

Salve Regina En Latn

AW Chickering

Salve regina ,1866

The Unknown Schubert Lorraine Byrne Bodley, 2017-07-05 Franz Schubert (1797-1828) is now rightly recognized as one of the greatest and most original composers of the nineteenth century. His keen understanding of poetry and his uncanny ability to translate his profound understanding of human nature into remarkably balanced compositions marks him out from other contemporaries in the field of song. Schubert was one of the first major composers to devote so much time to song and his awareness that this genre was not rated highly in the musical hierarchy did not deter him, throughout a short but resolute and hard-working career, from producing songs that invariably arrest attention and frequently strike a deeply poetic note. Schubert did not emerge as a composer until after his death, but during his short lifetime his genius flowered prolifically and diversely. His reputation was first established among the aristocracy who took the art music of Vienna into their homes, which became places of refuge from the musical mediocrity of popular performance. More than any other composer, Schubert steadily graced Viennese musical life with his songs, piano music and chamber compositions. Throughout his career he experimented constantly with technique and in his final years began experiments with form. The resultant fascinating works were never performed in his lifetime, and only in recent years have the nature of his experiments found scholarly favor. In *The Unknown Schubert* contributors explore Schubert's radical modernity from a number of perspectives by examining both popular and neglected works. Chapters by renowned scholars describe the historical context of his work, its relation to the dominant artistic discourses of the early nineteenth century, and Schubert's role in the paradigmatic shift to a new perception of song. This valuable book seeks to bring Franz Schubert to life, exploring his early years as a composer of opera, his later years of ill-health when he composed in the shadow of death, and his efforts to reflect i

Mary and Mariology ,

Sacred Sound Guy L. Beck, 2006-07-17 This innovative book explores religion through music - the source of spiritual elation, social cohesion, and empowerment in cultures around the world.--BOOK JACKET.

Prayers to the Virgin Mary , 2013-06-11 Prayers to the Virgin Mary is a collection of prayers dedicated to the Holy Virgin Mary The book ' Prayers to the Virgin Mary ' has over 40 prayers including traditional prayers such as Hail Mary, Ave Maria, Queen of Heaven, Canticle of Mary but also less known prayers like Aspiration to Mary, Mother of Grace, O Holy Mary My Mother...

Sing of Mary Stephanie Budwey, 2014-11-14 Throughout the history of Christianity, Mary has been a beacon of hope to many who look to her. While Christians have always prayed to Mary, they have also sung to her in times of joy and sorrow. *Sing of Mary* analyzes Marian hymnody throughout Christianity—and particularly in the Roman Catholic Church in the United States from 1854 to today—focusing not only on the texts and music but also on the contexts out of which these hymns came. By using a holistic methodology—drawing from anthropology, history, liturgy, musicology, psychology, sociology, and theology—this study takes an interdisciplinary approach toward studying Marian theology and devotion through the lens of hymnody. This volume, accessible to both laypeople and academics, provides readers with a clear and full understanding of Marian hymnody by looking at many examples throughout the history of Christianity up through the present, thus shedding light on the history of Marian devotion and theology. The work concludes by providing hope for the future of Marian congregational song, particularly by exploring how the Magnificat can help Marian congregational song be meaningful to a wide range of Christians.

Giovanni Pierluigi da Palestrina Clara Marvin, 2013-10-15 First Published in 2002. This guide introduces students and scholars to the literature on Palestrina as well as the complicated history of the publication of his works. This bibliography is divided into four primary sections: historical background on musical, social, and cultural life; biographical literature; studies of sources, music, and style; and reception history. They are divided roughly into the periods dating from Palestrina's lifetime to about 1750; from about 1750 to about 1914; from 1914 to the present. This title also contains historical research on performance conditions and practices as they would have applied in Palestrina's time.

Hurrah for New England W. P. Chamberlain, 1855

Martin Luther Eric Metaxas, 2018-10-02 NEW YORK TIMES BESTSELLER “Metaxas is a scrupulous chronicler and has an eye for a good story. . . . full, instructive, and pacey.” —The Washington Post From #1 New York Times bestselling author Eric Metaxas comes a brilliant and inspiring biography of the most influential man in modern history, Martin Luther, in time

for the 500th anniversary of the Reformation On All Hallow's Eve in 1517, a young monk named Martin Luther posted a document he hoped would spark an academic debate, but that instead ignited a conflagration that would forever destroy the world he knew. Five hundred years after Luther's now famous Ninety-five Theses appeared, Eric Metaxas, acclaimed biographer of the bestselling Bonhoeffer: Pastor, Martyr, Prophet, Spy and Amazing Grace: William Wilberforce and the Heroic Campaign to End Slavery, paints a startling portrait of the wild figure whose adamant faith cracked the edifice of Western Christendom and dragged medieval Europe into the future. Written in riveting prose and impeccably researched, Martin Luther tells the searing tale of a humble man who, by bringing ugly truths to the highest seats of power, caused the explosion whose sound is still ringing in our ears. Luther's monumental faith and courage gave birth to the ideals of liberty, equality, and individualism that today lie at the heart of all modern life.

Prophetic Song Michael P. Kuczynski, 2016-11-11 A study of the Psalter's influence on the language of prescription and proscription, injunction, command, censure, reproof, and other ethical instruction in late medieval England, as well as exegesis and meditation that clearly had a homiletic or polemic bias. Among the themes is the distinction between the private and public use the Psalms were put to, and the deliberate blurring of that distinction to illustrate the unity between individual salvation and the reform of society.

The parochial hymn book Parochial hymn book, 1881

Converting Words William F. Hanks, 2010-03-17 This pathbreaking synthesis of history, anthropology, and linguistics gives an unprecedented view of the first two hundred years of the Spanish colonization of the Yucatec Maya. Drawing on an extraordinary range and depth of sources, William F. Hanks documents for the first time the crucial role played by language in cultural conquest: how colonial Mayan emerged in the age of the cross, how it was taken up by native writers to become the language of indigenous literature, and how it ultimately became the language of rebellion against the system that produced it. *Converting Words* includes original analyses of the linguistic practices of both missionaries and Mayas-as found in bilingual dictionaries, grammars, catechisms, land documents, native chronicles, petitions, and the forbidden Maya Books of Chilam Balam. Lucidly written and vividly detailed, this important work presents a new approach to the study of religious and cultural conversion that will illuminate the history of Latin America and beyond, and will be essential reading across disciplinary boundaries.
