**Crime Stories That Shook The Nation** Tapas Chakraborty, 2025-07-05 This book is a gripping collection of real crime stories based on incidents that occurred over the past 50 years. It features both high-profile cases that shook the nation and lesser-known crimes that unfolded in ordinary neighbourhoods. Covering a wide spectrum-murder, rape, fraud, cybercrime, honeytraps, encounters and more-the stories delve into the events, investigations, trials and verdicts (or the lack thereof). Many cases highlight lapses in the justice system, including acquittals due to weak chargesheets or insufficient evidence. The rise in divorces, live-in relationships, and marital discord is examined as a backdrop to increasing cases of domestic violence, suicides and murders. Some stories were influenced by media trials, but the author remains objective, presenting facts without bias. Through this powerful compilation, readers are invited to reflect on the complex interplay between society, crime and justice.

**Black Warrant: Confessions of a Tihar Jailer** Sunil Gupta, Sunetra Choudhury, 2019-11-07 What is life like inside Asia's largest prison? What happens when a man is hanged, but his pulse refuses to give up even after two hours? Did Nirbhaya's rapist, Ram Singh, commit suicide or was he murdered? For the first time we have a riveting account from an insider who has spent close to four decades as an officer at Tihar Jail during some of the most turbulent times in Indian political history. For the first time he breaks his silence about all he's seen - from the first man he met in Tihar, Charles Sobhraj, to the controversies surrounding former CBI head, Alok Verma. Responsible for carrying out 'Black Warrants', Gupta witnessed 14 hangings, the most recent and his last, being that of Afzal Guru. Joining him is award-winning journalist Sunetra Choudhury whose recent book *Behind Bars* is a bestseller and took her deep inside the maze of prisons. Read this book for the most intimate and raw account of India's judicial and criminal justice system.

*The Other Side of the Mountain* Salman Khurshid, 2015-12-01 An authoritative, forthright and thought-provoking narrative that attempts to analyse why the Congress lost the 2014 Lok Sabha elections and also focuses on the fluctuating fortunes of the Bharatiya Janata Party and other political parties, besides dealing with crucial issues having a bearing on the country's future. As a former minister who has held important portfolios in the Congress-led United Progressive Alliance Government, Salman Khurshid has witnessed crucial behind-the-scenes developments that have had a profound impact on the destiny of the nation. Beginning with the reasons for the rout of the Congress in 2014, including the series of scams that

sealed its fate, he goes on to point out that the party has the ability to bounce back, given the many setbacks that have affected the Narendra Modi Government at the Centre as well as some BJP-ruled states and the Aam Aadmi Party Government in Delhi. The author next highlights the role of the media, which, he feels, was largely instrumental in ensuring the Congress's defeat. He, nevertheless, acknowledges that, of late, the fourth estate has not spared the governments in power at the Centre and in the BJP-ruled states and has exposed the chinks in their armour (the growing brazenness of the right-wing forces, the Lalit Modi fallout and the Vyapam-related incidents). Thereafter, Salman Khurshid turns the spotlight on a range of significant and highly relevant topics, such as international relations (with an emphasis on Pakistan and the USA), the Election Commission's role, communalism, minority affairs (especially the problems affecting the Muslims), the judiciary (and its overreach), the Nirbhaya tragedy and corruption and its impact, with a cameo on the Anna Hazare movement. Here is an insider's perspective that is not only incisive and insightful but also vital for understanding the recent events in the political arena and their far-reaching ramifications.

**The Morning Echo** Javed Naseer, 2012-10 Beauty manifests itself in nature, and that beauty inspires love, kindness, and goodwill. In *The Morning Echo*, author Javed Naseer explores a plethora of subjects revolving around nature and science and the role they play in life. Collected from his life experiences from his early childhood after leaving India for New Orleans to adulthood, the essays are based on experiments and speculation as well as mathematics, derivation, and extrapolation. These essays share insights on a wide array of topics, discussing how India emerged as a free democratic republic after dethroning British from positions of authority in the Indian subcontinent; presenting a brief introduction to a ruling democratic government and its methods of implementing justice; and describing the Apollo 11 mission to the moon and the first man, Neil A. Armstrong, on the moon. Naseer also delves into the issues involving the ever-growing world population and the pollution crisis that plagues our planet; brings to light one of the cheapest resources of energy, hydropower; lists the top ten universities of the world; and reviews Einstein's Special Relativity and Newton's Laws of Motion Covering widely diverse subjects, *The Morning Echo* communicates valuable insight as to the nature of human life, the world around us, and how we must act in order to survive the calamities and the brutalities of time.

**Grounding Urban Natures** Henrik Ernstson, Sverker Sörlin, 2019-09-03 Case studies from cities on five continents demonstrate the advantages of thinking comparatively about urban environments. The global discourse around urban ecology tends to homogenize and universalize, relying on such terms as "smart cities," "eco-cities," and "resilience," and proposing a "science of cities" based largely on information from the Global North. *Grounding Urban Natures* makes the case for the importance of place and time in understanding urban environments. Rather than imposing a unified framework on the ecology of cities, the contributors use a variety of approaches across a range of of locales and timespans to examine how

urban natures are part of—and are shaped by—cities and urbanization. Grounding Urban Natures offers case studies from cities on five continents that demonstrate the advantages of thinking comparatively about urban environments. The contributors consider the diversity of urban natures, analyzing urban ecologies that range from the coastal delta of New Orleans to real estate practices of the urban poor in Lagos. They examine the effect of popular movements on the meanings of urban nature in cities including San Francisco, Delhi, and Berlin. Finally, they explore abstract urban planning models and their global mobility, examining real-world applications in such cities as Cape Town, Baltimore, and the Chinese “eco-city” Yixing. Hoffman, Jens Lachmund, Joshua Lewis, Lindsay Sawyer, Sverker Sörlin, Anne Whiston Spirn, Lance van Sittert, Richard A. Walker

**Rape and Politics** D. Raveendranathan, 2021-07-11 Rape is a type of sexual assault usually involving sexual intercourse or other forms of sexual penetration carried out against a person without that person's consent. The act may be carried out by physical force, coercion, abuse of authority, or against a person who is incapable of giving valid consent, such as one who is unconscious, incapacitated, has an intellectual disability, or is below the legal age of consent. It is means of intimidation and control which function to perpetuate the subordinate status of women, and now, children in patriarch societies. In particular, an 11-year-old girl's dead body was found in a waste bin with 80 wounds in Gujarat. Rape is an anti-social, cruel, heinous activity where protesters are mostly women by candle-light marches, slogan-raising in market squares. The participation of men are rarely seen, and this attitude is very unfortunate, irresponsible, highly atrocious committed against innocent girls. As per the Prime Minister of India, Rape is Rape; do not politicise it (said on Thursday 19th April 2018 during his London trip). Rape is the most heinous crime committed against women in India. According to the National Crime Report Bureau's 2013 annual report, 24,923 rape cases were reported across India in 2012. Out of which 24,470 were committed by someone known to the victim. A total of 34,651 cases of rape were reported in India in 2015. Out of these, in 33,098 cases the offenders were known to the victims, revealed the National Crime Records Bureau (NCRB) data. When rape is classified under Section 375 of the Indian Penal Code, why the Government is not taking strict actions against the perpetrators? An amendment with mutatis mutandis having more specific punishments and the powers for the quick disposal of the cases should be enacted with immediate effect. In different parts of the world, the punishment for rape ranges from life imprisonment, death sentences to castration. But in India, the Government do not seem to take it as a serious crime. In many cases, political interference is the main cause of delay. No culprit will be spared, the PM said amid anger over Kathua and Unnao Rape Cases. When the accused will be punished? Under the present practice, it will take many years to dispose of the case. However, I tried to create awareness among the future generation to save our daughters, sisters and women from this heinous crime.

A Bollywood State of Mind Sunny Singh, 2023-10-19 'Prepare to laugh, sob and dance: this lively history of Indian cinema is imprinted with the memories of a life-long cinephile.' The Telegraph 'A gem of a book and a must for film lovers everywhere' Abir Mukherjee 'My biggest recommendation of the year. Sunny Singh's honouring of story and history shine through powerfully - an exquisitely enjoyable read' Nikita Gill Like all Indians, Sunny Singh was born and brought up in a country of film fanatics. She and her friends waited impatiently for the latest releases, listened to the songs on radio and wore clothes inspired by those seen on screen. They learned about India and the world, determined their enemies and friends, and chose their moralities thanks to films. A Bollywood State of Mind is a personal, intellectual and emotional journey which crosses five continents and 50 years of modern Indian history and cinema and explores why Bollywood means so much to so many across the globe. Sunny describes how this exceptional cinema retains its hold on the national imagination, how Bollywood has enhanced India's global standing in the 21st century, and how its characteristics endure despite the social and political changes. Ranging over history, aesthetic theory and politics, A Bollywood State of Mind explores encounters with Bollywood in the market places of Dakar and Marrakesh, in the nightclubs of New York, Barcelona and Mexico City, and in the ruins of Egypt's Valley of the Kings, Petra and beyond. It shows how the pioneers and heroes of Bollywood cut across national, linguistic and cultural lines not only in India but in far reaches of Somalia, Peru, Malaysia and Russia.

*The Contemporaneous India* Sat Sharma, 2021-01-26 India is a lumbering, elephantine State that cannot be expected to pivot around its heels, irrespective of the capability, intentions and skills of its present mahout. That may explain why it took 67 long years to resurrect prime minister-ship by electing for the first time a deserving astute down to earth eminently-suited politician who had tasted poverty and hard work and seems to be the one to relate to citizens' aspirations and needs. He possesses vision and necessary will to transform a fledgling country into a mega economy and world power. Narendra Modi, as a truly nationalistic politician, may be taller than Nehru. He became the first ever PM to visit INA Memorial in Singapore. And the first Indian in four centuries to inspect a 'Guard of Honor' from the British Army in London! However, thanks to Congress party's dirty politics, he inherited a deeply divisive polity, rusted three pillars of democracy muddled with long-nurtured anti-nationalistic media. Modi earned kudos whichever nation he visited. His maiden American trip four months

after taking over was a raving success hitherto not achieved by any of his predecessors that included three trips each by Nehru and Indira and double that number by Modi's incompetent and ineffectual immediate predecessor - a puppet in the hands of his Italy-born white Catholic lady boss! During the 18 months, Modi has been showing promise by undoubtedly raising the stature of the country globally. Back home, deeply and widely pervading corruption, divisiveness, illiteracy and lack of nationalism are sinister and life-threatening ailments needing drastic cure. We are corrupt and, therefore, elect corrupt politicians. The latest is Bihar's humongous mandate on communal lines: First-time MLA sons of a convicted (for corruption) politician become ministers - the ninth class-fail deputy CM and 12th class as health minister. Till the time we become dutiful, nationalistic and sincere the status quo is not going to change. We must 'educate' our masses in general but our youngsters who are the future custodians of the country in particular but not up to the mark in many ways. The generations born after independence have to understand the true account/value of the hard-won freedom and imbibe our civilization and culture. Only then the misconceptions on created 'fictional' heroes can be rectified. Only then our younger folks can appreciate the importance of their duties to their motherland. Our politicians must become Hindustanis first and foremost, start working for the benefit of their compatriots rather their own families. They must forthwith stop eschew vote-bank politics. Only when all of us are patriotic enough we can offer a united front against biggest threat to us from terrorism incited and inflicted by Pakistan for decades; aided and abetted by so many anti-nationalistic political parties who also will have to mend their nasty ways and allow the parliament to function smoothly so that agenda on economic reforms can move forward. All of us have to contribute whole-heartedly for progress and development. Every citizen irrespective of caste/creed must exhibit an apparent firm and free will to work towards the betterment of the land. We must weed out the mindset where people live here but their loyalty lies elsewhere as dictated by the leaders of their faith. No religious law can take priority over the national law. There has to be common civil code so that everyone is treated equally. The way things stand today, we are only going down and down. This will continue unless we correct our mindset and course radically! Hindus' extreme tolerance during last millennium led to rise of intolerant Islam aided and abetted by Congress and its cronies and like-minded parties. Hindustan has been looted and marauded by foreigners and bled high and dry of its richness and natural resources. Alas! This loot continued after independence by parties in power. Modi has somehow disturbed the looters' political thought process by challenging it with their ideology and hence has been declared 'Intolerable' since they see no future if Modi continues the good work for his motherland. I do hope that our people wake unitedly to become truly democratically independent nation. Our paid, purchased and partisan media will have to become neutral, non-biased and nationalistic. If not contained, our electronic media, left liberals and pseudo-seculars will ruin the country. The anti-nationalistic politicians must shun their derogatory practices of belittling the country in every forum and seriously consider their duty and debt to their motherland as their primary function. Otherwise, we are not far from our doomsday. Thus it is now or never for us

Hindustanis to rise and stand erect steadfast!
