Saberlo es negocio Claudio Destéfano, 2011-09-01 La intimidad de empresas grandes, medianas y pequeñas, para captar claves de la planificación de sus productos, sus estrategias de posicionamiento y de marketing, sus campañas publicitarias. Muchas veces, el éxito de un proyecto depende de detalles que, a primera vista, pueden pasar inadvertidos o incluso parecer triviales. Detalles que pueden tener el costo de poner un espejo en la trastienda del negocio o valer millonadas de dólares. En este libro, Claudio Destéfano pone en práctica su reconocida capacidad para captar esos detalles que hacen la diferencia. Sus historias, datos y datillos, de primera mano, con nombre, apellido y marca, permiten que el lector dé rienda suelta a su curiosidad y se asome a la intimidad de empresas grandes, medianas y pequeñas, para captar claves de la planificación de sus productos, sus estrategias de posicionamiento y de marketing, sus campañas publicitarias. Saber qué, cómo y por qué lo hacen es, definitivamente, negocio. Estas historias de gente que hace se enriquecen con aportes de muchos de los protagonistas: directores de empresas, emprendedores, consultores y periodistas contribuyen con sus propias reflexiones. Una guía invaluable que, además, demuestra por qué Claudio Destéfano es considerado por sus colegas el periodista con la mejor agenda de contactos de la City porteña.

Toys and American Culture Sharon M. Scott, 2009-12-09 Tracing developments in toy making and marketing across the evolving landscape of the 20th century, this encyclopedia is a comprehensive reference guide to America's most popular playthings and the culture to which they belong. From the origins of favorite playthings to their associations with events and activities, the study of a nation's toys reveals the hopes, goals, values, and priorities of its people. Toys have influenced the science, art, and religion of the United States, and have contributed to the development of business, politics, and medicine. *Toys and American Culture: An Encyclopedia* documents America's shifting cultural values as they are embedded within and transmitted by the nation's favorite playthings. Alphabetically arranged entries trace developments in toy making and toy marketing across the evolving landscape of 20th-century America. In addition to discussing the history of America's most influential toys, the book contains specific entries on the individuals, organizations, companies, and publications that gave shape to America's culture of play from 1900 to 2000. Toys from the two decades that frame the 20th century are also included, as bridges to the fascinating past—and the inspiring future—of American toys.

Hay otro partido Claudio Destéfano, 2011-09-01 Un recorrido por estrategias, historias y perlas imperdibles sobre la

asociación entre marcas y deportes. En el mundo del deporte, paralelamente al encuentro que transcurre en la cancha, hay otro partido, del que no siempre somos conscientes: es el que juegan las marcas que asocian sus estrategias de marketing a las competencias deportivas. Es un match que se disputa dentro y fuera del estadio, y del que participan mucho más que dos contendientes. En él se dan clásicos, como el de las gaseosas o el de las marcas de indumentaria deportiva, que nada tienen que envidiarle a un Boca-River, un Barcelona-Real Madrid o un Nadal-Federer. En esta oportunidad, Claudio Destéfano pone en práctica su reconocida capacidad para captar esos detalles que hacen la diferencia en el mundo de las marcas, para revelarnos los entretelones de ese otro partido. Y lo hace de manera novedosa, vinculando los relatos del libro con el primer museo virtual del marketing deportivo (hayotropartido.com.ar), donde el lector tendrá acceso a singulares imágenes que se relacionan con estas historias. Pasen, vean, toquen y disfruten las piezas exhibidas, que verdaderamente son de colección.

Un sueño made in Argentina Solange Levinton, 2025-02-24 A partir de la historia de una singular familia y de su arriesgada empresa, Levinton retrata la compleja realidad política de Argentina a finales del siglo xx. En octubre de 1974, poco después de la muerte de Perón y en medio de una violencia política sin precedentes, se inauguró Pumper Nic, el primer fast food de Argentina. Era una copia descarada de las cadenas norteamericanas que introdujo el concepto de comida rápida o, como anunciaba su eslogan, «una nueva forma de comer». Su fundador tenía veintinueve años y todo lo que sabía sobre montar un negocio lo había aprendido de su padre, un carnicero judío que había llegado sin nada desde Alemania huyendo de los nazis. La atrevida idea de ofrecer hamburguesas «en el país del bife de chorizo» se convirtió en un negocio millonario capaz de sobrevivir durante dos décadas atravesadas por crisis salvajes. Esta investigación, que se alzó con el III Premio de No Ficción Libros del Asteroide, reconstruye la historia de una marca que se transformó en leyenda y que encarnaba el sueño americano en el sur de Latinoamérica. A partir de las peripecias de la familia fundadora, Levinton retrata desde un original punto de vista la compleja realidad política argentina en la segunda mitad del siglo xx. «Levinton se anima a una peligrosa tarea: hurgar en un recuerdo colectivo. Con probado talento para la investigación periodística y una literatura tan exquisita como amorosa, la autora revela la historia del primer restaurante de comida rápida en el que los argentinos fuimos felices.» Emilse Pizarro «A partir del primer fast food de la Argentina, Solange Levinton traza con pericia el pulso de un país y una sociedad que en el siglo XX se imaginó a sí misma como faro de la modernidad pero a la vez produjo sus peores monstruos.» Ana Wajszczuk

La cajita infeliz (The Unhappy Meal) Hector Eduardo Sartelli, 2014-11-21 Siguiendo la estela de una honorable tradición literaria, la de los grandes libelos inseparables de la lucha por el progreso y la igualdad, Eduardo Sartelli combina virtuosamente la gris teoría con el verde de la vida para regalarnos un magnífico «viaje marxista a través del capitalismo» en el que la sociedad capitalista no sale nada bien librada. Concebido como un viaje a la manera del Drácula de Bram Stoker,

entraremos al mundo del capital, al dominio del trabajo alienado, examinaremos la forma de funcionamiento del sistema y sus consecuencias sobre la vida y la cultura humanas.

Almuerzo gratis Rex Ogle, 2025-08-12 The highly anticipated Spanish language edition of Free Lunch, Rex Ogle's award-winning and groundbreaking memoir about hunger, poverty, and hope. Ganador del Premio YALSA a la Excelencia en No Ficción "Un poderoso retrato de la pobreza en medio de la crueldad y el optimismo". —Kirkus Reviews, reseña destacada Almuerzo gratis es la historia de los esfuerzos de Rex Ogle por abrirse camino en su primer semestre de sexto grado como niño pobre en un distrito escolar rico: decidir con quién sentarse, no poder unirse al equipo de fútbol americano, además de lidiar con nuevos compañeros de clase y con una profesora que de solo mirarlo lo tilda de problemático. Y en lugar de darle dinero para el almuerzo, la madre de Rex lo inscribe en el programa de almuerzo gratis. Ni ella ni su novio tienen trabajo, y la vida en su casa está marcada por estallidos de violencia. Implacable y realista, la desgarradora autobiografía de Rex Ogle es una historia de adversidades entrelazadas con esperanza y momentos de gracia. La voz de Rex es convincente y auténtica, lo que hace de Almuerzo gratis una obra honesta, oportuna y esencial que ilustra la experiencia de la pobreza en Estados Unidos.

No contaban con mi astucia Luis Manuel Ruiz, 2021-10-07 No contaban con mi astucia era el grito de guerra del famoso héroe latinoamericano de la televisión de los setenta, que se enfrentaba a sus enemigos con armas tan exóticas como el Chipote Chillón o las Pastillas de Chiquitolina. También es el grito de su principal discípulo, Mo Pardo, otro tipo de héroe que vive en uno de los barrios menos recomendables de Sevilla, perdido en un mundo poblado de mensajes en clave, tesoros escondidos, malhechores tremebundos y mendigos que, dicen, pertenecen a la corte del Rey Arturo. A este héroe tendrá que recurrir de nuevo la inspectora Esther Béjar cuando se tope con uno de los casos más sorprendentes de su carrera, durante un congreso que reúne en Sevilla a coleccionistas y obsesos del mundo del juguete. Quizá sólo él sepa orientarla entre esta charada de cadáveres con ojos vacíos, piezas legendarias y sectas enfrentadas entre sí, que buscan a la vez la reliquia más codiciada.

Fijando precios para ganar competitividad Jagmohan Raju, John Zhang, 2010-11-03 Repleto de ilustrativos ejemplos, los lectores descubrirán restaurantes en los que los clientes fijan el precio, averiguarán cómo Google y otras empresas de alta

Esta obra le ayuda a comprenderlos, seleccionarlos y utilizarlos para triunfar. El tratamiento más completo sobre el tema en el ámbito de la nueva economía actual. De lectura obligada para todos los interesados en explorar el poder de la estrategia de precios Libro innovador para mejorar la rentabilidad y para atraer a nuevos clientes.

Capitalismo límbico David T. Courtwright, 2025-01-29 De la mano de un destacado experto en adicciones, esta es una historia provocadora y singular sobre cómo las grandes multinacionales se han orientado hacia el centro de recompensa de nuestro cerebro, llevándonos a adicciones que van desde los analgésicos hasta los Big Macs, pasando por Assassin's Creed, Snapchat o la pornografía. David T. Courtwright afirma que el origen del problema radica en lo que llama «capitalismo límbico», un sistema empresarial avanzado en lo tecnológico pero regresivo en lo social donde las industrias globales, a menudo con la ayuda de gobiernos cómplices y organizaciones criminales, fomentan el consumo abusivo y la adicción. Vivimos en la era de la adicción, pero ¿qué podemos hacer para resistir las tentaciones que, de forma insidiosa y deliberada, reconfiguran nuestro cerebro? Nada, a menos que vayamos más allá de la neurociencia, de los trastornos neuronales y los problemas genéticos, para comprender la historia de los nuevos placeres, los vicios comerciales, la adicción masiva y la capacidad irrefrenable del capitalismo límbico para moldear nuestros hábitos y deseos. No cabe duda de que Internet sobrealimentó el capitalismo límbico, pero desde luego no lo inventó.

Crónica alfabética del nuevo milenio Fedro Carlos Guillén, 2003 Este punzante e irónico análisis de las conductas peculiares del cambio de milenio no busca alimentar creencias en profecías apocalípticas ni hace llamados a refugiarse en las catacumbas con una provisión de latas de sopa para recibir la catástrofe: sólo consigna dicha tendencia. En los últimos años, el mundo y nuestros patrones de comportamiento se han movido vertiginosamente; por no ir más lejos, hasta hace poco la gente podía fumar sin que le vinieran con monsergas y los gordos eran felices atiborrándose de calorías. En su labor de disección, esta crónica de la vida cotidiana en los albores del siglo XXI pasa por el bisturí conceptos esenciales de nuestra modernidad que, sin embargo, ningún diccionario ha explicado aún suficientemente: anorexia, celular, chat, corrección política, deportes extremos, head-hunter, género, light, piercing, yuppie ... El resultado es un divertido mosaico de manías, modas y propensiones contemporáneas, a cargo de un autor que, en palabras de Eduardo Antonio Parra, lleva años demoliendo todo tipo de dogmas, ideas preconcebidas, lugares comunes, actitudes reverenciales y pensamientos estrechos; un iconoclasta atrincherado tras una sólida formación científica, una cultura propia y un ingenio indispuerto a las concesiones.

Nuevas dimensiones de la reflexión ética: de la IA a las nuevas identidades organizacionales Monfort de Bedoya, Abel ,Villagra García, Nuria,2024-10-30 Este libro analiza los nuevos desafíos éticos que surgen con la digitalización y la inteligencia artificial, así como su impacto en la identidad organizacional y la ética empresarial. A través de contribuciones de expertos, se abordan temas clave como la reputación, la responsabilidad social corporativa y el liderazgo ético en la era digital.
