Biografía de Azucena Villaflor Enrique Arrosagaray, 2021-03-16 Biografía de Azucena Villaflor es un material indispensable para quien quiera conocer detalles del origen de Madres de Plaza de Mayo. Del origen contado por sus propias protagonistas. Y para conocer a Azucena desde tres generaciones anteriores. Pero sobre todo, para recorrer al lado de ella los días tremendos desde el 30 de noviembre de 1976 cuando la dictadura secuestra a su hijo Néstor, hasta que es arrojada desde un avión de la Marina, con vida, al mar.

La Gobernadora Mara Laudonia, 2016-07-01 PJ bonaerense, narcos y policía: la mujer que puede cambiar la Argentina. Quién es María Eugenia Vidal que, con apenas 42 años, se convirtió en la primera mujer gobernadora de Buenos Aires, la Provincia más poblada y rica del país y garantizó el triunfo del PRO y de Mauricio Macri como presidente. ¿Quién es María Eugenia Vidal, la mujer que con poco más de 40 años, sin peso territorial ni aparato político, logró vencer al poderosísimo PJ bonaerense? Ungida por Mauricio Macri, terminó por garantizarle el triunfo presidencial en unas elecciones que pocos creían que ganaría. En el PRO, aliados y enemigos saben que de su gestión depende la continuidad del todavía incipiente macrismo. Con un estilo poco estridente, cultora del perfil bajísimo, Vidal sorprendió a propios y extraños cada vez que enfrentó un desafío público: desde las durísimas negociaciones por la ocupación del Parque Indoamericano cuando era ministra del gobierno porteño hasta la rebeldía de la Policía y del Servicio Penitenciario con la fuga de los condenados por el triple crimen de General Rodríguez, apenas asumió como gobernadora. Dentro del PRO -donde resuenan apellidos ilustres, familias de fortuna, amistades forjadas en colegios de elite y cargos en empresas-, Vidal es la única dirigente no cheta y una de las que tienen mayor imagen positiva. ¿Podrá llevar las riendas en una provincia quebrada, enquistada por la mafia del juego y el narcotráfico? Recién separada de su marido, ¿podrá lidiar con la crianza de sus tres hijos, todavía en edad escolar? ¿Cumplirá con la promesa de cambio hecha a los bonaerenses en una campaña agotadora? ¿Quién saldrá a enfrentarla dentro de su propio partido si le va bien? En este libro, Mara Laudonia se acerca a un personaje distinto y gravitante de la política argentina y entrevista a todos los que, conociéndola íntimamente, pueden explicar las raíces y pronosticar los alcances de su espectacular irrupción pública.

Identity, Nation, Discourse Claire Taylor, 2009-01-14 This volume explores women's literary and cultural production in Latin America, and suggests how such works engage with discourses of identity, nationhood, and gender. Including contributions by several prominent Latin American scholars themselves, it seeks to provide a vital insight into the analysis and reception of the works in a local context, and foster debate between Latin American and metropolitan academics. The book is divided into two sections: Women and Nationhood, and Models and Genres. The first section comprises six chapters which examines women's responses to, and attempts to carve out space within, national discourses in a Latin American context. Spanning the nineteenth century to the present day, the chapters offer an insight into the ways in which Latin American women have constructed themselves as modern subjects of the nation, and made use of the ambiguous spaces created by modernization and national discourses. The section starts firstly with a focus on the Southern Cone, covering Chile and Argentina, and then moves geographically northward, to Colombia and Bolivia. The second section, Models and Genres, consists of six chapters that examine how women writers engage with, and critically re-work, existing literary discourses and paradigms. Considering phenomena such as detective fiction, fairy-tales, and classical mythological figures, the chapters illustrate how these genres and models—frequently coded as masculine—are given new inflections, both as a result of their deployment by women, and as a result of their re-working in a Latin American context.

Historia de las mujeres en España y América Latina Isabel Morant Deusa, 2005 Desde finales de los 80 venimos asistiendo a una eclosión de trabajos sobre historia de las mujeres que han posibilitado construir un relato nuevo sobre nuestro pasado. En esta «Historia de las mujeres en España y América Latina» más de un centenar de historiadores han aunado esfuerzos para hablarnos de las mujeres, de sus vidas cotidianas, de sus trabajos, de sus formas de religiosidad, de su escritura y su pensamiento, de su participación en la vida social y política, así como de las representaciones culturales que históricamente definen lo que denominamos femenino, en paralelo y, a menudo, en contraposición con lo masculino. Esta historia de las mujeres abarca desde la prehistoria a nuestros días, siguiendo las periodizaciones a las que estamos habituados los historiadores, pero hemos evitado caer en las férreas barreras de los períodos, dando mayor relevancia a los problemas que desbordan las cronologías clásicas y los enfoques tradicionales. En definitiva, en esta nueva historia nos preguntamos sobre el significado que determinados momentos o hechos históricos tuvieron en las vidas de las mujeres, cómo les afectaron y sobre todo cómo los vivieron.

La masonería femenina en España Rosa Elvira Presmanes García, 2024-12-18 La historia de la participación de las mujeres en la masonería ha ido pareja a la de la lucha por alcanzar la plena igualdad tanto dentro como fuera de ella. Este proceso ha estado íntimamente inscrito en los acontecimientos históricos. La persecución de la masonería por las fuerzas

totalitarias, sobre todo en los países del sur de Europa, ha sido recurrente, frenando el progreso hacia la igualdad. En España, muchas escritoras, políticas y activistas sociales fueron masonas y tuvieron un destacado papel, poco conocido, en la lucha por alcanzar las libertades y los derechos para las mujeres. Su compromiso las convierte en verdaderas pioneras de su tiempo; ejerciendo su libertad se abrieron paso para conseguir un lugar de igualdad, tanto en la sociedad como en el seno de la masonería. En su empeño les sorprendió el golpe militar de 1936 y la mayoría de ellas, masonas y republicanas, tuvieron que emprender el camino del exilio. Tras la dictadura, al configurarse nuevamente la masonería en España, las mujeres volvieron a participar en ella mediante las logias femeninas, creadas a partir de 1984 por la masonería femenina francesa, que ya había logrado su condición plenamente regular e independiente. Desde entonces la masonería femenina en España ha ocupado un lugar propio.

Camino al ejercicio profesional Graciela Queirolo, Soledad Zárate, 2020-08-11 Este libro revisa la historia de algunas profesiones para los casos argentino y chileno. Se analiza cómo algunas profesiones, en rigor, se definían como la extensión formal de tareas de cuidado que histórica y naturalmente se les atribuían a las mujeres como propias, por ejemplo, las de enfermeras, parteras o asistentes sociales, y cómo las médicas se apropiaron de esas concepciones para trazar sus carreras políticas. Asimismo se describen profesiones que exploran nuevos caminos como los emprendidos por maestras, escritoras y editoras, vendedoras o secretarias del comercio urbano establecido. Finalmente, se auscultan las trayectorias laborales de los trabajadores ferroviarios y de los choferes y los encargados de casas, todos ellos empeñados en poner en valor sus particulares ocupaciones.

Alfonsina Storni Josefina Delgado, 2012-02-01 Rigurosa en la documentación y amena en el relato, esta biografía capta con maestría la fuerza de la mujer y el talento de la escritora, una de las más reconocidas poetisas de la Argentina y exponente de la defensa de los derechos de las mujeres. Alfonsina Storni nació en el mar, a bordo del barco en el que viajaban sus padres. Pionera de la liberación femenina en la Argentina, perteneció a la misma generación de Victoria Ocampo y, sin embargo, no se cruzaron nunca. En su poesía se destaca la audacia de los temas, principalmente la perspectiva femenina del amor. Pero tanto su obra como su vida impactan por su postura indeclinable frente a los convencionalismos de la primera mitad del siglo XX. Su final trágico la muestra como una mujer excepcional, en la que el carácter triunfa por

encima de las normas sociales.
