

Nan Britton The Presidents Daughter

Robert H. Ferrell

The President's Daughter Nan Britton, 2013-11-26 The President's Daughter, America's first major kiss-and-tell political biography, caused a sensation when it was published in 1928. Nan Britton described her six-year affair with the late Warren G. Harding, most famously including trysts in a White House coat closet. President Harding's paternity of Britton's daughter Elizabeth Ann, born in 1919, was proved by DNA testing in 2015.

How and why Nan Britton Wrote The President's Daughter Nan Britton, 1928

The President's Daughter Nan Britton, 1927

The President's Daughter Nan Britton, I was born in Claridon, Ohio, a very small village about ten miles east of Marion, Ohio, on November 9th, 1896. My father, a physician, was at that time practising under the supervision of his cousin, an older physician who had an established practice of long standing. My mother, who had received some of her high school training in Marion, where she had come from New Philadelphia, Ohio, to live with her maternal grandmother, was teaching a country school in Claridon when father met her. I was still a baby and my older sister Elizabeth about three when we moved to Marion, where we settled permanently. Inasmuch as this book has much to do with President Harding and myself, I may sketch briefly the friendly relations which existed early between our families: While my father was working up a practice in Claridon, Mr. Harding, then in his twenties, was struggling with Marion's now well-known newspaper, The Marion Daily Star. Father, being himself somewhat of a writer, often wrote humorously to Mr. Harding of his experiences among the country-folk, and these letters were edited by Mr. Harding and published in his paper; I remember Mr. Harding's telling me how delighted he always was to receive them. My father always spoke of Mr. Harding with warmest affection, and, later on, was one of Mr. Harding's strongest advocates despite the fact that my father was a Democrat. It is very likely that they developed mutual regard and affection for each other back in those days of ambitious editor and country doctor. Certainly no finer tributes could be paid any man than those which I have myself heard from Mr. Harding concerning my father. Mr. Harding's father was a physician also, and this fact may have strengthened the bond of friendship which early grew to warm regard. As far back as I can remember Dr. Harding had his office in the old Star Building, right across the hall from his editor-son. I believe it is only recently that he has discontinued active practice. I know he has passed his eighty-second birthday. My

mother's attitude in the matter of my relationship to Mr. Harding has not been conducive to discussion with her about her own early acquaintance with the Harding family, but this I know: she must have been attending high school at the same time that some of the Hardings were, because she is only a few years Abigail Harding's senior. There were, as Miss Abigail Harding has often told me, three "sets" of Harding children: first came Warren, the eldest, then Charity, these two forming the first set; then came "Deac" (Dr. George Tryon Harding III, only brother of Warren) and presumably Mary, the sister who was almost blind and who died about 1910, I think, soon after Warren Harding's mother passed on; then came Abigail, known to everyone as "Daisy" Harding, and lastly Carolyn, the "baby" of the family. It seems to me there was a child who died very early, though I am not sure about this. My mother had a sister Della who also lived a good part of the time with mother's and her maternal grandmother, Mrs. Mary Richards, in Marion, and, I believe, went to school there also. Della Williams married a missionary to Burma, India, Howard E. Dudley. Some time after, Carolyn Harding also married a missionary to Burma, Heber Herbert Votaw. Up to that time "Carrie" and "Dell" had been friends, if not intimate at least upon the friendliest kind of terms. However, their husbands were missionaries of decidedly different denominations. Carrie Harding married a Seventh Day Adventist and my Aunt Dell married a Baptist. So from then on their paths diverged. Diverged indeed so widely that my first recollection of hearing the Hardings discussed at any great length is identified with a heated argument between Aunt Dell and my older sister Elizabeth. I remember that Aunt Dell was almost ferocious in her condemnation of the Seventh Day Adventists and their religion which, to her certain knowledge, she said, was a detrimental influence upon the natives wherever it was promulgated. At that time Mrs. Carrie Harding Votaw's cause was warmly espoused by my older sister who, then in high school and in the English class of Miss Abigail Harding, had met and had developed a girlish "crush" upon her sister, the missionary. I cannot forget that argument, which resulted in more or less of a family quarrel (for even my parents' loyalty was divided) and was responsible for my aunt's sudden departure. She took occasion to denounce the Seventh Day Adventist religion before a group of her own denomination at a camp meeting and almost immediately flounced out of the city with her very picturesque family.

The President's Daughter Nan Britton, 1927 If love is the only right warrant for bringing children into the world then many children born in wedlock are illegitimate and many born out of wedlock are legitimate. So contends Nan Britton in this account of Elizabeth Ann, her daughter by Warren G. Harding.

Dead Last Phillip G. Payne, 2009 CHOICE Outstanding Academic Title If George Washington and Abraham Lincoln are the saints in America's civil religion, then the twenty-ninth president, Warren G. Harding, is our sinner. Prior to the Nixon administration, the Harding scandals were the most infamous of the twentieth century. Harding is consistently judged a failure, ranking dead last among his peers. By examining the public memory of Harding, Phillip G. Payne offers the first

significant reinterpretation of his presidency in a generation. Rather than repeating the old stories, Payne examines the contexts and continued meaning of the Harding scandals for various constituencies. Payne explores such topics as Harding's importance as a midwestern small-town booster, his rumored black ancestry, the role of various biographers in shaping his early image, the tension between public memory and academic history, and, finally, his status as an icon of presidential failure in contemporary political debates. Harding was a popular president and was widely mourned when he died in office in 1923; but with his death began the construction of his public memory and his fall from political grace. In *Dead Last*, Payne explores how Harding's name became synonymous with corruption, cronyism, and incompetence and how it is used to this day as an example of what a president should not be.

All the Presidents' Children Doug Wead, 2004-01-06 Biographical sketches of the children of the presidents from the time of George Washington to the present.

The Strange Deaths of President Harding Robert H. Ferrell, 1998-09-16 Rumors circulated of the president's death by poison, either by his own hand or by that of his wife; allegations of an illegitimate daughter were made; and questions were raised concerning the extent of Harding's knowledge of the Teapot Dome scandal and of irregularities in the Veterans' Bureau, as well as his tolerance of a corrupt attorney general who was an Ohio political fixer. Journalists and historians of the time added to his tarnished reputation by using sources that were easily available but inaccurate. In *The Strange Deaths of President Harding*, Ferrell lays out the facts behind these allegations for the reader to ponder.

The Presidents Stephen Graubard, 2009-05-07 In this magisterial examination of the Presidency over the course of the 20th Century, the author explores the history of the world's greatest elective office and the role each incumbent has played in changing the scope of its powers. Using individual presidential portraits of each of the presidents of the past century Graubard asks, and answers, a wide variety of crucial questions about each President. What intellectual, social and political assets did they bring to the White House, and how quickly did they deplete or mortgage that capital? How well did they cope with crises, foreign and domestic? How much attention did they pay to their election pledges after they were elected? How did they use the media, old and new? Above all, how did they conduct themselves in office and what legacy did they leave to their successors? Graubard provides original analysis in each case, and reaches many surprising conclusions.

The Presidents Brian Lamb, Susan Swain, 2019-04-23 The complete rankings of our best -- and worst -- presidents, based on C-SPAN's much-cited Historians Surveys of Presidential Leadership. Over a period of decades, C-SPAN has surveyed

The crucible of the presidency has forged some of the very best and very worst leaders in our national history, along with everyone in between. Based on interviews conducted over the years with a variety of presidential biographers, this book provides not just a complete ranking of our presidents, but stories and analyses that capture the character of the men who held the office. From Abraham Lincoln's political savvy and rhetorical gifts to James Buchanan's indecisiveness, this book teaches much about what makes a great leader -- and what does not. THE GREAT HEIST Bill Maske, 2023-09-24 Predatory subjugation based on economic status is nothing new in the annals of history. From the beginning of time, the greatest discriminatory factor of one person or group of people over another has been based on material wealth. In ancient and not-so-ancient times, there was nothing subtle about the wealthy ruling supreme. In many societies, the class structure is clear with little chance of upward mobility. Capitalism arose out of medieval Europe, and as it evolved, it appeared to hold hope for a more economically just world. Even at the time of the American Revolution, capitalism appeared to be a liberating force for the new nation. This book, the first of three, focuses on how capitalism and the Industrial Revolution unleashed a predatory force that swung the pendulum of economic justice in a direction contrary to a nation of, for, and by the people. While this book is historical fiction, the events and impact of such events are real. Social justice cannot exist without economic justice. A people can not enjoy the fruits of freedom and liberty without the economic wherewithal to do so. For all the good intentions of this great nation, the wealthy have been allowed to pervert the entire notion of equality. In this book, you will discover how wealth was used to control and manipulate people in power, as well as the general public. At the turn of the twentieth century, the great heist began in earnest. And while capitalism and the free enterprise system appear worthy of a great nation and people, it is through the corrupt underbelly that the wealthy rule supreme. If you like history, you will like this book. If you like intrigue, you will like this book. This book is intended to enlighten and entertain.

Dark History of the American Presidents Michael Kerrigan, 2012-10-31 Dark History of the American Presidents covers every dirty deed committed behind the White House fence, from financial profiteering and insider trading to illicit bugging of the opposition, including the terms of Presidents George W. Bush and Barack Obama.

The Jazz Age President Ryan S. Walters, 2022-02-15 Presidents are ranked wrong. In *The Jazz Age President: Defending Warren G. Harding*, Ryan Walters mounts a case that Harding deserves to move up—and supplies the evidence to make that case strong. -Amity Shlaes, bestselling author of *Coolidge* He's the butt of political jokes, frequently subjected to ridicule, and almost never absent a Worst Presidents list where he most often ends up at the bottom. Historians have labeled him the

Worst President Ever, Dead Last, Unfit, and Incompetent, to name but a few. Many contemporaries were equally cruel. H. L. Mencken called him a nitwit. To Alice Roosevelt Longworth, he was a slob. Such is the current reputation of our 29th President, Warren Gamaliel Harding. In an interesting survey in 1982, which divided the scholarly respondents into conservative and liberal categories, both groups picked Harding as the worst President. But historian Ryan Walters shows that Harding, a humble man from Marion, Ohio, has been unfairly remembered. He quickly fixed an economy in depression and started the boom of the Roaring Twenties, healed a nation in the throes of social disruption, and reversed America's interventionist foreign policy.
