The Five People You Meet in Heaven Mitch Albom, 2007-04-01 From the bestselling author of *Tuesdays with Morrie*, a war veteran encounters the true significance of life after death in this touching modern classic. On his 83rd birthday, Eddie dies in a tragic amusement park ride accident in an attempt to save a little girl's life. He awakens in the afterlife, where he learns that heaven is not a lush Garden of Eden, but a place where your earthly life is explained to you by both loved ones and distant strangers. As the story builds to its stunning conclusion, Eddie desperately seeks redemption in the still-unknown last act of his life: Was it a heroic success or a devastating failure? The answer, which comes from the most unlikely of sources, is as inspirational as a glimpse of heaven itself. In *The Five People You Meet in Heaven*, Mitch Albom will change everything you've ever thought about the afterlife—and the meaning of our lives here on earth.

Learning by Wandering Marie Martin, 2010 This book uncovers an ancient Irish perspective of learning and reconfigures it to offer a vitality-restoring vision for education in our digital age. Its aim is to help re-engage learners of the Net generation meaningfully and with enjoyment in the learning process. The proliferation of new technologies in the classroom has generally not been accompanied by new pedagogical thinking and the discourse is still framed almost exclusively in terms of the utilitarian mindset of the Western world. Consequently, education is too often delivered within a context that is unfit for purpose. The author argues that we need to bring the wisdom of different cultural perspectives to bear on our understanding of the nature and purpose of learning, and on the role of technology in the learning process. She shares an energising vision of education based on the ancient Irish understanding of learning as nourishment for the human spirit, expressed as learning by wandering. Illustrating the universal and timeless relevance of this understanding, she demonstrates from personal experience how a synthesis of ancient wisdom and new technologies can transform the learning process. This book offers a new dimension to the ongoing debate on the future of education in the Western world.

Learning Inclusion in a Digital Age Stephen Dobson, Brit Svoen, Gabriella Agrusti, Pip Hardy, 2024-02-22 This open access book considers how inclusive learning, wellbeing and active citizenship can be encouraged, taught, learnt, and supported in a digital world. The book poses and seeks to address three questions: How can governments and intergovernmental organisations support learning inclusion and active citizenship? How can the education sector and public/private enterprises support learning inclusion and active citizenship? How can professionals and communities work

with vulnerable adults who are disadvantaged in a participatory, empowering manner? The Examples discussed in the book draw on the experiences of adult refugees and migrants, as well as people who may experience disadvantage and/or discrimination as a result of their social, economic, political, cultural, religious, physical, mental, age or gender-related status. One methodological pillar in this work is the development of skills in digital storytelling and digital stories creation for personal, community and professional purposes. Conceptually and of interest for researcher and policy makers at local, national and transnational levels, this book brings together a number of related concepts to generate innovative understanding and practices of applied relevance in the age of the pandemic and its aftermath.

The Educator's Handbook for Teaching with Primary Sources Scott M. Waring, 2023 Educators across subject areas are striving to integrate primary sources into their pedagogy and teaching. Yet, despite their importance to authentic disciplined inquiry, the implementation of primary source activities in the pre-K-12 classroom has been limited. This lack of utilization can largely be attributed to the perception that these activities are too complex to design, implement, and grade. Many teachers also feel that primary source analysis and the construction of evidence-based narratives is too difficult for students to complete in the traditional classroom. Waring argues that this is not the case and, with this handbook, provides teacher candidates and inservice teachers with detailed and specific perspectives, activities, approaches, and resources to help them effectively and authentically use primary sources in their classrooms. Book Features: Introduces teaching with primary sources, including detailed examples of authentic and tested instructional ideas and approaches. Designed to meet the needs of classroom teachers and teacher candidates in social studies, English and language arts, mathematics, science, and other fields. Offers dozens of primary sources and links to resources throughout the book. Aligns to national standards, frameworks, and the C3 framework for social studies. Can be used to meet the needs of emerging English learners and students with special needs. Focuses on ways in which educators are utilizing a variety of emerging technologies to engage students in deeper and more authentic ways of learning.

Searching for Happiness Martin Thielen, 2016-02-04 The key to happiness is being rich, successful, and beautiful...right? Martin Thielen, best-selling author of *What's the Least I Can Believe and Still Be a Christian?*, insists that this is far from the truth. Happiness, Thielen argues, does not come from external factors like getting a job promotion or finally reaching your goal weight. Rather, happiness is an inside job. In brief, easy-to-read chapters, Thielen offers ten traits of happy and fulfilled people. Using psychological research, personal anecdotes, and Scripture, Thielen begins the path to contentment by showing how life circumstances—including income, health, physical appearance, and marital status—only account for about 10 percent of a person's overall life satisfaction. From there, he offers alternatives to the frequent methods we use to make ourselves happy. Instead of aiming to make more money, Thielen contends that expressing gratitude and cultivating optimism are surer paths to joy. Rather than focusing on constant advancement in our careers, let's practice our

ability to forgive, to be generous, and to use trials as growth opportunities. These lessons, and much more, help readers who may be dissatisfied in their lives see that authentic contentment is closer than they ever imagined. The book features a guide for group or individual study, which includes questions for reflection and a challenge for each individual to reflect on during the week.

Social Media Homicide Confessions Elizabeth Yardley, 2017-09-20 The relationship between crime and social media has become an increasingly important topic in a networked world. However, the use of social media in relation to violent crime is little understood. This unique book, by an expert in the field, addresses this gap by analysing what those involved in homicide do with social media. Using three international cases in which perpetrators confessed to homicide on social media, it investigates the practices of those involved, providing a groundbreaking conceptual framework of use to criminologists. It argues that such confessions convey important insights not only into the individual offender but also the social and cultural context of contemporary homicide.

Your Next 24 Hours Hal Donaldson, Kirk Noonan, 2017-02-14 If asked, who among us wouldn't say we were kind people? But kindness is often manifested in feelings of pity or sympathy--especially when others are watching--rather than in deeds. And when it comes down to it, what good does mere feeling do for the world? *Your Next 24 Hours* is about something much bigger--a lifestyle of kindness, without thought of reciprocation, extended toward every person in our lives, both friend and foe. Through powerful true stories of kindness lived out, this book shows readers the enormous difference they can make through small, doable acts of kindness in their families, communities, workplaces, schools, and churches. It shows how every encounter with another person is an opportunity to be kind--and a chance to change our world. Readers of *Your Next 24 Hours* will find deep satisfaction and joy as they discover how they can be part of a revolution of kindness that starts with them and reaches out through every person their lives touch.

Helping Children and Adolescents Think about Death, Dying and Bereavement Marian Carter, 2016-07-01 How can children begin to understand death and cope with bereavement? And how can we, as adults, support and engage with children as they encounter this complex subject? Exploring how children and adolescents can engage with all aspects of death, dying and bereavement, this comprehensive guide looks at how children comprehend the death of a pet or someone close to them, their own dying, bereavement and grieving. It covers how you should discuss death with children, with a particular emphasis on the importance of listening to the child and adapting your approach based on their responses. The book offers guidance on how your own experiences of loss can provide you with models for your interactions with children on the subject of death.

Charismatic to the Core Nikki Owen, 2015-09-10 Are you charismatic enough to be a successful leader? You don't have to shout or show off to be charismatic. Charisma is often seen as an intangible concept that unconsciously attracts a negative

reaction in the world of business. There is a stereotypical image that a charismatic leader is a confident extrovert with a big personality. Even if charisma can be taught, (and many research papers indicate that you either have it or you don't) the question is: how important is charisma for leadership success? Life puts layers onto individuals, much like paint. Year after year, more layers are added until you no longer know how deeply buried the authentic you is. It's time to start celebrating the real you! In *Charismatic to the Core*, Nikki Owen strips away the unwanted layers and takes you back to your authentic self. It is a revelation, a rebirth, a realisation that life can be on your own terms. Your leadership impact can be whatever you desire it to be. When you are being true to who you really are at your core, your charisma shines through.

Raising Your Kids Right Michelle Ann Abate, 2010 Michelle Ann Abate examines a variety of texts that offer information, ideology, and even instructions on how to raise kids right, not just figuratively, but politically. Highlighting the works of William Bennett, Lynne Cheney, Bill O'Reilly, and others, she brings together such diverse fields as cultural studies, literary criticism, political science, childhood studies, brand marketing, and the cult of celebrity. --from publisher description.

Burning Watercolors Jillian Laine, 2017-09-11 Like a turtle, I hide under Mrs. Perkinss desk and put my hands over my head. My whole self shakes. I think of hide-and-seek cabinet at my home. Mrs. Perkins takes my hands off of my head. Ethan, why are you afraid? My dad! I heard him in the hallway! Mrs. Perkins says, Ethan, there is no danger here at school. Your dad cant come here. The principal comes to get me to the office. I sit on the love seat there, but I dont know why they call it that cause you sit there when you are in trouble. Ive been in trouble before. Trouble can mean more than one thing. Ethans kindergarten year is the year that his life changed. From Ethans perspective it just means his dad is gone for now, and at any moment the abuse might happen again. Kate is ready to face life with newfound strength. However, Ethans brain is already wired on a hair trigger ready to lash out in anger, or seek refuge in his hide-and-seek cabinet, every minute of every day. Kates determination to help her son is undeniable, but is it too late for Ethan? *Burning Watercolors* is a powerful, emotional insight into domestic violence and children affected by trauma, for anyone wanting to understand how women are pulled into and trapped in marriages defined by abuse, why children with trauma often develop disruptive anger and destructive behaviors, and what can truly heal dysfunction and bring an emotionally stable future. A must-read for anyone who works with women and children of abuse, neglect, and trauma. Melissa M. Tenpas, MPH, Director of Royal Family KIDS Colorado Springs, a ministry to abused and neglected foster children *Burning Watercolors* by Jillian Laine is a deeply personal novel that reveals the impact of spousal abuse on both a mother and a 5-year-old son in the family. This author did a masterful job of writing the thoughts and feelings of the mother and the son. This might sound like a gloomy book, and parts of it are hard to read, but its actually a story of redemption. Jillian brought not only the relationships alive, she created wonderful settings as well. I highly recommend this novel.
