Song Translation: Lyrics in Contexts Johan Franzon, Annjo K. Greenall, Sigmund Kvam, Anastasia Parianou, 2021-02-01

Song Translation: Lyrics in Contexts grew out of a project dedicated to the translation of song lyrics. The book aligns itself with the tradition of descriptive translation studies. Its authors, scholars from Finland, Great Britain, Greece, Italy, Norway and Sweden, all deal with the translation of song lyrics in a great variety of different contexts, including music and performance settings, (inter)cultural perspectives, and historical backgrounds. On the one hand, the analyses demonstrate the breadth and diversity of the concept of translation itself, on the other they show how different contexts set up conditions that shape translational practices and products in different ways. The book is intended for translation studies scholars as well as for musicologists, students of language and/or music and practicing translators; in short, anybody interested in this creative and fascinating field of translational practice.

The Literary Taylor Swift Betsy Winakur Tontiplaphol, Anastasia Klimchynskaya, 2024-10-17 Taylor Swift, arguably the most prolific and acclaimed singer-songwriter of the 21st century, has shaped her listeners' collective consciousness and challenged her industry's often limiting attitudes toward genre, revision, and collaboration. Although Swift is a perennial subject in the media, cast in both a positive and a negative light, few professional scholars have considered her ever-growing body of work. The Literary Taylor Swift examines Swift's significance and timeliness through literary analysis and theory. Taylor Swift has been celebrated for her ability to craft immersive narratives and to articulate, with lyrical acuity, a broad range of emotional experiences, and her lyrics underscore her profound relationship with text. The Literary Taylor Swift explores Swift's engagements, intertextual and otherwise, with literature and treats her songs as literature-as, that is, stories, poems, and other textual forms to which literary-critical theories and methodologies can and should be productively applied. This collection offers carefully curated arguments constellated around four key relationships: Swift and the literary-historical canon; Swift and the language of gender and sexuality; Swift and the relationship between writing and memory; and Swift and the nature of literary craft.
