web tune particle swarm optimization process this example shows how to optimize using the particleswarm solver the particle swarm algorithm moves a population of particles called a swarm toward a minimum of an objective function the velocity of each particle in the swarm changes according to three factors the effect of inertia inertiarange option

optimal placement of capacitor in distribution system using particle - Sep 29 2021

web nov 15 2023 the placement of capacitor optimization is related to the sensitivity of the buses which depends on the loss sensitivity factor the optimal capacitor size is determined using particle swarm optimization pso the analysis is conducted using the ieee 14 bus system in matlab
