The Pastor as Public Theologian Kevin J. Vanhoozer, Owen Strachan, 2015-08-11 Top Ministry Book of 2015, The Gospel Coalition (TGC Editors' Picks) Many pastors today see themselves primarily as counselors, leaders, and motivators. Yet this often comes at the expense of the fundamental reality of the pastorate as a theological office. The most important role is to be a theologian mediating God to the people. The church needs pastors who can contextualize biblical wisdom in Christian living to help their congregations think theologically about all aspects of their lives, such as work, end-of-life decisions, political involvement, and entertainment choices. Drawing on the Bible, key figures from church history, and

Christian theology, this book offers a clarion call for pastors to serve as public theologians in their congregations and communities. It is designed to be engaging reading for busy pastors and includes pastoral reflections on the theological task from twelve working pastors, including Kevin DeYoung and Cornelius Plantinga.

The Vagabond King James Campion Conway, 2011-09-10 There were times I had to put the book down and simply reflect on how talented this author is. Underground Book Reviews ...if the world and literature survive into the next age, *The Vagabond King* will probably be a classic. TM Romero, Goodreads.com Do you love powerfully written, lyrical prose? Do you love detailed description and clever turns of phrase? Then you'll love the coming of age story, *The Vagabond King*. When his mother dies and he discovers that the man he was raised to believe was his father is not, sixteen-year-old Chris is haunted by a mysterious apparition and flees his affluent surroundings and embarks upon a quest to find himself. Hoping she will make a man of him he seeks sanctuary in the home of Magda, a middle aged waitress with a penchant for sex, only to discover that she lives with her father, a cigarette smoking, beer swilling immigrant. Chris hates his shabby new surroundings at the end of the street and the shabby old man at the end of his life who spends his days listening to old blues records and making Chris fetch him fresh cans of beer. But, when the old man tells tales of Communist Hungary, torture, escape and the mysterious medallion he wears, Chris learns that, like the old man's skipping records, history repeats itself and the roles we play have been played many times before. If you've ever wondered what it's all about or, if you like mythological fiction like *American Gods* by Neil Gaiman, or visionary fiction like *The Celestine Prophecy* by James Redfield or *The Alchemist* by Paulo Coelho, then this book is for you. *The Vagabond King* blends ancient mythology and modern cosmology in a lyrically told tale that will leave you thinking long after the last page is turned. Thought-provoking and absorbing...a soulful and soul-searching novel of a young man's coming of age. Star, Goodreads.Com BUY IT TODAY! AUTHOR INTERVIEW Though *The Vagabond King* is billed as a coming of age story it's much more than that. What is it that makes *The Vagabond King* so much more and what genre would you place it in? It is a coming of age story definitely but, because the main character is questioning his life at a deeper level than he had before, it is much more than a run of the mill coming of age book. Because I love for mythology and philosophy, I used those two interests to develop a number of the themes in the book. Mythology is an essential part of the plot as it is in *American Gods* by Neil Gaiman. But, it is a much more contemplative book than *American Gods*. It is more like *The Alchemist* by Paulo Coelho or *The Celestine Prophecy* by James Redfield in that it is seeking answers to life at a deeper level. So I would call it a work of metaphysical or visionary fiction. In *American Gods* Neil Gaiman actually uses mythological figures as his characters. How to do integrate mythology and philosophy in *The Vagabond King*? The main character, Chris, is at a point in his life where he is questioning his very reason for being. So, this lends itself to philosophical contemplation. At this same time he meets Magda who is very well read in the fields of mythology and philosophy. As Chris questions his life and the world around him, Magda is able to use her knowledge of mythology and philosophy to advise him.

So, The Vagabond King is really more like The Celestine Prophecy by James Redfield or The Alchemist by Paulo Coelho? In The Alchemist Paulo Coelho uses the quest to reveal some internal realizations about our place in the universe. While The Vagabond King portrays Chris's quest to find himself, it's more of a mystery. In The Celestine Prophecy James Redfield does the same thing. Both books are adventure based. Those books address similar themes differently and, if you like them, you'll like The Vagabond King.

Alchemist Awakening Iva Kenaz, 2018-02-18 We are all alchemists with amnesia is a line from this book that encapsulates the theme of the fictional, partly channelled story. Liza (28) goes through an inner crisis. She's consumed by heartbreak, finds her work unfulfilling and feels like she is sleepwalking through life. That's why when she receives a mysterious invitation to a Spiritual Alchemy seminar, she accepts the challenge, and sets out on a soul-searching journey. She begins to meet with her secretive, ethereal teacher and twelve other men, each representing one of the twelve signs of the zodiac. While conversing with them, she learns about alchemy, astrology and mainly about what it means to grow into her true self. This novel was partly based on a channelled conversation with angel Gabriel.

All he can do is bear up and keep pushing forward in the hopes that his wishes will be granted. As legend has it, somewhere ahead lies the Forest of Desire, a place capable of bringing to life one's every wish. For example, returning Valia Levor, Tailyn's betrothed, who was kidnapped. Oh, and does anyone know why Forian Tarn still isn't back from his trip?
