*Quotes from the Edge of Nowhere* Gary Lewis LeRoy, MD, 2020-12-03 *Quotes from the Edge of Nowhere: The Art of Noticing Unnoticed Wisdom* By: Gary Lewis LeRoy, MD. This book is about a twenty- to forty-year life journey. It recounts ten randomly selected personal quotes, saved in a cookie jar, and creates a life-learning narrative using the origin of the quote. Each story evolves by looking back at the signposts and hints of wisdom sprinkled along the author's life path. Many of these events whispered subtle quotes of wisdom to his conscience. It was up to the author to make sense of them or proceed on life's path, having missed an opportunity to obtain wisdom. All of us are on a similar journey cluttered with obstacles of the human condition. It is the author's desire that this little book of hope and inspiration will serve as a torchlight to illuminate the way on the reader's journey toward a more joyful life—one filled with knowledge, truth, and wisdom.

They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul Boller, Jr., and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, are blatantly dishonest and falsify the historical record. And others are chillingly vicious, filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America, and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and yet thought-provoking book, *They Never Said It* sorts out a great deal of history and sets it right, going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals, atheists and evangelists, all have at times twisted

and even invented the words of eminent figures to promote their own ends. It is the ultimate debunking reference, a perfect complement to handbooks of quotations.
