The Feminisms of Our Mothers Daanika Kamal ,2024-01-20 'Some of our mothers marched the streets in the 1980s, demanding the emancipation of women. Three decades later, they accompanied their daughters to Aurat March, reflecting on past formations, present collectives and feminist futures. Some made concessions in their acceptance of traditional gender roles, forming conflictual relationships with daughters that pushed the boundaries of propriety. Some may not refer to themselves as feminist, differing from their daughters about the significance and implications of labels. Yet, the subtleties of our mothers' adaptabilities are centred on women's empowerment. Situated amongst these subtleties are moments of consciousness and selfdetermination that we, as daughters, navigate through, as we limn the contours of our own feminist formations.' In this remarkable collection of essays about their mothers, women from Pakistan explore the many meanings of feminism and its varying interpretations through generations. How, they ask, do these meanings change, mould, attract and detract within and between generations? How do women bridge the cracks that emerge in these formations as they hold within them the joys, sorrows, conflicts and contradictions of their multiple feminisms?

*Radical Feminist Therapy* Bonnie Burstow,1992-10-08 This is an interesting book. It may be useful for those who have not followed the debate on the experience of women in psychiatric services. It provides useful information on ways of working with more disturbed women. These are women whom psychiatric services often avoid or at least with whom they do little constructive work. The emphasis on offering therapy to these women instead of a bed in an institution was refreshing. -- Andrea Bennett in Clinical Psychology Forum How can counselors and clinicians help empower women in a sexist, racist, and homophobic society? How can they help women reclaim their bodies? Or repair their violated bond with womenkind? Taking feminist therapy one step further, this enlightening volume focuses on a central problem in our society--violence against women--and explores practical, feminist ways of working with women's responses to it: depression, cutting, splitting, troubled eating, and protest. *Radical Feminist Therapy* explores issues that are usually either omitted or pathologized in generalist feminist counseling texts such as women battered by their pimps, women who self-mutilate, and psychiatrized women. Other topics covered are working with lesbians; American Indian, African American, Jewish, and immigrant women;

women with disabilities; working with heterosexual couples; sexual violation by therapists; and working with suicidal clients. A list of recommended readings follows each chapter. Radical Feminist Therapy addresses the needs of both students and practitioners in the areas of psychology, counseling, social work, and women's studies who desire a comprehensive, enlightening text they will refer to again and again. Burstow's book should prove very useful as a resource for practitioners in a wide variety of areas dealing with violence against women. . . . The first part of the book presents the theoretical foundations; the remaining 12 chapters integrate theory and practice. Written from a well-articulated radical feminist position, the text is grounded in structuralist theory that situates problems in living within the systematic oppressions of classism, sexism, and racism. Respect for women and for their right to make their own decisions in therapy permeates the text. --Choice This book fills a gap in the literature addressed by no other publication I have seen. There are numerous theoretical books on feminist counseling or therapy. But I have seen nothing which moves from theory to clear, practical suggestions on what to do and how to do it when working with women on different problems. Bonnie begins by presenting a clear feminist framework in which she sees violence against women in our society as the central problem in all women's lives. She explains how this core issue plays itself out in different areas of women's lives and how it is central to the personal problems women struggle with. She then goes on to give practical, concrete suggestions about how to actually work with women in therapy. She warns readers of common pitfalls and how to avoid them. It is an extremely cohesive and useful piece of work. --Linda Advokaat, Feminist Counselor, Sessional Instructor, Carleton University, Ottawa, Canada As a presentation of theory translated into casework, this is the best I have seen in its field--a deft integration of politics and philosophy, made relevant and workable in the chosen context. --Counseling

**Lose Your Mother** Saidiya Hartman, 2008-01-22 In *Lose Your Mother*, Saidiya Hartman journeys along a slave route in Ghana, following the trail of captives from the hinterland to the Atlantic coast. She retraces the history of the Atlantic slave trade from the fifteenth to the twentieth century and reckons with the blank slate of her own genealogy. There were no survivors of Hartman's lineage, nor far-flung relatives in Ghana of whom she had come in search. She traveled to Ghana in search of strangers. The most universal definition of the slave is a stranger—torn from kin and country. To lose your mother is to suffer the loss of kin, to forget your past, and to inhabit the world as a stranger. As both the offspring of slaves and an American in Africa, Hartman, too, was a stranger. Her reflections on history and memory unfold as an intimate encounter with places—a holding cell, a slave market, a walled town built to repel slave raiders—and with people: an Akan prince who granted the Portuguese permission to build the first permanent trading fort in West Africa; an adolescent boy who was kidnapped while playing; a fourteen-year-old girl who was murdered aboard a slave ship. Eloquent, thoughtful, and deeply affecting, *Lose Your Mother* is a powerful meditation on history, memory, and the Atlantic slave trade.

**Engendering Slavic Literatures** Pamela Chester, Sibelan Elizabeth S. Forrester, 1996 *Engendering Slavic Literatures*

breaks new ground in its investigation of gender and feminist issues in Croatian, Polish, Russian, Serbian, and Ukrainian literary texts by both female and male writers. Drawing on psychoanalytic approaches, film theory, and lesbian and gender theory, the authors interrogate the received notions of Western gender studies to see which can be usefully applied to nineteenth- and twentieth-century Slavic literary works. Motherhood and the relationships of mothers and daughters; the myths of selfhood that shape the autobiographies of Nadezhda Mandel'shtam, Marina Tsvetaeva, Lidiia Ginzburg, and Lev Tolstoy; Polish Catholicism and sexuality; portrayals of landscape in verbal and visual art; and women writers' transgressive ventures into male bastions such as the love lyric and prose fiction are among the themes of this important and innovative volume.

D. H. Lawrence Alistair Niven, 1978-02-23 Since his death in 1930, D. H. Lawrence has become not only one of the most controversial English novelists of the twentieth century, but also one of the most widely read and quoted writers in the language. In this new study of his major fiction, Alistair Niven revalues all the novels, tracing Lawrence's development through them, both as an artist and as a thinker. At the centre of the book Dr Niven discusses *The Rainbow* and *Women in Love* as the diverse products of a single creative intention, nothing less than an exploration of where modern man is going. Lawrence's early novels, *The White Peacock* and *The Trespasser*, receive exceptionally close scrutiny. There are also full-length chapters on Lawrence's well-known fiction of sexual self-discovery, *Sons and Lovers* and *Lady Chatterley's Lover*. The 'travel' novels - *The Lost Girl*, *Aaron's Rod*, *The Plumed Serpent* and especially the Australian novel *Kangaroo*, which the author believes has been seriously underestimated by previous critics - are given prominence as evidence of Lawrence's restless desire to find a superior set of values to those he believed had failed in England. Dr Niven's conclusions are derived solely from his close reading of the novels themselves and, when relevant, from Lawrence's correspondence and short stories. This study, with its unusually lively and commonsense approach, confirms Lawrence as not only a great novelist, but a central figure in the development of the modern mind.

**The Collected Works of Henry Drummond** Henry Drummond, 2022-11-13 In 'The Collected Works of Henry Drummond,' readers are presented with a comprehensive anthology of the writings of a pivotal figure in late 19th-century thought, encompassing themes of spirituality, science, and the human condition. Drummond's literary style is characterized by its eloquence and deep philosophical inquiry, seamlessly blending empirical reasoning with heartfelt emotion. This collection not only showcases his seminal work, 'The Natural Law in the Spiritual World,' which elucidates the harmony between science and faith, but also includes essays and sermons that reflect his commitment to the social issues of his time, inviting readers into a rich conversation on morality and belief systems in a rapidly modernizing world. Henry Drummond (1851-1897) was a Scottish preacher, teacher, and author whose insights were shaped by both his religious upbringing and his scientific education. Influenced by the social challenges of his era, including industrialization and secularism, Drummond

sought to explore how spiritual truths could coexist and complement scientific discoveries. His role in the Social Gospel movement further underscored his dedication to addressing societal woes, making his works not only spiritually enlightening but also socially relevant. This collected volume is an essential read for those interested in the intersection of faith, science, and ethics, appealing to scholars, theologians, and general readers alike. Drummond's profound insights continue to resonate, making this compilation a vital resource for understanding the evolution of modern thought and its implications for contemporary society.

**Founding Mothers & Fathers** Mary Beth Norton, 2011-08-03 Much like *A Midwife's Tale* and *The Unredeemed Captive*, this novel is about power relationships in early American society, religion, and politics--with insights into the initial development and operation of government, the maintenance of social order, and the experiences of individual men and women.

Justice Bruce Thompson, 2022-05-04 Special Agent in Charge Amy Johnson is back in the hunt, having recovered from her previous wounds sustained in an earlier gunfight. She now focuses her full attention by forming a team of FBI special agents and two handpicked NYPD officers to hunt down the only criminal to escape from her former investigation. Along the way, a fullaEURblown psychopath begins his hunt for Amy, bringing a special kind of terror too close for comfort. A secondary plot twist injects a man driven by revenge against the radical Muslims that he views as responsible for the death of his wife, daughter, and two granddaughters. Several plots move the story along at a breakneck pace, moving to the climatic ending. This is the second novel in the Amy Johnson series.

**Conflicting Stories** Elizabeth Ammons, 1992-10-01 The early 1890s through the late 1920s saw an explosion in serious long fiction by women in the United States. Considering a wide range of authors--African American, Asian American, white American, and Native American--this book looks at the work of seventeen writers from that period: Frances Ellen Harper, Charlotte Perkins Gilman, Sarah Orne Jewett, Alice Dunbar-Nelson, Kate Chopin, Pauline Hopkins, Gertrude Stein, Mary Austin, Sui Sin Far, Willa Cather, Humishuma, Jessie Fauset, Edith Wharton, Ellen Glasgow, Anzia Yezierska, Edith Summers Kelley, and Nella Larsen. The discussion focuses on the differences in their work and the similarities that unite them, particularly their determination to experiment with narrative form as they explored and voiced issues of power for women.

Analyzing the historical context that both enabled and limited American women writers at the turn of the century, Ammons provides detailed readings of many texts and offers extensive commentary on the interaction between race and gender. This book joins the deepening discussion of modern women writers' creation of themselves as artists and raises fundamental questions about the shape of American literary history as it has been constructed in the academy.

**A Treatise on Abundance (1638) and Early Modern Views on Poverty and Famine** Carlo Tapia,2019-06-28 'A "Treatise on Abundance" (1638) and Early Modern Views of Poverty and Famine' is an edited English translation of Carlo Tapia's 'Trattato dell'abondanza'. First published in Naples in 1638, the treatise offered the earliest systematic attempt to develop and publicize the most effective tools available to governments to fight famine and poverty. In particular, Tapia moved the discussion of these issues away from traditional religious approaches and aimed instead to offer a theoretical understanding of the issues—based in part on his study of both classical sources and contemporary legal theories—and practical advice that could help administrators in the provinces and in the capital.
