WJ Hussar

The Adam and Eve Story Chan Thomas,1993 This is the Book of the Century! At LAST someone - this time a basic research scientist - has come forth with proof of cataclysms, which are worldwide supersonic inundations such as Noah's flood. They were discovered by great men such as Andre DeLuc, Baron Georges Cuvier and Guy de Dolomieu, and have remained unsolved mysteries ever since. Now the author takes you through thrilling solutions of finding the process of catclysms, their timetable, and the derivation of trigger, a 20-year search. Truly, CATACLYSMS LEAVE NO ONE UNTOUCHED! He describes the next cataclysm in awesome detail plus the deterioration of civilization and the escalation of crime before the next cataclysm. It just so happens that the author's scientific prediction of the next cataclysm agrees with clairvoyants Nostradamus', Cayce's, and Scallion's predictions. Never before have facts been presented in such a spine-tingling, inspiring fashion; and never have so many secrets been unlocked in one book. This is the most stirring subject, written in the most intriguing, engrossing, and exciting style ever. You will remember this exceptional book for years! The Adam and Eve Story Chan Thomas,2021 This curious text gained a lot of attention as the 2010's approached their end, and as science finally started to acknowledge the fact that there is a big possibility that the Magnetic Pole Shift can, indeed, be a cataclysmic event that destroys everything, and that this cataclysm might be imminent. A discussion that, for years, was shut down by the use of terms conspiracy theory and pseudoscience, is finally starting to gain the attention it needs; even though it might be too late now. This is only a single part of a vast literature dealing with the subject of Magnetic Pole Shift. We hope this book is read only as the first step on your research on this extremely important topic.

Hidden By The CIA Lloyd Leon,2025-06-26 Chan Thomas was an enigmatic figure whose ideas have sparked considerable interest and debate. Born in the early 20th century, Thomas was not just an author but also a researcher fascinated by the intersections of science, spirituality, and history. His work delved into the depths of human consciousness and the ancient narratives that shape our understanding of existence. The most notable of his writings, Adam and Eve, presents a series of provocative beliefs that challenge conventional wisdom and invite readers to reconsider their perspectives on humanity's origins.

Project Mankind Ashwin Vinoo,2023-10-04 Mankind lives in an illusion of freedom, unaware of their true origins and purpose... We didn't come directly from apes as Darwinians claim. Rather, mankind is the seventh version of a hybridization experiment run by extraterrestrials to create a slave warrior race that can also function as a source of genetic material to advance our creators. Most of these races look humanoid and were once the Gods of our civilization, who descended from the skies in their fiery chariots and guided humanity's first civilizations. However, over time, man was made to forget his origins as it was deemed that him realizing that he wasn't free would interfere with the program. A few millennia pass and our cities are buzzing with technology that came out of nowhere shortly after UFO sightings began. Since the 1950s, people have reported lights in the sky, alien encounters, and reports of government-run secret space programs using reverse-engineered extraterrestrial technology. In the meantime, our governments continue to lie about UFOs and extraterrestrials; stating that they lack any tangible evidence despite the incredible number of eyewitnesses coming forward, whose testimonies are detailed and interconnecting. Unbeknownst to the public, there is a plan in place to wipe out the majority of the world population and replace them with grey-human hybrids that were created with reproductive material acquired through mass human abductions conducted by grey aliens. This plan will take place after a solar flash event will raise the background frequency of our planet and induce a pole-shift that will trigger floods and other catastrophes. The shift in frequency will result in the failure of all the electronics we have come to depend on, and it will render our race helpless. In this period of great human suffering, the Gods will descend once again, bearing gifts that will pacify our situation, provided we allow them to administer us. The question is "Will mankind wake up in time to avert their fate?". This book is tailored to provide the serious investigator a framework of understanding on the ET and paranormal phenomenon

remarkable book showcases Kiara's extraordinary ability to integrate, summarize and structure a vast range of topics from deeply spiritual teachings to the latest discoveries in science. This thrilling read feeds our sense of the possible and activates our commitment to a bold new vision for humanity. ~ James O'Dea, The Conscious Activist

The Great Pyramid Void Enigma Scott Creighton, 2021-06-29 • Analyzes ancient Coptic-Egyptian texts and evidence from astronomy and archaeology to show how the Big Void may be a grand "Hall of Ancestors" • Explores the controversy surrounding the discovery of the Big Void and debunks many of the theories regarding the purpose of this massive new "chamber" • Reveals how the Great Pyramid was built by Khufu as an indestructible "recovery vault" to help Egyptian civilization rebuild after an anticipated cataclysm In November 2017, an international team of more than 30 scientists published the results of their two-year-long Great Pyramid research project in the journal Nature. Using an advanced imaging technique known as muon radiography, three groups working independently from each other discovered a massive, previously unknown space within the Great Pyramid of Giza. Mainstream Egyptologists suggest that the "Big Void" is simply a stress-relieving device for the Grand Gallery. But, as Scott Creighton reveals, ancient Coptic-Egyptian texts describe exactly what the Big Void is. Exploring the controversy surrounding the Big Void, Creighton artfully debunks many of the theories about the purpose of this massive chamber as well as other long-held Egyptology beliefs. Analyzing the Coptic-Egyptian texts and evidence from astronomy, archaeology, and other sources, the author reveals how the Great Pyramid was

built by Khufu as an indestructible recovery vault to help Egyptian civilization rebuild after a cataclysmic natural disaster--a rapid pole shift and subsequent deluge--predicted by his astronomer-priests. And the key component of the recovery vault would have been the Hall of the Ancestors, a sealed safe haven containing the mummified remains of the Osiris Kings, deceased pharaohs who would seek the benevolence of the gods to ensure Egypt's recovery from the disaster.

An Answer Vnto Sir Thomas Mores Dialogue William Tyndale,2000 Not only does Tyndale's Answer (1531) provide the missing link between St. Thomas More's Dialogue Concerning Heresies (1529, 1531) and Confutation of Tyndale (1532, 1533), but its newly minted phrases and biblical images, its attack on the Donation of Pepin (AD 754), and its emphasis on feeling faith make it essential reading for scholars and graduate students of English language and literature, church history, and theology. Here in the Foundational Essay, Tyndale takes his position on six major topics: his English translation of the New Testament, Scripture versus tradition, election to glory, the papacy, historical faith versus feeling faith, and religious ceremonies. In the remaining two-thirds of Answer, Tyndale attacks points from each of the four books in More's Dialogue. The introduction to this critical edition of Answer briefly presents the history of its composition and the principles of its theology. The commentary spans fifteen-hundred years of church history from the New Testament to Tyndale's works of polemic and exegesis. Sidenotes from the Whole Works of 1573 show how Answer was received in Elizabethan England, after the queen had been excommunicated by Pius V in 1570. The glossary alerts the reader to the subtle differences between Renaissance and Modern English, and the indices to Scripture, Jerome, Augustine, Aquinas, Erasmus, More, and Luther provide access to the rich theological background. ABOUT THE EDITORS: Anne M. O'Donnell, S.N.D., is associate professor of English at The Catholic University of America and executive editor of the Independent Works of William Tyndale series. She is the coeditor of Word, Church, and State: Tyndale Quincentenary Essays. Jared Wicks, S.J., is professor of theology and former academic dean of the faculty of theology at the Pontifical Gregorian University in Rome. He is the author of several books, including Luther's Reform: Studies in Conversion and the Church. PRAISE FOR THE BOOK: In this new edition of Tyndale's 'Answer, ' students of the Reformation will find a wealth of fascinating material; the editors have done their

homework, and their explanations of Tyndale's text are detailed, lucid, and admirably fair.--Catholic Historical Review With their splendid edition of *An Answer*, Anne O'Donnell, S.N.D., and Jared Wicks, S.J., inaugurate the Independent Works of William Tyndale, a much-needed edition of the nontranslation prose. . . . The Independent Works will make Tyndale's complete oeuvre available in texts that conform to up-to-date editorial standards. They will enable scholars to study a remarkable textual bedrock of exegetical and controversial writings that exerted an extraordinary influence on sixteenth- and seventeenth-century English Protestant theological doctrine, literature, ideology, politics, and history. . . . This book represents a model edition of a text fundamentally important to English Renaissance and Reformation studies.--John N. King, *Sixteenth Century Journal* This volume provides the best possible aperitif to sustaining main courses promised in the language, literature, history, and theology scholars have come to link with a remarkable Englishman. . . . A truly objective edition of Tyndale's *Answer to Thomas More's* damning *Dialogue*. . . . Sister Anne O'Donnell and Father Jared Wicks have taken endless trouble to assemble the full range of academic apparatus and appendices only to be found in the best critical editions.--Peter Newman Brooks, *Journal of Theological Studies* A thorough, authoritative, well-documented and scholarly edition, complete with 'Commentary', 'Glossary' and 'Indices'. It is a major publishing event. Because this edition is also compact, sturdy and handsomely produced, it will easily replace and

The Canon of Thomas Middleton's Plays David J. Lake, 1975-07-03 This book sets out to solve by statistics the problems of disputed authorship that surround the work of Jacobean dramatist Thomas Middleton. Among other things, Dr Lake shows that there is 99 per cent statistical confidence for the conclusion that *The Puritan* and *The Revenger's Tragedy* were written by Middleton rather than by anyone else alive in the early seventeenth century.
