Mummy Laid an Egg!. Babette Cole,1995 Two children explain to their parents, using their own drawings, where babies come from. Suggested level: preschool, junior, primary.

Mommy Laid an Egg Babette Cole,1996-03-01 Cole's drawings and simple text are candid without being offensive and . . . communicate the essentials of conception and childbirth in a direct but light-hearted manner that will leave everyone grinning and no one embarrassed.--Publishers Weekly, starred review.

Relationships and Sex Education 3-11 Sacha Mason,Richard Woolley,2019-03-21 'Where do babies come from?' The prospect of this age-old question is one that causes significant apprehension for many professionals working with children, but this isn't where the anxiety ends. This book argues that it is essential to have clear strategies to support children's questions about relationships, growing up and sex so that they are enabled to develop positive and confident views about themselves and those around them. It examines important concerns such as the role of media in children's lives in shaping their views on relationships and explores how issues of gender and sexuality are considered more fluidly. Whether working in an academy, free schools, faith schools, the independent sector or elsewhere this book supports you to help children to deal with a wide range of relationships issues, meeting the requirements of the new legislation on relationships education for primary aged children as a foundation for relationships and sex education. Drawing on research with teachers about their apprehensions about teaching the subject and children's experience of its delivery, the authors give a full picture of common concerns and difficulties and how to successfully meet them and support children from 3-11, and the transition to secondary school. Topics covered include platonic friendships, developing self-respect and respect for others, and enabling personal choice and safety. Sacha Mason and Richard Woolley explore issues surrounding notions of age and stage development. They discuss how children develop at different rates and that each child is unique in relation to learning in this area. They outline a distinct pedagogical approach to managing children's individual needs for relationships and sex education. They also look at supporting children with SEND when considering how to implement relationships education in primary schools. This second edition includes new chapters on children's development and needs, and developing inclusive relationships education.

The book has been updated throughout with summaries of the latest research, case studies, ideas for developing practice and signposts to key websites and resources. The chapters provide all the support you need to confidently promote children's healthy development.

Promoting Reading for Pleasure in the Primary School Michael Lockwood,2008-06-24 Winner of the UKLA Author Award 2009 'Lockwood has written a useful, supportive book which will help teachers and librarians...He describes the background and summarises the research and then proposes thoroughly practical programmes' - Carousel 'Michael Lockwood has produced an excellent, practical overview and analysis of what works in the primary school to promote reading for pleasure....Lockwood's work is grounded and valuable to those who need it most - teachers in the classroom working hard to engender a love of reading' - English Drama Media 'This book is first class. It puts the matter very clearly and succinctly, and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra, but the very heart and essence of what reading is about. It also gives readers plenty of ideas for carrying the principle into the classroom, and for justifying it...This is an excellent piece of work, which I hope will find a place on every staffroom bookshelf.' - Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries. This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it. Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment, the book presents specific activities which teachers can use to develop their own whole school and classroom practice, enabling them to put the fun back into reading. Each chapter features case-study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies, book clubs, library loyalty cards, school book evenings and quizzes. There is also an extensive, annotated list of print and internet-based resources. Topics covered include: - Becoming a reading for pleasure school - Promoting a love of reading in

the early years - Developing reading enjoyment in the later primary years - Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading. It will be particularly relevant for primary teachers, teaching assistants, trainee teachers, advisers and consultants, as well as teacher educators and researchers.

With advice on lesson planning and a user friendly structure, this book forms essential reading for all students and practising teachers in primary education.

Values in Sex Education Mark Halstead, Michael Reiss, 2003-09-02 Sex education is rarely out of the news. Despite this, there exist surprisingly few studies of the principles, policies and practice of sex education. This book provides such an examination, focusing on the values to which children are exposed in sex education. Sex education inevitably involves the transmission of values, regardless of whether this is intended by teachers. Throughout the book, academic and professional literature on both values and sex education is reviewed and discussed. The authors look at the implicit liberal values, which underpin programmes of sex education, and at the challenges presented by the diversity of values in contemporary society. The book also considers: * Why values are central to sex education * Children's voices and children's values * Religious and family values * Achievable aims for school sex education * How to help young people to reflect critically on the influences to which they are exposed and on their own developing sexual values * How to build values into practical approaches to sex education at both primary and secondary levels. This timely book will help all those involved in sex education to steer a path between controversial and often opposing views and will be essential reading for students on PGCE and BEd courses. It will also be a valuable resource for teachers and professionals involved in teaching sex education such as teachers of personal and social education, form tutors, heads of year, school nurses, health workers and academics.

The Nursery Age Child Jenny Davids, 2018-03-21 This book aims to facilitate the understandings of nursery age

children, that is, children around three, four and five years, and their parents. Children of these ages are particularly fascinating. The wealth of their growing minds is apparent in their play and in their widening capacity to express themselves in words. It is a time of much discovery and experimentation, accompanied often by excitement and anxiety. There is something open-minded and open-hearted about children of these years. The author's views on nursery age children have been based on observing and working with them over the past twenty years, in various settings, including their homes, nursery schools and hospitals, and as a psychologist and child psychotherapist, in assessments and individual psychotherapy. She has also learnt much in working with families and with groups of parents. The book is influenced and informed by the writings of Sigmund Freud, Donald and Clare Winnicott, Anna Freud, Selma Fraiberg, and Jean Piaget.

Introducing Qualitative Research Rosaline Barbour, 2013-11-19 Rosaline Barbour draws on her extensive teaching experience to provide a clear, user-friendly introduction to the craft of doing qualitative research. Lessons I've Learned Davina McCall, 2016-09-22 I am a work in progress. There are times when I feel in control and like I know what I'm doing...and there are times (quite a few)(actually lots) when I've got no idea what's going on, where to turn, what to do, how to behave, and those are the times I've sought help! I have been helped by some extraordinary people. I've been supported and counselled through my recovery from drugs and alcohol. I've been hypnotised to get me through going to

the bottom of the sea in a sub (life at the extreme). I've read a squibillion (that's a lot) of fantastic self help books and I have shared and shared with the greatest girlfriends and family of all time. These nuggets of wisdom have at times literally kept me going, so I thought I'd pay it forward and share them with you. Presenter, wife, mother, fundraiser, fitness inspiration and now bestselling author, is there nothing Davina McCall cannot do? But success didn't come easy for Davina, and she has faced many challenges along the way. In this long-awaited book, she shares all the tips and wisdom she has picked up on her 'work-in-progress' journey. Written in the accessible, easy-going and humorous way that Davina has become famous and loved for, *Lessons I've Learned* will motivate readers to reach their goals, find happiness and fulfillment, and feel more confident.

Sexuality in Literature for Children and Young Adults Paul Venzo, Kristine Moruzi, 2021-06-08 Expanding outward from previous scholarship on gender, queerness, and heteronormativity in children's literature, this book offers fresh insights into representations of sex and sexuality in texts for young people. In this collection, new and established scholars examine how fiction and non-fiction writing, picture books, film and television and graphic novels position young people in relation to ideologies around sexuality, sexual identity, and embodiment. This book questions how such texts communicate a sense of what is possible, impossible, taboo, or encouraged in terms of being sexual and sexual being. Each chapter is motivated by a set of important questions: How are representations of sex and sexuality depicted in texts for young people? How do these representations affect and shape the kinds of sexualities offered as models to young readers? And to what extent is sexual diversity acknowledged and represented across different narrative and aesthetic modes? This work brings together a diverse range of conceptual and theoretical approaches that are framed by the idea of sexual becoming: the manner in which texts for young people invite their readers to assess and potentially adopt ways of thinking and being in terms of sex and sexuality.
