She’s been trying to put the crime out of her mind; what could she have done, really? It’s a dangerous road to be on in the middle of a storm, and she probably would have been hurt herself if she’d stopped. Not only that, her husband would be furious if he knew she’d broken her promise not to take that shortcut home. But since then, she’s been forgetting every little thing. Where she left the car; if she took her pills; even the alarm code. The only thing she can’t forget is that woman, the woman she might have saved, and the terrible nagging guilt. And the silent calls she’s receiving, or the feeling that someone’s watching her...

Why Borders Matter Frank Furedi, 2020-05-13 Western society has become estranged from the borders and social boundaries that have for centuries given meaning to human experience. This book argues that the controversy surrounding mass migration and physical borders runs in parallel and is closely connected to the debates surrounding the symbolic boundaries people need to guide on the issues of everyday life. Numerous commentators claim that borders have become irrelevant in the age of mass migration and globalisation. Some go so far as to argue for 'No Borders'. And it is not merely the boundaries that divide nations that are under attack! The traditional boundaries that separate adults from children, or men from women, or humans from animals, or citizens and non-citizens, or the private from the public sphere are often condemned as arbitrary, unnatural, and even unjust. Paradoxically, the attempt to alter or abolish conventional boundaries coexists with the imperative of constructing new ones. No-Border campaigners call for safe spaces. Opponents of cultural appropriation demand the policing of language and advocates of identity politics are busy building boundaries to keep out would-be encroachers on their identity. Furedi argues that the key driver of the confusion surrounding borders and boundaries is the difficulty that society has in endowing experience with meaning. The most striking symptom of this trend is the cultural devaluation of the act of judgment, which has led to a loss of clarity about the moral boundaries in everyday life. The infantilisation of adults that runs in tandem with the adultification of children offers a striking example of the consequence of non-judgmentalism. Written in a clear and direct style, this book will appeal to students and scholars in cultural sociology, sociology of knowledge, philosophy, political theory, and cultural studies.

Paris, the bestselling author of Behind Closed Doors One woman is trapped in the death-grip of the past—and every one of its dark secrets—in this riveting novel of psychological suspense from Claire Douglas, award-winning author of The Sisters and Local Girl Missing. As much as Libby Hall needs a vacation, she's never considered taking one until she sees the note for a house swap. Suffering a miscarriage was a personal turning point. Saving a child from a burning school was a public one. Just as the emotional fallout of both incidents takes its toll, along comes her lifelines—the Heywoods, a couple in need of a getaway of their own. Libby and her husband Jamie can't believe their good fortune when they arrive at the Heywood's isolated seaside estate with its panoramic views—and just in exchange for their drab two-bedroom apartment. How generous of the Heywoods! Yet how odd. Libby almost feels guilty until the home yields disquieting surprises: a fortune in hidden surveillance equipment, a stranger in the garden who watches them, and the make-shift operating room in the basement... When Jamie falls dangerously ill, all Libby wants is to return to their comfortably imperfect lives. But it's already too late. Libby has just discovered the Heywoods' biggest secret. And when it appears that even Jamie is hiding something from her, Libby's paranoia gets the best of her. It should. For she has buried secrets of her own. As the past comes crawling out of the darkness, Libby fears she's walked into an elaborate trap. But who has set it? What do they want of her? And what is she willing to risk to make it out alive...?
