**Santa Rita de Casia** María Luz Gómez,2018-07-30 En un agitado periodo de la historia italiana del siglo IV, marcado por las luchas entre güelfos y gibelinos, y las que mantenían por el poder en Cascia las familias rivales de la nobleza, el amor de Rita logró auténticos «imposibles». El primero: la paz entre las dos familias «pioneras» que se odiaban a muerte.

The Reality of Women in the Universe of the Ancient Novel María Paz López Martínez,Carlos Sánchez-Moreno Ellart,Ana Belén Zaera García,2023-12-01 This volume gathers chapters related to the condition of women in the ancient novel. To broaden the perspective, it integrates not only papers dealing with the Greek and Roman novel as a literary genre in its own right, but also as a historical document involving aspects as diverse as history, archaeology, sociology and the history of law. The twenty-six contributions in this volume have been divided into thematic blocks, based on the different approaches that the authors have adopted to tackle the subject. The first block is about realia - the reality in which the fiction has been conceived. The second block focuses on the legal problems that can be deduced from the plots of the novels. The third block

encompasses deals with the Greek and Roman novel from the point of view of classical philology, literary criticism and literary theory, with chapters dedicated to the tradition of the ancient novel, both in our most immediate cultural area (Middle Ages, Spanish Golden Age) and in other contexts, whether Indo-European (India, Persia) or of a different origin.

**Lecturas** María Trinidad Labajo González, 2003 En su primer período, entre 1921 y 1936, LECTURAS, el suplemento de arte y literatura de EL HOGAR Y LA MODA, se nutre de las firmas más importantes del momento: de las plumas de aquellos escritores que podemos inscribir en la Promoción del Cuento Semanal y los de pinceles de algunos de los mejores ilustradores y caricaturistas. Desde el punto de vista de la calidad literaria, podemos contraponer este producto de kiosco, esta literatura para familias, a la alta literatura; sin embargo, el análisis literario debe hacerse en sí mismo, no a través de la comparación sino en función de los objetivos de la revista y de su receptor implícito. El interés de LECTURAS es cultural y sociológico más que puramente literario; es espejo de una época, de un público, es la cosmovisión del período lo que se traduce en sus páginas. La investigación sobre este tipo de literatura se hace necesaria para completar el conocimiento de uno de los dos bloques de la preguerra, en la que se enfrenta la literatura de vanguardia y la popular. El análisis descriptivo y valorativo de cuentos, novelas por entregas, versos y textos dramáticos, junto a otros contenidos no literarios de la revista, sirve para adentrarse en los gustos de un público mayoritario, en los gustos de una clase media heterogénea que prefería el conservadurismo en la estética y en los contenidos; conservadurismo, eso sí, adornado con aspectos de modernidad como el profeminismo, la temática social, la potenciación de la imagen y la utilización de los últimos adelantos técnicos para la impresión. El vaciado de los contenidos de la revista, recogido en los anexos y convertido en base de datos, pretende ser un instrumento útil para futuros investigadores tanto del campo de la literatura como del periodismo y de la ilustración.

**Spanish Dramatists of the Golden Age** Mary Parker, 1998-09-17 The Golden Age of Spanish drama extends from the close of the 15th century to the death of Calderón in 1681. During that time, the humanists, as dramatists, followed Italy's artistic awakening direction, and imitated Classical drama. With originality and dreams of greatness, they subverted the nature of tragedy; modified the approach of Comedy and invented the New Play, the Comedia Nueva. In it the poet-dramatists introduced important modifications of realism, included imagined reality, Christian symbolism and theatricality, as artistic truth. They elaborate all kinds of syntheses. For this reason, the Spanish Golden Age theater can be viewed as part of a tradition that includes the Greco-Roman comedy and tragedy, Christian tragedy, and the authentic national literary and dramatic tendencies. The entries in this reference book explore the fascinating history of the Golden Age of Spanish drama. The volume begins with an introductory overview of the literary, cultural, and historical contexts that shaped dramatic

writing of the period. The book then presents alphabetically arranged essays for nineteen significant Spanish dramatists of the Golden Age. Each essay is written by an expert contributor and includes biographical information, an analysis and evaluation of major works, a discussion of critical response to the plays, and an extensive bibliography of primary and secondary sources. The volume closes with a selected general bibliography of central critical studies of Golden Age Spanish drama.
