Augustine of Hippo: Quotes and Facts Blago Kirov,2016-12-19 This book is an anthology of quotes from Augustine of Hippo and selected facts about Augustine of Hippo. A Christian should be an Alleluia from head to foot A person can do other things against his will, but belief is possible only in one who is willing. Because God has made us for Himself, our hearts are restless until they rest in Him. Singing belongs to one who loves. Christ is not valued at all, unless he is valued above all. Complete abstinence is easier than perfect moderation. Do you wish to rise? Begin by descending. You plan a tower that will pierce the clouds? Lay first the foundation of humility. Even the straws under my knees shout to distract me from prayer For in our hope we are saved. For instantly, as the sentence ended, there was infused in my heart something like the light of full certainty and all the gloom of doubt vanished away. For you have made us for yourself, and our heart is restless until it rests in you. Forgiveness is the remission of sins. For it is by this that what has been lost, and was found, is saved from being lost again. God gives where he finds empty hands. God grants us not always what we ask so as to bestow something preferable. God judged it better to bring good out of evil than to permit no evil to exist. God provides the wind, Man must raise the sail.

The Facts on the Ground William Dyrness, 2021-12-16 Starting with the fraught and often contested role of Christian participation in contemporary culture, and in the light of the chaotic challenges of recent events, William Dyrness develops a biblical theology of cultural wisdom, both its poetics and its practice, as a way of making sense both of these human cultural challenges, and of God's presence on the way to the New Creation. Making use of the biblical category of wisdom in both Old and New Testaments, Dyrness offers a fresh way to understand both human responsibility in culture and God's presence and purposes for creation as this developed in the life of Israel, and was embodied in the life and teachings of Christ. Centrally the book argues Christ's life and teaching represent a Christian wisdom that opened up new possibilities for human culture. This Christian wisdom emerged as the Gospel made its way in culture--first into the Greco-Roman world of the Early Church and then, since the Reformation, into the modern period. Dyrness suggests this Christ-centered cultural wisdom offers resources that help illumine, and transform received notions of common grace, and even general and special revelation.

What Would Christ Do? William Jaynes, 2016-02-01 Many experts in education, psychology, science, philosophy, politics, and across the social sciences and humanities believe that a plethora of people in the world have lost their way and lack a moral compass. In a world in which youth often lack guidance from parents, countless individuals are hurting from broken relationships, and many people lack a sense of purpose, direction, and a sense of who they are, there is a growing awareness around much of world that people should revisit the teachings of Jesus Christ for answers. The Bible is the most published book in the history of the world for a reason. At the heart of Christ's teachings is love, which sadly in many academic, political, and business circles has become the most feared four-letter word of all. In this context, the need to revisit the personal significance of the most quoted verse in the Bible, "For God so loved the world that He gave His only son..." and "God is love," is axiomatic. In a world filled with divisiveness, a dearth of civility, a lack of love, a dismissive attitude toward any sense of truth and absolute values, and the inability for people to get along, it would seem that there is no timelier action one can take than to ask the pertinent question, "What would Christ do?" It is a vital question to ask not only as it applies to one's personal life, but also to the world situation at large. For example, one can argue that the economic crisis of 2008-2009 in the West and the Asian economic crisis of 1997-1998 were largely the result of lack of character and the love of money and power than pervaded the government, business, and the general population. One can argue that had the nations of the world been guided by the example of love, self-sacrifice, humility, and integrity that Christ set, those crises would not have happened. Life is filled with enough challenges without a lack of virtue creating more trials. Addressing the question of, "What would Christ do?" can help the reader engage in better decision making that can literally change one's life and help establish a reputation of love, character, and compassion that will open doors into a better life.

Politically Correct Moral Autonomy: Christianity Besieged! Stirring the Melting Pot to a Boil Ferd Wagner, 2022-06-15 On what basis should we accept or reject political or social philosophies that insist human nature, human wisdom and human cooperation have the potential to resolve our issues and problems if we buy into the morality espoused by liberal politics and liberal resolutions? Should we side with progressives who see most people as good, free to self-determine their own standards and will do the right thing if given the opportunity? Or with the right political and social contracts proposed by the "correct" party who see the morality of the liberal government as our correct way of achieving peace and prosperity? Should Christians have a place at the table? The challenge here and in all such debates is what constitutes acceptable moral

standards and practices that accurately represent the will of the majority without denying the legal, social and moral rights of the minority? Then the question becomes how to correctly implement those standards. Here, each side should be challenged to present evidence and facts that either refute or prove the posited solutions or reforms can be validated by an acceptable objective authority or unbiased source. At this point, the debate demands proof or corroboration that the authorities being identified are trustworthy and beyond reproach. Is the authority a person, institution, document or charismatic leader and speaker? What evidence or past experiences corroborate their integrity and wisdom in dealing with the issue at hand? If you combine or spread the authority from the four different entities listed above, are you more likely to get subjective solutions based on human nature and human experience or divine solutions based on Christian theology and practice? One standard will insist that merit, integrity, honor and personal accountability is the better way to create more ethical and harmonious relationships while the other looks more towards fairness, inclusion and equality as the keys to harmony and prosperity. Here is where the rubber hits the road. Can any human, political party or institution claim superiority over all other authorities? If so, which one? In our system of government, a president and in most situations, his political party rules the roost for four years. Often, they dramatically change the moral and ethical atmosphere, refuting the direction of the preceding administration. Our checks and balances are primarily politically manipulated by the party in power and frequently are more rigged than balanced. Should our system be predicated on scriptural truth whose default is ethical accountability across the board or continue down the path where what is politically pragmatic and pluralistic enough to maintain control and power is the default? Political correctness cannot please all the people all the time. Nothing can. Which groups then should get priority; the ethical, accountable, sacrificial individuals and organizations, or the self-serving, you owe me, I deserve it groups who feel entitled to special privileges or rights? Meritocracy or hypocrisy? God's ethics or man's identity politics' morality?

Reason of the Hope Ronie F. Magcamit, 2020-04-08 For many years, the secular world has treated the word "faith" as a jargon that cannot be proven by anything tangible. People who still believe in God are considered unreasonable and lack understanding of the "real" world. Sadly, some Christians who join churches rely on "blind faith" with no or very minimal ability to defend their beliefs when they get cross-examined by a non-believer. In Reason of the Hope, author Ronie F. Magcamit focuses on ten major faith-related topics or issues asked by young Christians and secular people. He discusses the reliability of scriptures, creation versus evolution, end-time events, reformation, ten commandments, apologetics, life and miracles of Jesus, teachings in parables, the resurrection of Christ, and the second coming of Jesus. Ronie presents some of the usual objections to Christianity and provides practical responses for a new generation of Christians. Reason of the Hope encourages you to build your faith in Christ and enables you to help others build their faith as well.

Prescription for the People Fran Quigley,2017-11-15 In *Prescription for the People*, Fran Quigley diagnoses our inability to get medicines to the people who need them and then prescribes the cure. He delivers a clear and convincing argument for a complete shift in the global and U.S. approach to developing and providing essential medicines—and a primer on how to make that change happen. Globally, 10 million people die each year because they are unable to pay for medicines that would save them. The cost of prescription drugs is bankrupting families and putting a strain on state and federal budgets. Patients' desperate need for affordable medicines clashes with the core business model of the powerful pharmaceutical industry, which maximizes profits whenever possible. It doesn't have to be this way. Patients and activists are aiming to make all essential medicines affordable by reclaiming medicines as a public good and a human right, instead of a profit-making commodity. In this book, Quigley demystifies statistics and terminology, offers solutions to the problems that block universal access to medicines, and provides a road map for activists wanting to make those solutions a reality.

Morality and Masculinity in the Carolingian Empire Rachel Stone,2011-10-20 What did it mean to be a Frankish nobleman in an age of reform? How could Carolingian lay nobles maintain their masculinity and their social position, while adhering to new and stricter moral demands by reformers concerning behaviour in war, sexual conduct and the correct use of power? This book explores the complex interaction between Christian moral ideals and social realities, and between religious reformers and the lay political elite they addressed. It uses the numerous texts addressed to a lay audience (including lay mirrors, secular poetry, political polemic, historical writings and legislation) to examine how biblical and patristic moral ideas were reshaped to become compatible with the realities of noble life in the Carolingian empire. This innovative analysis of Carolingian moral norms demonstrates how gender interacted with political and religious thought to create a distinctive Frankish elite culture, presenting a new picture of early medieval masculinity.

Mixed Feelings Douglas Cairns,Pia Campeggiani,2025-06-02 'Affective valence' typically refers to the way an affective state feels, i.e. the quality of the (dis)pleasure we subjectively experience: fear usually feels unpleasant, while joy feels good.

Yet sometimes affective experience feels 'bittersweet', i.e. good and bad at the same time, as when we enjoy being scared on the roller coaster or being sad when reading a heart-rending novel. In these situations, mixed affect is experienced as a blended state in which positive and negative aspects cannot be prised apart in any meaningful way. But mixed affect can also arise from conflicting emotions (e.g. when we desire something that we also wish to avoid), from ambivalence (e.g. when we are of two minds about something), and more. Taking a cross-cultural and multidisciplinary perspective, this volume aims to enrich our understanding of the phenomenology of mixed affective experiences. It explores narrative representations of mixed emotions in historical and literary works in both Western and Eastern traditions, as well as the theorization of such experiences in these traditions. It will be of interest to students and scholars of literature (especially classical Chinese, Greek, Indian, and Latin), history of emotions, and philosophy.

1-2 Samuel, 1-2 Kings, 1-2 Chronicles Derek Cooper, Martin J. Lohrmann, 2016-04-05 This latest volume in the Reformation Commentary on Scripture (RCS) series offers biblical commentary from numerous Reformation-era theologians, pastors, and preachers from a variety of theological traditions—Lutheran, Reformed, Anglican, Radical, and Roman Catholic—on six Old Testament books: 1-2 Samuel, 1-2 Kings, and 1-2 Chronicles.

Golden Quotes Bola Ige, 2000

Calvin and the Christian Tradition R. Ward Holder, 2022-06-09 John Calvin lived in a divided world when past certainties were crumbling. Calvin claimed that his thought was completely based upon scripture, but he was mistaken. At several points in his thought and his ministry, he set his own foundations upon tradition. His efforts to make sense of his culture and its religious life mirror issues that modern Western cultures face, and that have contributed to our present situation. In this book, R. Ward Holder offers new insights into Calvin's successes and failures and suggests pathways for understanding some of the problems of contemporary Western culture such as the deep divergence about living in tradition, the modern capacity to agree on the foundations of thought, and even the roots of our deep political polarization. He traces Calvin's own critical engagement with the tradition that had formed him and analyzes the inherent divisions in modern heritage that affect our ability to agree, not only religiously or politically, but also about truth. An epilogue comparing biblical interpretation with Constitutional interpretation is illustrative of contemporary issues and demonstrates how historical understanding can offer solutions to tensions in modern culture.
