The Complete Films of Laurence Olivier Jerry Vermilye, 1992 Laurence Olivier portrayed characters that were as diverse as they were memorable. From Hamlet to Heathcliff, from a Nazi dentist in 'Marathon Man' to a cunning mystery writer in 'Sleuth' his roles made him one of the most highly acclaimed actors of all time. This book celebrates his career, including casts, credits, synopses and production notes from every movie in which he appeared. Photographs illustrate the text, with rare candids borrowed from Olivier collectors.

Screen World Presents the Encyclopedia of Hollywood Film Actors: From the silent era to 1965 Barry Monush, 2003 (Applause Books). For decades, Screen World has been the film professional's, as well as the film buff's, favorite and indispensable annual screen resource, full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. Each listing includes: a brief biography, photos from the famed Screen World archives, with many rare shots; vital statistics; a comprehensive filmography; and an informed, entertaining assessment of each actor's contributions good or bad! In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity and glory that was the lifeblood of its subjects. Contains over 1,000 photos!

Movie Roadshows Kim R. Holston, 2012-12-13 This work examines a film distribution system paralleling the rise of early features and persisting until 1972, when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows, often epic in subject matter, played selected (usually only one) theaters in major urban centers until demand decreased. De rigueur by the 1960s were musical overtures, intermissions, *entre'acte* and exit music and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion--i.e., the ballyhoo.

Alex North, Film Composer Sanya Shoilevska Henderson, 2009-08-14 Alex North (1910-1991) was one of America's most renowned film composers. His musical scores enhanced more than 60 major motion pictures--*A Streetcar Named Desire*, *Cleopatra* and *Who's Afraid of Virginia Woolf* among them. He had 15 Oscar nominations, and received the Lifetime Achievement Oscar. This book begins with his early life in Pennsylvania, and moves through his studies at Juilliard and in Russia and Mexico, his early experiences in modern dance, documentaries, and theater, and his major work in film. The book also offers analyses of North's musical scores for *Streetcar*, *Spartacus*, *The Misfits*, *Under the Volcano*, and *Prizzi's Honor*. Appendices include a bibliography, a filmography, a listing of other North compositions, a discography, and a listing of awards.

Act Naturally Steve Matteo, 2023-05-15 The Beatles produced five films during their time together: *A Hard Day's Night*, *Help!*, *Magical Mystery Tour*, *Yellow Submarine*, and *Let It Be*. Some were cinematic successes, and some were not, but—along with subsequent reissues, bonus material, and Peter Jackson's *The Beatles: Get Back*, a documentary companion to *Let It Be*—they comprise an endlessly fascinating document of key phases in the group's career. In this comprehensive deep-dive into the band's movies, author and longtime music journalist Steve Matteo follows the origins, filming, and often frenzied fan reception of projects from the 1964 premiere of *A Hard Day's Night* through 1970's *Let It Be* to the release of *Get Back* in 2022. Matteo explores the production process, original theatrical film releases, subsequent VHS, DVD, and Blu-ray releases, and bonus materials, along with the US and UK soundtracks. In addition to copious anecdotes and behind-the-scenes details, he also places these films in their larger context, a period of unprecedented artistic and commercial innovation in British and world cinema. Filled with stories and insights that will satisfy collectors, buffs, and casual fans alike,

this is the definitive account of an underappreciated part of the Beatles' creative output.

Carrying On Ian Fryer,2023-09-17 *Carrying On* presents the complete story of the Carry Ons which have made Britain laugh for generations on film, television, and stage, and of the unique British filmmaking partnership of producer Peter Rogers and director Gerald Thomas. Writer and film historian Ian Fryer takes us on a journey into the glorious days of classic British humour, bringing to life the Carry On films and the vibrant, fascinating world of comedy from which they sprang. This lively and entertaining book presents detailed histories of the thirty Carry On films, revealing a cinematic legacy which is often more clever and complex than expected; from the post-war optimism of Carry On Sergeant and Carry On Nurse, via mini-epics such as Carry On Cleo, all the way to the smut-tinged seventies. *Carrying On* also turns the spotlight onto the host of other productions the Rogers and Thomas partnership brought to the screen along with detailed biographies of legendary Carry On stars such as Sid James, Kenneth Williams, Charles Hawtrey, Joan Sims, and Barbara Windsor who have brought fun and laughter to millions for decades.

Christians in the Movies Peter E. Dans,2009-05-16 *Christians in the Movies* traces the arc of the portrayal in film of Christians from 1905 to the present. For most of the first six decades, the portrayals were favorable and even reverential. By contrast, from 1970 on, Christians have often been treated with hostility and often outright ridicule. This book explores this shift through in-depth reviews and commentaries on 100 important films, as well as briefer discussions of about 75 additional Christian-themed films. Peter E. Dans examines various causative factors for this change such as the abolition of the Hays Motion Picture Production Code, the demise of the Catholic Legion of Decency, and the associated profound societal and cultural changes. From a look at the real story behind the Scopes trial to portraits of actors, directors and writers most prominently associated with films involving Christians and Christianity, *Christians in the Movies* provides a great resource for those who wish to select films for showing at churches, universities or for personal viewing and critical examination of the recent cultural movements and thought.

The Encyclopedia of Best Films Jay Robert Nash,2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis,

each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

Science Fiction Film Directors, 1895-1998 Dennis Fischer, 2011-12-14 This enormous and exhaustive reference book has entries on every major and minor director of science fiction films from the inception of cinema (circa 1895) through 1998. For each director there is a complete filmography including television work, a career summary, a critical assessment, and behind-the-scenes production information. Seventy-nine directors are covered in especially lengthy entries and a short history of the science fiction film genre is also included.

The Angels' Share James Markert, 2017-01-17 A drifter stirs up trouble for a teen and his family's distillery in this Southern tale of fathers and sons, love, revenge, redemption, miracles, and bourbon. Now that Prohibition has ended, what the townspeople of Twisted Tree, Kentucky, need most is the revival of the Old Sam Bourbon distillery. But William McFee knows it'll take a miracle to convince his father, Barley, to once more fill his family's aging house with barrels full of bourbon. When a drifter recently buried near the distillery begins to draw crowds of pilgrims, the McFees are dubious. Yet miracles seem to come to those who once interacted with the deceased and to those now praying at his grave. As people descend on the town to visit the "Potter's Field Christ," William seeks to find the connection between the tragic death of his younger brother and the mysterious drifter. But as news spreads about the miracles at the potter's field, the publicity threatens to bring the depth of Barley's secret past to light and put the entire McFee family in jeopardy . . . Praise for *The Angels' Share* "Folksy charm, an undercurrent of menace, and an aura of hope permeate this ultimately inspirational tale." —Booklist "Distinguished by complex ideas and a foreboding tone, Markert's . . . enthralling novel captures a dark time and a people desperate for hope." —Library Journal "Mysterious, gritty and a bit mystical, Markert's entertaining new novel inspires the question of 'What if?' Many characters are nicely multilayered, providing a good balance of intrigue and realism. The fascinating glimpse into the process of distilling bourbon—and the effect of the Prohibition on Kentucky and its bourbon families—adds another layer to the story." —RT Book Reviews
