**Ismée Williams, Rebecca Balcárcel**

Other Words for Home Jasmine Warga, 2019-05-28 New York Times bestseller and Newbery Honor Book! A gorgeously written, hopeful middle grade novel in verse about a young girl who must leave Syria to move to the United States, perfect for fans of Jason Reynolds and Aisha Saeed. Jude never thought she'd be leaving her beloved older brother and father behind, all the way across the ocean in Syria. But when things in her hometown start becoming volatile, Jude and her mother are sent to live in Cincinnati with relatives. At first, everything in America seems too fast and too loud. The American movies that Jude has always loved haven't quite prepared her for starting school in the US—and her new label of “Middle Eastern,” an identity she's never known before. But this life also brings unexpected surprises—there are new friends, a whole new family, and a school musical that Jude might just try out for. Maybe America, too, is a place where Jude can be seen as she really is. This lyrical, life-affirming story is about losing and finding home and, most importantly, finding yourself.

**Teaching Children's Literature** Christine H. Leland, Mitzi Lewison, Jerome C. Harste, 2022-11-17 Now in its third edition, this indispensable text offers a critical perspective on how to integrate children's literature into the curriculum in effective, purposeful ways. Structured around three mantras that build on each other—Enjoy; Dig deeply; Take action—the book is rich with real examples of teachers implementing critical pedagogy and tools to support students' development as enthusiastic readers and thinkers. The materials and practical strategies focus on issues that impact children's lives, building from students' personal experiences and cultural knowledge by using language to question the everyday world, analyze popular culture and media, understand how power relationships are socially constructed, and consider actions that can be taken to promote social justice. Each chapter features classroom vignettes showcasing the use of literature and inviting conversation; three key principles elaborating the main theme of the chapter and connecting theory with practice; and related research on the topics and their importance for curriculum. Thoroughly revised, the third edition includes new recommendations for teaching with a critical edge and exploring alternative approaches to standardized assessment. With more attention to culturally and linguistically diverse learners and addressing new topics such as censorship and

controversial texts, the new edition is essential for courses on teaching children's literature and English Language Arts methods, and for every preservice elementary and middle school English teacher. A companion website to enrich and extend the text includes an annotated bibliography of literature selections, suggested text sets, resources by chapter, ideas for professional development, and recommendations for further reading.

**No Place for Home** Jay Ellis, 2013-11-05 This book was written to venture beyond interpretations of Cormac McCarthy's characters as simple, antinomian, and non-psychological; and of his landscapes as unrelated to the violent arcs of often orphaned and always emotionally isolated and socially detached characters. As McCarthy usually eschews direct indications of psychology, his landscapes allow us to infer much about their motivations. The relationship of ambivalent nostalgia for domesticity to McCarthy's descriptions of space remains relatively unexamined at book length, and through less theoretical application than close reading. By including McCarthy's latest book, this study offers the only complete study of all nine novels. Within McCarthy studies, this book extends and complicates a growing interest in space and domesticity in his work. The author combines a high regard for McCarthy's stylistic prowess with a provocative reading of how his own psychological habits around gender issues and family relations power books that only appear to be stories of masculine heroics, expressions of misogynistic fear, or antinomian rejections of civilized life.

**The Grace Year** Kim Liggett, 2019-10-08 The Instant New York Times Bestseller! Kim Liggett's *The Grace Year* is a speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Survive the year. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between. "A visceral, darkly haunting fever dream of a novel and an absolute page-turner." – Libba Bray, New York Times bestselling author

Celebrating Poetry Across the K-12 Curriculum Napoli, Mary, Day, Deanna, Ward, Barbara A., 2025-07-16 Poetry provides opportunities to explore the universal and common experiences that connect us as human beings. When teachers infuse poetry into their classroom, it can foster compassion, develop interdisciplinary connections, and support literacy instruction. However, not all teachers use poetry in their classroom either because they are not aware of the value of poetry or because they have not had positive experiences with poetry. Given the importance of sharing poetry with today's youth, educators must feel confident in evaluating well-written poetry and how to weave poetry from award-winning poets to support interdisciplinary connections. Celebrating Poetry Across the K-12 Curriculum aims to ensure that poetry for children is not neglected as part of the curriculum, and to help educators feel more confident in their understanding of children's poetry, its relevance to children's lives, and its importance to supporting pedagogical connections. Featuring interviews with well-known poets, this resource also showcases the latest pedagogical and scholarly research supporting the integration of poetry in the K-12 classroom. Covering topics such as science content, romanticism, and diversity recognition, this book is an excellent resource for educators, classroom teachers, literacy specialists, librarians, professionals, researchers, scholars, academicians, and more.

**Kareem Between** Shifa Saltagi Safadi, 2025-08-26 \*\*WINNER of the NATIONAL BOOK AWARD for Young People's Literature\*\* This heartfelt coming-of-age novel in verse tells the powerful story of a seventh-grade Syrian American boy and his struggles, big and small, as he navigates middle school, now in paperback! The exact type of book I would've loved, and needed, as a kid. — Jasmine Warga, New York Times bestselling author of and Newbery Honor recipient for *Other Words for Home* Seventh grade begins, and Kareem's already fumbled it. His best friend moved away, he messed up his tryout for the football team, and because of his heritage, he was voluntold to show the new kid—a Syrian refugee with a thick and embarrassing accent—around school. Just when Kareem thinks his middle school life has imploded, the hotshot QB promises

to get Kareem another tryout for the squad. There's a catch: to secure that chance, Kareem must do something he knows is wrong. Then, like a surprise blitz, Kareem's mom returns to Syria to help her family but can't make it back home. If Kareem could throw a penalty flag on the fouls of his school and home life, it would be for unnecessary roughness. Kareem is stuck between. Between countries. Between friends, between football, between parents—and between right and wrong. It's up to him to step up, find his confidence, and navigate the beauty and hope found somewhere in the middle.
