A Translational Turn Marta E. Sánchez, 2019-05-17 No contemporary development underscores the transnational linkage between the United States and Spanish-language América today more than the wave of in-migration from Spanish-language countries during the 1980s and 1990s. This development, among others, has made clear what has always been true, that the United States is part of Spanish-language América. Translation and oral communication from Spanish to English have been constant phenomena since before the annexation of the Mexican Southwest in 1848. The expanding number of counter-national translations from English to Spanish of Latinx fictional narratives by mainstream presses between the 1990s and 2010 is an indication of significant change in the relationship. A Translational Turn explores both the historical reality of Spanish to English translation and the “new” counter-national English to Spanish translation of Latinx narratives. More than theorizing about translation, this book underscores long-standing contact, such as code-mixing and bi-multilingualism, between the two languages in U.S. language and culture. Although some political groups in this country persist in seeing and representing this country as having a single national tongue and community, the linguistic ecology of both major cities and the suburban periphery, here and in the global world, is bilingualism and multilingualism.

Género y bio/necro/poéticas latinoamericanas Mabel Moraña, 2024-05-28 Mabel Moraña despliega su pasión intelectual en un volumen que no solo promueve una reflexión epistemológica sobre el concepto de género sino que, a partir de un análisis de diez novelas fundamentales escritas por mujeres latinoamericanas, ofrece una aguda interpretación sobre el contexto geopolítico de la región. Con su conocida solvencia intelectual, esta crítica de la cultura aborda los vínculos que se

establecen entre el cuerpo, la política y la escritura, y reflexiona acerca de procesos y problemas de gran calado que vivimos y debatimos las feministas en América Latina. La identidad trans desgarrar hoy al movimiento feminista y la forma espectacular en que Moraña escribe sobre la obra de Camila Sosa Villada desentraña y esclarece la trama semiótica y simbólica que nutre esa otredad. Ese tema es apenas un ejemplo de por qué Género y bio/necro-poéticas latinoamericanas, además de una valiosa herramienta teórica para guiarnos en los entresijos políticos del género, es también una valiente toma de posición ante la reacción conservadora de cierto feminismo.

Educación a través del acompañamiento y la relación (II) Jorge López González, Laura Martín Martínez, 2023-10-20 El segundo volumen de Educación a través del acompañamiento y la relación ofrece investigaciones, experiencias prácticas y reflexiones teóricas de gran valor para el acompañamiento educativo. El acompañamiento educativo lo podemos definir como una acción pedagógica intencional que pretende apoyar a las personas en su esfuerzo por conocerse a sí mismas y tomar decisiones que favorezcan su crecimiento y desarrollo personal. Los capítulos de este volumen abordan diversas estrategias y consideraciones para que los educadores puedan llevar a cabo un buen acompañamiento educativo.

La casa en Mango Street Sandra Cisneros, 1994 TIMES 2020, los 100 mejores libros juveniles de todos los tiempos Elogiado por la crítica, admirado por lectores de todas las edades, en escuelas y universidades de todo el país y traducido a una multitud de idiomas, La casa en Mango Street es la extraordinaria historia de Esperanza Cordero. Contado a través de una serie de viñetas --a veces desgarradoras, a veces profundamente alegres-- es el relato de una niña latina que crece en un barrio de Chicago, inventando por sí misma en qué y en quién se convertirá. Pocos libros de nuestra era han conmovido a tantos lectores. ENGLISH DESCRIPTION TIMES 2020 100 Best YA of All Times Acclaimed by critics, beloved by readers of all ages, taught everywhere from inner-city grade schools to universities across the country, and translated all over the world, The House on Mango Street is the remarkable story of Esperanza Cordero. Told in a series of vignettes - sometimes heartbreaking, sometimes deeply joyous - it is the story of a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Few other books in our time have touched so many readers.

El Tolmo de Minateda en la Alta Edad Media Victoria Amorós Ruiz, 2018-11-05 El periodo altomedieval está marcado por las grandes transformaciones socioeconómicas que generó el paso del mundo Antiguo al periodo medieval. Desde el punto de vista del conocimiento histórico es un momento oscuro o poco conocido, de ahí que este periodo se reconozca en la bibliografía como «época oscura». Este trabajo pretende dar luz al periodo histórico a través de una herramienta muy común en los estudios de arqueología: las producciones cerámicas y, en este caso, las del yacimiento arqueológico de El Tolmo de Minateda. El estudio de la cerámica se aborda desde una perspectiva contextual y estratigráfica, dos elementos que han permitido situar las producciones cerámicas dentro de un marco cronológico preciso y, por lo tanto, identificar las producciones que caracterizan el principio del siglo VII, respecto a las de su segunda mitad, así como reconocer con claridad cómo evoluciona el material cerámico a lo largo de los siglos VIII y IX en el caso de El Tolmo de Minateda. Gracias a la gran cantidad de información reunida ha sido posible estudiar unas producciones que, por su cronología, cuentan con pocos casos de estudio con los que compararlas. Por ello, la parte final del trabajo se ha utilizado no solo como espacio conclusivo, sino también como un lugar de debate de ideas y planteamiento de preguntas: ¿qué elementos caracterizan las cerámicas de los siglos VII, las del VIII o las del IX y cuáles las diferencian?, ¿por qué llegan productos orientales de importación en la segunda mitad del siglo VII?, ¿cuándo se detectan los primeros elementos reconocidos como indicadores de islamización? o ¿cómo se reconoce el proceso de islamización social a través de la cerámica? Los argumentos que se plantean en este libro ayudan a reconocer la cerámica de época altomedieval y su evolución, pero también a ver la huella de una sociedad que plasmó sus necesidades, usos y costumbres en estos simples objetos, y que ahora nos permiten reconstruir, en cierta manera, la historia de estas gentes.

Field Methods and Post-Excavation Techniques in Late Antique Archaeology, 2016-04-26 Archaeologists working on late antique sites have not spent enough time thinking about methodology. Their focus has been on recovering and cataloguing evidence, or on the study of specific historical problems. Digging has often been more important than publishing, which has rarely extended beyond the basic summaries found in preliminary reports. The re-emergence of clearance excavation, fuelled by the demands of tourism, has further reduced the value of urban excavations in the East Mediterranean. Here, late antique levels have suffered, in the hunt for photogenic early imperial architecture. This volume attempts to address this situation by offering a critique of present practice and a series of exemplars, alongside discussion articles on field technique and post-excavation analysis. The articles range from urban survey to the study of finds. The book also considers if we need to develop specific field methods appropriate to the study of late antiquity. Contributors are John Bintliff, Jeremy Evans, Axel Gering, Stefan Groh, Yoshiki Hori, Nikolaos D. Karydis, Veli Köse, Luke Lavan, Zsolt Magyar, Philip Mills, John Pearce, Steve Roskams, Helga Sedlmayer, Ellen Swift, Itamar Taxel, Douglas Underwood, Lutgarde Vandeput and Joe Williams.
