*Crying and Sleep All Night - EASY and EFFORTLESSLY* Jenny Simpson,2017-03-28 There are 3 simple questions to

determine whether you should read this book. Do you spend HOURS trying to get your baby to sleep? Do you dread the nap and evening routine, knowing what is to come? Would you like your baby to fall asleep quickly, on their own, and to sleep all night long...EVEN if you honestly believe you've tried everything...AND In as little as 3 days? If you answered YES to any of those questions then you need to read this book. This revolutionary method effortlessly trains your baby to resettle themselves and quickly fall back to sleep if they wake (without your intervention)...And the best part is your baby will now wake up well rested, happy and healthy (and YOU will be, too!)...I realize it may sound almost unbelievable that in as little as three days you can have your baby sleeping the moment their head hits the pillow, yet I promise you this is all possible...How do I know this Method works so well? Because I used it myself to get my baby to fall asleep on cue each and every night... And listen, I understand it is easy to blame yourself for your baby's sleep issues, but you must realize, it's NOT your fault...And it is actually easier than you could ever imagine to get YOUR baby to quickly fall asleep and sleep soundly through the night...What are some of the benefits can you expect when you follow this program? You will have more time to spend with your partner in the evenings while your little ones are quickly and QUIETLY drifting off to sleep...You will have more energy and will be the envy of all other parents who are struggling with bedtime...You will be so happy and proud of your little one and of your abilities as a confident parent...You will never have to listen to the advice of in-laws and other parents again (no matter how well-meaning it is)...You will sleep better, feel better, and cope better with parenting demands... and you will have a healthy, happy, rested baby! Here is a sample of the powerful techniques you will learn to master: Learn a hugely important discovery that affects all sleep timing issues called the Gap Effect. My unique Merry-Go-Round Technique will leave your baby smiling and much more comfortable. How to gradually ease your baby out of sleeping in a swaddle using my Ladder Technique...The 'sixth sense' guide that will allow you to know why your baby is crying and exactly what to do to settle them within minutes. How babies sleep, how much sleep they need, and why we need to TEACH them to sleep. The secret to getting your baby or toddler to sleep on time, no matter the season or changes to Daylight Saving? And much, much more I can't talk about here.
