

The Conspiracy Of The Human Race

John Tierney

The Conspiracy against the Human Race Thomas Ligotti, 2018-10-02 In Thomas Ligotti's first nonfiction outing, an examination of the meaning (or meaninglessness) of life through an insightful, unsparing argument that proves the greatest horrors are not the products of our imagination but instead are found in reality. There is a signature motif discernible in both works of philosophical pessimism and supernatural horror. It may be stated thus: Behind the scenes of life lurks something pernicious that makes a nightmare of our world. His fiction is known to be some of the most terrifying in the genre of supernatural horror, but Thomas Ligotti's first nonfiction book may be even scarier. Drawing on philosophy, literature, neuroscience, and other fields of study, Ligotti takes the penetrating lens of his imagination and turns it on his audience, causing them to grapple with the brutal reality that they are living a meaningless nightmare, and anyone who feels otherwise is simply acting out an optimistic fallacy. At once a guidebook to pessimistic thought and a relentless critique of humanity's employment of self-deception to cope with the pervasive suffering of their existence, *The Conspiracy against the Human Race* may just convince readers that there is more than a measure of truth in the despairing yet unexpectedly liberating negativity that is widely considered a hallmark of Ligotti's work.

Ultimate Deceit of the Human Race Ezzrath Baht Shem, 2001-02 *Ultimate Deceit of the Human Race* exposes truth about religion's divisive, vengeful, and jealous God dogma focusing primarily on Christianity, Judaism, and Islam. She presents new thought and reasoning to replace destructive belief patterns in hopes of establishing love, compassion, and unity among all human beings irregardless of race, religion, nationality or sex.

Neoreaction a Basilisk: Essays on and Around the Alt-Right Elizabeth Sandifer, 2017-12-10 A software engineer sets out to design a new political ideology, and ends up concluding that the Stewart Dynasty should be reinstated. A cult receives disturbing messages from the future, where the artificial intelligence they worship is displeased with them. A philosopher suffers a mental breakdown and retreats to China, where he finds the terrifying abyss at the heart of modern liberalism. Are these omens of the end times, or just nerds getting up to stupid hijinks? Por que no los dos! *Neoreaction a Basilisk* is a savage journey into the black heart of our present eschaton. We're all going to die, and probably horribly. But at least we can laugh at how completely ridiculous it is to be killed by a bunch of frog-worshiping manchildren. Featuring essays on: *

Tentacled computer gods at the end of the universe * Deranged internet trolls who believe women playing video games will end western civilization * The black mass in which the President of the United States sacrificed his name * Fringe economists who believe it's immoral for the government to prevent an asteroid from hitting the Earth * The cabal of lizard people who run the world * How to become a monster that haunts the future * Why infusing the blood of teenagers for eternal youth is bad and stupid

A Little White Book of Screams and Whispers Thomas Ligotti, 2021-12-11 The fifth volume in Series III of the popular "Little Book" Series! Thomas Ligotti is a contemporary American horror writer and reclusive literary cult figure. His writings have been noted as being rooted in several literary genres—most prominently, weird fiction—and have overall been described by critics such as S. T. Joshi as works of "philosophical horror," often written as short stories and novellas and with similarities to gothic fiction. The worldview espoused by Ligotti in both his fiction and non-fiction has been described as profoundly pessimistic and nihilistic. The Washington Post called him the best kept secret in contemporary horror fiction. We are very proud to include this fascinating and unique writer in our Little Book Series. *A Little White Book of Screams and Whispers* is a compilation of Interviews with Ligotti that have never been collected or reprinted. The author's complex and esoteric answers will give you insight into one of the most original and unsettling writers of weird dark fantasy.

The Illuminati Jim Marrs, 2017-05-22 A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. Gnosticism, mystery schools, the Roshaniya, Knights Templar, assassins, Rosicrucians, Skull and Bones, Knights of Malta, whistle blowers, the revolutions in France, Russia, and America, and the structure, symbols, and theology of the Illuminati are all covered. Marrs takes a broad look at the group and their workings, investigating their origin as "The Ancient and Illuminated Seers of Bavaria," the depiction on the United States one-dollar bill of an all-seeing eye and

pyramid on the reverse of the Great Seal of the United States, and the Protocols—or procedures—for usurping national governments and gaining world domination, as well as the Illuminati symbolism found in today's international corporate logos. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to influential people, and their place in modern America. The Illuminati lifts the cloaks of secrecy protecting the powerful.

The Trial Edward Steers, 2003-07-31 Transcripts from the trial of John Wilkes Booth's co-conspirators, plus commentary: "Unquestionably the world-class expert on . . . Lincoln's assassination." —Civil War News On the night of April 14, 1865, John Wilkes Booth assassinated President Abraham Lincoln in what he envisioned part of a scheme to plunge the federal government into chaos and gain a reprieve for the struggling Confederacy. The plan failed. By April 26, Booth was killed resisting capture and eight of the nine conspirators eventually charged in Lincoln's murder were in custody. Their trial would become one of the most famous and most controversial in US history. New president Andrew Johnson's executive order on May 1 directed that persons charged with Lincoln's murder stand trial before a military tribunal. The trial lasted more than fifty days, and 366 witnesses gave testimony. Benn Pitman, an expert in phonography—an early form of shorthand—was awarded a government contract to produce a transcription of each day's testimony. Pitman made these transcripts available to the prosecution and defense, as well as select members of the press. Although three versions of the testimony were published, Pitman's edited collection was the most accessible. He skillfully winnowed the 4,300 pages of transcription into one volume, collated the testimony by defendant, indexed it by name and date, and added summaries. In The Trial, assassination scholars guide readers through all 421 pages of testimony, illuminating Pitman's record. By drawing together the evidence that resulted in the conspirators' convictions, The Trial leaves no doubt as to the events surrounding the assassination of Abraham Lincoln, making this book a fascinating account of the trial as well as an essential resource. "Steers's lineup is truly expert—readers will be able to distinguish between fact and fancy and come away with a far better understanding of Lincoln's assassination." —William Hanchett, author of The Lincoln Murder Conspiracies

Jordan Peterson and the Second Religiousness: Explaining the Jordan Peterson Phenomenon John Tierney, 2019-03-17 Jordan Peterson, a modern phenomenon with legions of fans and an equally substantial number of detractors, has appeared as if from nowhere and achieved such polarizing prominence that he is clearly riding the cultural wave. It is vital to understand the cultural circumstances underlying the rise to fame of such people. This book is neither for nor against Peterson, although it advances a degree of critical appraisal. His precise views are not the central subject of this book. Nor are his biographical details. Instead, this book concerns the historical forces that are now at play, which, for the conservative wing of the political spectrum, Peterson crystallizes perhaps better than anyone else, with the single exception of Donald Trump. Where Trump is an active executive agent of the spirit of the times – actually taking critical decisions and directly shaping events – Peterson may be viewed in more passive terms as providing an intellectual justification for Trump

and his base.

The Many-Headed Hydra Peter Linebaugh,Marcus Rediker,2013-09-03 Winner of the International Labor History Award Long before the American Revolution and the Declaration of the Rights of Man, a motley crew of sailors, slaves, pirates, laborers, market women, and indentured servants had ideas about freedom and equality that would forever change history. The Many Headed-Hydra recounts their stories in a sweeping history of the role of the dispossessed in the making of the modern world. When an unprecedented expansion of trade and colonization in the early seventeenth century launched the first global economy, a vast, diverse, and landless workforce was born. These workers crossed national, ethnic, and racial boundaries, as they circulated around the Atlantic world on trade ships and slave ships, from England to Virginia, from Africa to Barbados, and from the Americas back to Europe. Marshaling an impressive range of original research from archives in the Americas and Europe, the authors show how ordinary working people led dozens of rebellions on both sides of the North Atlantic. The rulers of the day called the multiethnic rebels a 'hydra' and brutally suppressed their risings, yet some of their ideas fueled the age of revolution. Others, hidden from history and recovered here, have much to teach us about our common humanity.

American Gnosis Arthur Versluis,2023-10-20 Drawing from the early Christian heretical category of Gnosticism, American Gnosis explores the emergence of new forms of Gnostic religion throughout the Americas. The Philosophy of Dare: Are You One of the Daring Ones? Dave Sinclair,2023-02-19 The Philosophy of Dare, the Daring Philosophy, is all about being willing to take risks, to rise to challenges, to leave behind comfort zones and safe spaces, and seek out storms and wildernesses and mountaintops and all extreme, daring environments. One must always escape mediocrity, and wherever the mediocre congregate. Mediocrity is the original sin. The mediocre are the opposite of the daring. Danton said, We must dare, and dare again, and go on daring! Machiavelli said, Never was anything great achieved without danger. Andre Gide said, Man cannot discover new oceans unless he has the courage to lose sight of the shore. The daring don't stand around. They're active, proactive, the people doing things, making things happen, shaking things up. They're not the reactive masses, those that love to sit and wait for Godot. Godot isn't coming. Haven't you heard? William Makepeace Thackeray said, Let the man who has to make his fortune in life remember this maxim. Attacking is his only secret. Dare, and the world always yields: or, if it beat you sometimes, dare again, and it will succumb. The attackers

always have the initiative. The world reacts to them. The daring decide the agenda. They force the issue. They are the organ grinders. Everyone else dances to the tune of the daring ones. Who Dares Wins is the motto of the Special Air Service, Britain's elite special forces unit. Theodore Roosevelt said, Far better is it to dare mighty things, to win glorious triumphs even though checkered by failure than to take rank with those poor spirits who neither enjoy much nor suffer much because they live in the grey twilight that knows neither victory nor defeat. The mediocrities avoid conflict. They duck out. They bale out. They opt out. They don't want to exert themselves. Too much effort. Are you afraid of losing it all? Then you are not one of the daring. Goethe said, Rest not. Life is sweeping by; go and dare before you die. Something mighty and sublime, leave behind to conquer time. The daring are absolutely committed to leaving behind the mighty and sublime. They are the only ones who conquer time. They are the immortals. The great French revolutionary Saint-Just said, Dare! – this word contains all the politics of our revolution. Will you risk it all? Do you dare? Trigger Warning (for those of a sensitive disposition): This content contains heavy satire, irony, sarcasm and black comedy. Keep your wits about you.

THE REAL QUESTS FOR NEW WORLD ORDER Dipo Toby Alakija, While some historical accounts are distorted, so many parts were written long before they eventually become history. This is because a clique sees the need to destroy the old order and pave the way for the New World Order. The quest to dominate the world and fuse all nations together as one entity is an age-long battle which becomes more profound and pronounced in the modern days with the use of chemical, biological, psychological, spiritual and other weapons. With presentations of documentary, circumstantial and pictorial evidences most of which are made available by ancient and modern researchers and writers, this book shed light on what actually characterized global events like the French revolution, world wars, civil wars, virus pandemic like COVID-19 and other catastrophes that plague humanity. These research works address the question that was raised in the book, titled “Pawn In The Game” by William Guy Carr who asked, “why the Human Race can't live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance?” This book also serves as a warning that when the New World Order emerges, human beings will be shackled with Computer Network and turned into semi-robots that are controlled by a Clique of Globalists.
