Henry Mancini John Caps, 2012-02-15 Through film composer Henry Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movie and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show *Peter Gunn*, the sly theme from *The Pink Panther*, and his wistful folk song *Moon River* from *Breakfast at Tiffany's*. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of the film to create musical effects through clever instrumentation, eloquent musical gestures, and meaningful resonances and continuities in his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music. John Caps is an award-winning writer and producer of documentaries. He served as producer, writer, and host for four seasons of the National Public Radio syndicated series *The Cinema Soundtrack*, featuring interviews with and music of film composers. He lives in Baltimore, Maryland. A volume in the series *Music in American Life*

**Shakespeare and Music** Julie Sanders,2007-07-23 This is a study of the rich and diverse range of musical responses to Shakespeare that have taken place from the seventeenth century onwards. Written from a literary perspective, the book explores the many genres and contexts in which Shakespeare and his work have enjoyed a musical afterlife discussing opera, ballet, and classical symphony alongside musicals and film soundtracks, as well as folk music and hip-hop traditions. Taking as its starting point ideas of creativity and improvisation stemming from early modern baroque practices and the more recent example of twentieth-century jazz adaptation, this volume explores the many ways in which Shakespeares plays and poems have been re-worked by musical composers. It also places these cultural productions in their own historical moment and context. Adaptation studies is a fast emerging field of scholarship and as a contribution to this field, *Shakespeare and Music: Afterlives and Borrowings*: develops theories and practices from adaptation studies to think about musical responses to Shakespeare across the centuries brings together in an exciting intellectual encounter ideas and methodologies deriving from literary criticism, theatre history, film studies, and musicology explores music in its widest context, looking at classical symphonies including the work of Berlioz and Elgar and operas by Verdi and Britten as well as Broadway musicals, film scores by Shostakovich, Walton, and contemporary performers, and the jazz adaptations of Duke Ellington and others. This is a timely study that will appeal to a wide readership from lovers of Shakespeare and classical music through to students of film and historians of the theatre.
