist organizer and author Kristen Buras offers an in-depth look into counter stories that oppose white majoritarian allegations of school failure. She conducted oral history interviews with more than 30 Carver alumni and teachers, unveiling the intergenerational culture that nurtured self-determination and an abiding sense of community in the face of endemic racism. In turn, Buras demonstrates Black teachers' invaluable and often unrecognized contributions. In compelling detail, Buras highlights the dire consequences of school closings, illuminating why the assault on veteran teachers, and the communities they have fostered, is the civil rights issue of our era.

Three Secular Reasons Why America Should Be Under God William J. Federer, 2004 All men are endowed by their Creator with certain unalienable Rights - Declaration of Independence, 1776 Do you like having rights the government cannot take away? Do you like being equal? Do you like a country with few laws? Then you want America under God! The Rights of man Come not from the generosity of the state, but from the hand of God - John F. Kennedy, 1961, Inaugural Address We believe that all men are created equal, because they are created in the image of God - Harry S Truman, 1949, Inaugural Address Our constitution was made only for a moral and religious people, it is wholly inadequate to the government of any other - John Adams, 1798, Letter to the Massachusetts Third Division

1001 Life Changing Quotes 4 TEENS Laura Lyseight, 2010-03-02 Jesus says profoundly, "The words that I speak, they

are Spirit and they are life." Words live and have incredible power, so watch what words you speak. "Colours fade, temples crumble, empires fall, but wise words endure" (Edwards Thorndike). The power found in words cannot be understated. They can be explosive dynamite destroying or they can be cautious uplifting words. "Kind words can be short and easy to speak, but their echoes are truly endless" (Mother Teresa). What lasting impressions are you making with the words you are speaking? The spoken word has life or death in it. Words can motivate you to do more or do the exact opposite. They can equally build you up or pull you down. Throughout history, all successful people have been known to tap into the world of wise words. They have continually stayed motivated and challenged by insightful words from others and this book has the compilation of wise, life-transforming quotes to help you as a teen chart your successful path in life. As you read through this book, you will experience renewed energy, you will feel an explosive excitement, and your passion to do more will mystify you. That is exactly the effect of inspirational words. This collection of quotes has been carefully sourced for teens worldwide. Every teen, especially those who desire to be successful, must have a copy. "An investment in knowledge pays the best interest" (Benjamin Franklin). "Teens are not monsters. They are just people trying to learn how to make it among the adults in the world, who are probably not so sure themselves" (Virginia Satir).

The Wilderness Marty McLain, 2018-01-31 Sometimes you find yourself in a place in life that is less than ideal. Maybe you are like Joseph and feel there's no chance for promotion. Or you're like David and are just trying to survive. Perhaps you feel like Paul, who labored away in obscurity and lost it all. For whatever reason you feel as though you are in a wilderness and you can't seem to escape. At times like this, panic can set in and lead to choices that are less than what God has planned for your life. How do you avoid this? How do you endure? In *The Wilderness*, author and pastor Mary McLain looks to the examples of three men in the Bible: Joseph, David, and Paul, who had to wait years to be able to do what God called them to do. Marty also speaks to his own past experiences in the ministry and his years spent in a spiritual wilderness. He shares how he struggled to endure in the season of life that seemed to bear no fruit but he shows that with perseverance and trust in God, he was able to hold on and discover the path to fulfillment. If you've ever struggled with the wait or found yourself lost in the wilderness, unsure of where to go next, God's command is to endure. Be comforted to know that you are not alone, and some of the most powerful testimonies in the Bible came after a long period of waiting. You have not been forgotten.

Jackie Robinson in Quotes Danny Peary,2016-04-19 A Fresh Look at an Inspiring Historical Figure Jackie Robinson in Quotes tells the life story of arguably the most important baseball player in history with over 400 pages of quotations by and about him. Featured are quotes by Robinson, his widow Rachel Robinson, other family members, friends, teammates, coaches, members of the media, and many more. Danny Peary has skillfully curated the best quotes to shed new light on the man behind number 42, who famously became the first black Major League Baseball player in 1947. The quotes speak for themselves, following Robinson through his childhood to his days as a young multi-talented athlete; his famous first meeting with Branch Rickey and signing with the Dodgers; then his exciting Hall-of-Fame career playing for the Brooklyn Dodgers. Read in his own words how he had to face racism and abuse with stoic silence; and how later the true Robinson emerged—a ballplayer and political activist who refused to stay silent, and who for his whole life remained unswerving in his expectation that all Americans be treated equally, no matter their color. Jackie Robinson in Quotes is a behind-the-headlines narrative about the making and life of a hero. It gives a first-hand account of Jackie Robinson's baseball stardom, his friendships and rivalries, the people he loved and who loved him, the issues that troubled him, and how he took on all challenges to change the face of America's favorite pastime, the country itself, and, thus, history forever.

Black October the Missing Moment Wilson J. Washington Jr.,2017-01-05 WE (Black Men) were all equal leaders that day of the original Million Man March. It was a significant moment in African American history, a “Missing Moment.” History has shown us time and time again that true change engages momentum when we experience a “defining moment.” As we continue to embrace the “defining moment” changes are destined to occur without much additional effort and progress will be realized. It is at this time we can look back and call the change that occurred as a defining moment, a pivotal moment, “Black October - The Missing Moment”.

The Power of Family Unity Rashid Rashad,2013-02-11 Remember me? I am your idea, your opinion, your imagination, produced by thinking. I am to be or not to be. Con-tem-plate me. I am neural activity especially—mostly in the more modern outer layer of your brain or, should I say, cortex, reminiscent of that caused by various experiences and sensations but which you can manipulate to your liking, your aims, your desires. Remember me? I come from the simplest reactions to stimuli and instincts; I have evolved the capacity of learning. The more you use me for righteousness, the more sophisticated your ability to anticipate and estimate outcomes. The more you use me for righteousness, the more you will be able to figure solutions to problems. I am of great value to you. I am your psychoanalysis; explore me for if you explore me, I will introduce you to biology, psychology, and even philosophy. Who put this thing together? Me. Who built this? Me. Who do I trust, who do I trust? Me. That is who I trust—who am I? I am a thought! Why not get to know me better?
