Sistemas políticos de América Latina Manuel Alcántara Sáez, 2013-12-16 La política latinoamericana ha consolidado alguna de las tendencias que ya estaban presentes hace una década. Ha continuado el asentamiento de la institucionalidad poliárquica procesando el conflicto político mediante elecciones o arreglos institucionales que han sido capaces de encauzar las muy severas crisis enfrentadas. Los comicios han seguido siendo la guía de la vida política, pese a cierta desconfianza social en su desarrollo, y son el instrumento a través del cual se ha articulado la acción política. Mientras tanto, el universo

partidista ha continuado sufriendo profundas mutaciones en lo atinente a sus ataduras ideológicas, en la volatilidad de las ofertas electorales y en su drástica desinstitucionalización en la mitad de los países que se consideran en este volumen. Poco a poco se han ido conformando dos modelos de hacer política que, en gran medida, se alinean con el tradicional continuo izquierda-derecha y que, a su vez, retoman viejos temas de la política de la región como el nacionalismo, el papel del Estado, la personalización de la política, las relaciones con Estados Unidos, la integración regional, el multiculturalismo de carácter fundamentalmente étnico y la inclusión social.

Presidentes de Bolivia Carlos D. Mesa G.,1983

Un amor desenfrenado por la libertad Ivan Omar Velasquez Castellanos,Lupe Cajías (coordinadora),2022-02-01 Un amor desenfrenado por la libertad. Antología de la historia política de Bolivia (1825-2020): Con esta publicación pretendemos evaluar y analizar propositivamente la historia política de Bolivia, de cara al bicentenario. No solamente identificando sus problemas o deficiencias sino también sus fortalezas y sus potencialidades para ver con realismo al futuro. Mirar en retrospectiva, nos ayuda a identificar cuáles han sido los problemas y las limitaciones que incidieron en el rezago de Bolivia, a su vez analizar cuáles han sido sus avances más significativos en estos 195 años de historia política. El contenido temático se dividió en siete periodos enmarcados en sendas constituciones del Estado, que al menos en teoría marcaban las avenidas centrales por donde transcurría el devenir nacional y reflejaban los momentos históricos, lo constante y lo que cambiaba. Así el cambio constitucional representó el punto de inflexión del ciclo político en el cual los autores enfocarían su trabajo. La otra línea de continuidad es el desarrollo económico y los auges de exportaciones y las caídas por crisis internacionales, además del impacto de las guerras internacionales que enfrentó Bolivia en el siglo XIX, en el siglo XX y las relaciones con sus vecinos. Además, el lector conocerá el impacto de la economía centralizada en el desarrollo de las regiones.
