*Wanting* Luke Burgis, 2021-06-01 \* Financial Times Business Book of the Month \* Next Big Idea Club Nominee \* One of Bloomberg's 52 New Books That Top Business Leaders Are Recommending \* Aleo Review of Books 2022 Book of the Year \* A groundbreaking exploration of why we want what we want, and a toolkit for freeing ourselves from chasing unfulfilling desires. Gravity affects every aspect of our physical being, but there's a psychological force just as powerful—yet almost nobody has heard of it. It's responsible for bringing groups of people together and pulling them apart, making certain goals attractive to some and not to others, and fueling cycles of anxiety and conflict. In *Wanting*, Luke Burgis draws on the work of French polymath René Girard to bring this hidden force to light and reveals how it shapes our lives and societies. According to Girard, humans don't desire anything independently. Human desire is mimetic—we imitate what other people want. This affects the way we choose partners, friends, careers, clothes, and vacation destinations. Mimetic desire is responsible for the formation of our very identities. It explains the enduring relevancy of Shakespeare's plays, why Peter Thiel decided to be the first investor in Facebook, and why our world is growing more divided as it becomes more connected. *Wanting* also shows that conflict does not arise because of our differences—it comes from our sameness. Because we learn to want what other people want, we often end up competing for the same things. Ignoring our large similarities, we cling to our perceived differences. Drawing on his experience as an entrepreneur, teacher, and student of classical philosophy and theology, Burgis shares tactics that help turn blind wanting into intentional wanting—not by trying to rid ourselves of desire, but by desiring differently. It's possible to be more in control of the things we want, to achieve more independence from trends and bubbles, and to find more meaning in our work and lives. The future will be shaped by our desires. *Wanting* shows us how to desire a better one.

*The Happiness Equation* Neil Pasricha, 2016-12-27 The #1 international bestseller from the author of *You Are Awesome* and *The Book of Awesome* that “reveals how all of us can live happier lives” (Gretchen Rubin). What is the formula for a happy life? Neil Pasricha is a Harvard MBA, a New York Times–bestselling author, a Walmart executive, a father, a husband. After selling more than a million copies of the *Book of Awesome* series, wherein he observed the everyday things he thought were awesome, he now shifts his focus to the practicalities of living an awesome life. In his new book *The Happiness Equation*, Pasricha illustrates how to want nothing and do anything in order to have everything. If that sounds like a contradiction in terms, you simply have yet to unlock the 9 Secrets to Happiness. Each secret takes a piece out of the core of common sense, turns it on its head to present it in a completely new light, and then provides practical and specific guidelines for how to apply this new outlook to lead a fulfilling life. Once you've unlocked Pasricha's 9 Secrets, you will understand counter intuitive concepts such as: Success Does Not Lead to Happiness, Never Take Advice, and Retirement Is a Broken Theory. You will learn and then master three brand-new fundamental life tests: the Saturday Morning Test, The Bench Test, and the Five People Test. You will know the difference between external goals and internal goals and how to make more money than a Harvard MBA (hint: it has nothing to do with your annual salary). You will discover that true wealth has nothing to do with money, multitasking is a myth, and the elimination of options leads to more choice. *The Happiness Equation* is a book that will change how you think about pretty much everything—your time, your career, your relationships, your family, and, ultimately, of course, your happiness.

**Ups and Downs** Inu Etc, 2023-12-27 I only have one life to live on this beautiful planet, and I don't want to regret not doing the things I wanted to do at the end of it on my deathbed. Our capacity for happiness is inversely proportional to our capacity for sadness. You won't feel happiness without experiencing sadness. The sadder you feel, the greater your capacity for happiness becomes. Instead of dying peacefully without an adventurous life, I would love to die while doing something adventurous.
