

Death Of James Forrestal

A. Ralph Epperson

The Assassination of James Forrestal David Martin, 2021-06-15 Using primarily information provided in the Navy's official investigation of the death of America's first Secretary of Defense, which had been kept secret for 55 years, *The Assassination of James Forrestal* thoroughly demolishes the widely believed view that Forrestal's fall from a 16th-floor window of the Bethesda Naval Hospital on May 22, 1949, was an act of suicide. The official report, in fact, did not conclude that Forrestal committed suicide. It concluded only that the fall caused his death and that no one in the U.S. Navy was responsible for it. A major reason why the suicide thesis is still widely believed is that the news of the release of the official report, which the author obtained through the Freedom of Information Act in 2004, has been effectively suppressed. Building upon what he has long made available on his DCDave.com web site, and in the manner of his 2018 book, *The Martyrdom of Thomas Merton: An Investigation*, co-authored with Hugh Turley, David Martin breaks through the wall of silence and misinformation. This meticulous examination of the violent death of the leading government critic of American support for the creation of the state of Israel is vital to an understanding of U.S. and world history since the mid-20th century.

James Forrestal Arnold A. Rogow, 1963 Explores the life of James Forrestal -- his childhood, his time at Princeton, his meteoric rise in Wall Street, his marriage and family life, and his government career -- to explain his tragic death. -- Dust jacket.

Antarctica: the prison of fallen angels in Enoch's prophecy Cinzia Palmacci, 2023-09-21 Why do so many powerful people on Earth often go to Antarctica? What do they know about us that is important? Is Antarctica the kingdom of the antichrist? One thing is certain: the hybrid offspring of Lucifer for millennia have been interacting and working to pervert Creation and persecute humanity. We see this from the iniquitous laws of a ruling class in corrupt and evil-minded power. It is written that Enoch and the prophet Elijah will return for the final battle against the antichrist. And it doesn't seem to be that far off. Knowing is defending and reacting. Enjoy reading.

Betrayal at Bethesda J. C. Hawkins, 2017-09-20 On May 22, 1949, former secretary of defense James Forrestal fell from the sixteenth floor of a building in Bethesda, Maryland. His death was investigated by the US Navy, but the official report

listed no definitive cause. On May 2, 1957, US senator and staunch anti-Communist advocate Joseph McCarthy died of acute hepatitis. No cause was given and no autopsy was ever conducted. On November 22, 1963, President John F. Kennedy was assassinated while visiting Dallas, Texas. The ensuing investigation would inspire a controversy that would last well into the twenty-first century. Three of the most important men in the fight against global communism all died in sinister circumstances. In the span of fourteen years, Forrestal, McCarthy, and Kennedy, three men who were great friends during their lives, were all effectively removed from international politics. J. C. Hawkins refuses to believe this is a coincidence. His new exposé, *Betrayal at Bethesda*, presents an alternate theory to all three deaths. The men were too closely connected in their policies and political careers for their deaths to be written off as unrelated. Hawkins not only challenges the historical record but also shows how each man died for the ideals they collectively held in such high esteem.

Presidential Disability James F. Toole, Robert J. Joynt, 2001 In response to an invitation by President Jimmy Carter to the American Academy of Neurology in May 1994, James F. Toole, neurologist, and Arthur S. Link, biographer of Woodrow Wilson, established the Working Group on Presidential Disability whose members include medical doctors, politicians, and former administration members. This book represents the papers and discussions of the Working Group, as well as its final report on and recommendations for determining how and when the Twenty-Fifth Amendment is to be used. The findings and deliberations of the Working Group were issued in a set of nine recommendations for the effective use of the Twenty-Fifth Amendment, which are included in this book, along with commentary on the recommendations.--BOOK JACKET.

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the

world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

Congressional Record United States. Congress,1963 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Eyewitness Thomas E. Devine,Richard M. Daley,1987 Devine presents the most comprehensive collection of research done to date on the great aviation mystery. He believes he witnessed the burning of Earhart's Electra on Saipan in 1944, torched apparently on order of the US Secretary of the Navy.

The Scorpion and the Frog: a Natural Conspiracy William A. Borst,2004-11-22 To deny that conspiracies exist is to deny history. While there are several chapters on traditional conspirators, from the Masons through the Bilderbergers, the book unveils the ideas that have unified conspiracies into a coherent rendition of evil. This book is an intellectual history of the City of God versus the City of Man, in the ultimate culture war. It does not take a cadre of men in some secret room to effect a unified conspiracy. Like the scorpion in the fable, their ideas become second nature to liberals, socialists, or communists and they act in accordance with their nature.

Administration of the Navy Department in World War II. Julius Augustus Furer,1960

Close Encounters of the Fatal Kind Nick Redfern,2014-06-23 From a journalist specializing in conspiracy theories, an examination of mysterious deaths and missing persons related to sightings of UFO phenomena. Everyone has heard of Close Encounters of the Third Kind. But what about close encounters of the fatal kind? The field of UFOs is rife with unsettling examples of suspicious deaths. Accounts of accidents that might not have been accidents after all, abound. Researchers and witnesses have vanished, never to be seen again. Conveniently timed heart attacks are reported. Out-of-the-blue suicides that, upon investigation, bear the distinct hallmarks of murder, are all too common. And grisly deaths at the hands of both extraterrestrials and government agents have occurred. Highlights of Close Encounters of the Fatal Kind include: The strange saga of the incredible melting man The UFO-related death of the first U.S. Secretary of Defense, James Forrestal The mysterious disappearances of military pilots and their connection to UFOs The connections between national security and the sudden deaths of UFO investigators Getting too close to the cosmic truth about alien abductions Roswell, and what the government really knows about UFOs can—clearly—be a deadly business The government’s latest admission of the existence of Area 51 is barely the tip of a very big iceberg.

The Unseen Hand A. Ralph Epperson,1985 It is the contention of the author that the major events of the past, the wars,

the depressions and the revolutions, have been planned years in advance by an international conspiracy.--Page 4 of cover

The Chaos Conundrum Aaron John Gulyas,2014-01-23 In *The Chaos Conundrum*, historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways, from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the maelstrom of personalities, agendas, impressions, data, confusion, and contradictions that can be found in the world of the weird, and demonstrates how they have become an integral part of our lives, whether in the form of flying saucers, hauntings, religious revelations, psychic abilities, or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic, and then finally to someone who thinks there might just be something to the paranormal after all... but not what we have been led to expect or believe!

The Color of War James Campbell,2012-05-15 From the acclaimed World War II writer and author of *The Ghost Mountain Boys*, an incisive retelling of the key month, July 1944, that won the war in the Pacific and ignited a whole new struggle on the home front. In the pantheon of great World War II conflicts, the battle for Saipan is often forgotten. Yet historian Donald Miller calls it as important to victory over Japan as the Normandy invasion was to victory over Germany. For the Americans, defeating the Japanese came at a high price. In the words of a *Time* magazine correspondent, Saipan was war at its grimmest. On the night of July 17, 1944, as Admirals Ernest King and Chester Nimitz were celebrating the battle's end, the Port Chicago Naval Ammunition Depot, just thirty-five miles northeast of San Francisco, exploded with a force nearly that of an atomic bomb. The men who died in the blast were predominantly black sailors. They toiled in obscurity loading munitions ships with ordnance essential to the US victory in Saipan. Yet instead of honoring the sacrifice these men made for their country, the Navy blamed them for the accident, and when the men refused to handle ammunition again, launched the largest mutiny trial in US naval history. *The Color of War* is the story of two battles: the one overseas and the one on America's home turf. By weaving together these two narratives for the first time, Campbell paints a more accurate picture of the cataclysmic events that occurred in July 1944--the month that won the war and changed America.

Project Rainbow and the Philadelphia Experiment David Hatcher Childress,2024-10-30 David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the amazing story of the so-called Philadelphia Experiment and the many curious events that happened in its aftermath. The Philadelphia Experiment was an event claimed to have been witnessed by an ex-merchant mariner named Carl M. Allen at the United States Navy's Philadelphia Naval Shipyard on October 28, 1943. Allen described an experiment called Project Rainbow where the US Navy attempted to make a destroyer class ship, the USS *Eldridge*, disappear and the bizarre results that followed. The story of the "Philadelphia Experiment" originated in late 1955 when Carl M. Allen sent an anonymous package marked "Happy Easter" containing a copy of Morris

K. Jessup's book *The Case for the UFO: Unidentified Flying Objects to the US Office of Naval Research*. The book was filled with handwritten notes in its margins, written with three different shades of blue ink, appearing to detail a debate among three individuals, only one of whom is given a name: "Jemi." They commented on Jessup's ideas about the propulsion for flying saucers, discussed alien races, discussed Project Rainbow and expressed concern that Jessup was too close to discovering their technology. He also sent letters to Jessup. Jessup was then discovered in Florida dead in his car with a hose wired to his exhaust pipe to bring the toxic fumes into the vehicle. It was ruled a suicide. Was Jessup murdered as many people believe? Was he part of Project Rainbow—an effort to teleport a battleship through time and space? Did the Defense Industrial Security Command (DISC), headed by Wernher von Braun, have something to do with his death? Why did the US Navy want a special annotated edition of Jessup's book published called the Varo Edition?

Alien Crash at Roswell Jesse Marcel, 2013-08-15 The most enigmatic and universally known UFO incident in history needs only one name - ROSWELL. Roswell will never fade as it represents the true ushering in of the UFO phenomenon for time immemorial. Dwarfing Orson Wells' *War of the Worlds* in national and then international hysteria, Roswell was an unparalleled turning point for all of mankind because for the first time almost every man, woman and child on earth was faced with the reality that we are not alone in the universe. In early July, 1947 Major Jesse Marcel, commander of the most technologically advanced bomb group in the world, discovered the crash site of a downed UFO in the New Mexico desert following a harrowing and record breaking storm. Out of honor and duty to his country, Major Marcel was to become the scapegoat for the largest disinformation cover-up effort in world history. What he saw would be a secret he would keep for many years - knowledge about the crash itself and the ensuing battle to keep the incident covered-up by government and military factions. Roswell would be forever entwined in not just Major Marcel's life but that of his children and grandchildren for generations to come. Today Jesse Marcel III, the grandson of Major Jesse Marcel, tells his grandfather's story and reveals what has continued to haunt his family for over sixty years - the legacy of ROSWELL. Join Philip Coppens, star of the History Channel's *Ancient Aliens* series in this untold and unprecedented expose on the Roswell Incident.
