Playing By The Rules Monica Murphy, 2023-05-22 Camden Fields is the star quarterback of our college football team. Quiet. Smart. Absolutely gorgeous. He's the man all the women on campus rave about. And while he's had a few casual hookups over the years, it's never anything serious. Cam doesn't do serious. He also doesn't do me. See, I'm his best friend's little sister, and whenever we're around each other, he's always warning me that I'm off limits. That nothing can ever happen between us. But I see the way he looks at me when he thinks I'm not watching. The heat in his gaze. The hunger. He can deny it, but that man wants me. I want him too. I'm tired of always being the good girl and doing what everybody expects. For once, I'm going to break all the rules that have restrained me my entire life. I'm going after Camden Fields. And no one can stop me.

Slow Play Monica Murphy, 2015-10-12 Newly broke girl Alexandria Asher just wants to live a normal life. After her parents are sent to prison on embezzlement charges, she enrolls in college under her mother's maiden name and tries her best to pretend she's someone else. Tristan Prescott is everything Alex is trying to avoid. A seemingly egotistical, lazy, rich jerk, she dumps her beer on his head when he comes on to her one night at a party. This only spurs Tristan into action. He loves nothing more than a challenge. And the beautiful Alex is exactly the type of challenge that intrigues him. Despite her reluctance, Alex finds herself quickly involved with Tristan. Underneath that playboy exterior is a good guy, a sweet and sexy guy who she is undoubtedly falling for. What they both don't realize is the actions of Alex's parents are the reason for so much tragedy in Tristan's family. And when Tristan discovers who Alex and her family really is, can he forgive and forget?

Play It Off Monica Murphy, 2025-04-29 From bestselling author Monica Murphy comes a sweet, sexy story about the secret crush between a college QB and his teammate's sister, and the obvious chemistry that keeps them in the huddle. Sienna I've had a thing for Gavin Maddox ever since I was a freshman, but it's a mission doomed to fail. Of all the guys I could have picked on campus, I had to go too far with the quarterback, my brother's best friend. We've spent the last two years avoiding each other. It's not that easy when you have the same friends, not to mention I can't forget the way it felt to be with him. But I can be civil. Polite. Detached. I think... Gavin Sienna Cooper is off limits--except for that one time. I can't forget it, but I need to forget her if I want to keep my head in the game. This is my senior year and, more importantly, my last season of college football. I can't let anything distract me. I've respected Sienna's boundaries for this long. I can do it for

another year. ...Can't I?

The Official Rules Paul Dickson, 2014-07-28 According to Murphy's Law, If anything can go wrong, it will. This humorous hardcover compilation offers variations on the well-known adage, including comic truths related to business matters, excuses, efficiency, and legal jargon.

Bringing Back Eight Stuart Spitalnic, 2014-08-01 Dr. Joseph Charles is one of eight physicians being sued for not diagnosing an infection that has left a man paralyzed. He tells his story as it happens. And, unlike most novels involving the law, this story is told from the viewpoint of a defendant, not an attorney. The malpractice trial reveals the surprising ways the lives of both the plaintiff and the defendants are affected. What starts as issues of medical judgments and physical pain quickly evolves into a question of money. Plaintiff, defendants, and witnesses are all reduced to pawns in a chess game played by attorneys. For doctors, this book may confirm your worst fears. For lawyers-especially plaintiff's lawyers-this book will remind you there is another side to it all. For patients, this novel will provide insight into the human side of today's headlines, which remind us of the malpractice crisis, doctors' strikes, and injury and death resulting in medical error.

Fair Game Monica Murphy, 2016-12-16 When your boyfriend bets YOU in a poker game, you better know when to run... Bad enough Jade Frost's boyfriend drags her to a boring poker game. Even worse that he actually threw her into the betting pot during an intense round...and lost. Talk about the perfect excuse for Jade to make him her ex-boyfriend. Now she supposedly belongs to the ultra rich, extremely gorgeous Shep Prescott. He could have anything he wants yet he seems to be in hot pursuit of her. No matter how rude, how snarky, how impossible she acts, it doesn't stop him. More like her horrible behavior seems to make him want her more. When she finds herself starting to fall for him, Jade's confused. There's more to Shep than the carefree rich charmer he portrays. No way could he want a serious relationship with her...or could he?

Philosophical Foundations of Tax Law Monica Bhandari, 2017-02-23 Tax law changes at a startling rate - not only does societal change bring with it demands for change in the tax system, but changes in the political climate will force change, as will many other competing pressures. With this pace of change, it is easy to focus on the practical and forget the core underpinnings of the tax system and their philosophical justifications. Taking a pause to remind ourselves of those principles and how they can operate in the modern tax system is crucial to ensuring that the tax system does not diverge too far from what it should be or could be. It is essential to understand the answers to some of the seemingly basic questions that surround tax before we can even begin to think about what a tax system should look like. This collection brings together major themes and difficult questions in the philosophical foundations of tax law. The chapters consider practical issues such as justification, enforcement, design, and mechanics, and provide a full and coherent analysis of the basis for tax law. *Philosophical Foundations of Tax Law* allows the reader to consider how tax systems should move forward in the modern world, with a sound philosophical basis, to provide the practical tax system that the state requires and citizens deserve.

This store is Brooke Henderson's deepest joy, and it means everything to her, which shows in how completely she and her little shop have been embraced by the small community of Cunningham Falls. So, when her landlord dies and Brody Chabot saunters through her door, announcing that the building has been sold, and will soon be demolished, Brooke knows that she's in for the fight of her life. But she hasn't gotten this far by sitting back and quietly doing what she's told. Hustle is Brooke's middle name, and she has no intention of losing this fight, no matter how tempting Brody's smile -- and body -- is. **Every 1001 Dark Nights novella is a standalone story. The Law and Practice of Maritime Liens Damien J Cremean, 2025-06-18 This book uniquely offers a single point of reference on the vital legal subject of maritime liens, intrinsic to Admiralty Law and a topic often incompletely understood by shipping firms and other such businesses, to their considerable risk and detriment. Where previously it was necessary to source many different publications, of widely varying age, this book now provides a single, up-to-date, accessible and comprehensive source to explain this complex area and its implications for all parties in the maritime industry, and beyond, in each of the jurisdictions concerned. The author introduces the meaning and functions of maritime liens, as well as the jurisdictions where maritime liens arise, with some historical context provided to aid understanding. In terms accessible to anyone working within the industry, he explains the implications of maritime liens with regard to damage, pollution, collisions, salvage, wages and more. The enforcement of liens in each jurisdiction is thoroughly discussed, featuring topics such as the arrest of vessels, the exercise of liens on cargo and sub-freight, provision of security, conflict of laws, and the procedures and proceeds of judicial sales. Key priorities such as sale proceeds, competition between creditors and non-maritime claimants, are also addressed. The Law and Practice of Maritime Liens offers a comprehensive and accessible guide to the topic for anyone directly or indirectly involved in the maritime sector, but it is most directly relevant to legal practitioners (especially in maritime law and marine insurance areas) in practice within each of the relevant jurisdictions, shipowners, charterers and corporations involved in the maritime sector. Law courts, judges and magistrates throughout the English-speaking world (and elsewhere) will also benefit from this book. It is likely to have a wide international audience, being applicable to a large proportion of marine sector trade.
