Hemingway's Art of Revision John Beall, 2024-05-01 In *Hemingway's Art of Revision*, John Beall analyzes more than a dozen pieces of the author's celebrated short fiction, with a focus on manuscripts and typescripts, as part of a broader examination of how Ernest Hemingway crafted his distinctive prose through a rigorous process of revision. Ranging from two vignettes in the first version of *In Our Time* through early touchstones such as "Indian Camp" and "The Killers" to later masterpieces including "Fathers and Sons," Beall's study considers the modernist influences, aesthetic choices, and experimental effects that characterized Hemingway's approach to the short story. Revisions to "Big Two-Hearted River," for example, were not simply cuts and omissions, but involved adding paragraphs to slow down the narrative and represent Nick Adams's careful observations of fish as he watched their shadows on the river. For "A Way You'll Never Be," Hemingway's revisions developed Nick's interior monologues, manic lecture about grasshoppers, and wacky sense of humor to show the character restoring a sense of emotional balance despite his traumatic memories of being wounded. By drawing attention to the meticulous omissions, additions, and replacements that shaped these texts, Beall reveals how extensively and richly Hemingway revised his drafts. *Hemingway's Art of Revision* gives a detailed view of a great prose stylist at work.

A Mirror for History Marc Egnal, 2024-04-19 In *A Mirror for History*, author Marc Egnal uses novels and art to provide a new understanding of American society. The book argues that the arc of middle-class culture reflects the evolution of the American economy from the near-subsistence agriculture of the 1750s to the extraordinarily unequal society of the twenty-first century. Fiction offers a rich source for this analysis. By delving deep into the souls of characters and their complex worlds, novels shed light on the dreams, hopes, and goals of individuals and reveal the structures that shape character's lives. Additionally, paintings of the time periods expand upon these insights drawn from literature. Egnal's lively exploration of the changing economy, fiction, art, and American values is organized into four expansive periods—the Sentimental Era, Genteel America, Modern Society, and Post-Modern America. Within that framework, *A Mirror for History* looks at topics such as masculinity, childhood, the status of women, the outlook of African Americans, the role of religion, and varying views of capitalism. Readers will be enthralled to find discussions of overlooked novels and paintings as well as discover new approaches to familiar pieces. *A Mirror for History* examines over one hundred authors and dozens of artists and their works, presented here in full color.

historical genres and methodologies, these essays look at a number of films, including the silent classic *The Four Horsemen of the Apocalypse*, the black comedy *Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb*, the Mayan calendar disaster epic, *2012*, and in particular, Lars Von Trier's *Melancholia*, the focus of several essays. As some filmmakers translate the anxiety about a changing global climate and geo-political relations into visions of the apocalypse, others articulate worries about the planet's future by depicting chemical warfare, environmental disasters, or human made destruction. This book analyzes the emergence of apocalyptic and dystopic narratives and explores the political and social situations on which these films are based. Contributing to the dialogue on dystopic culture in war and peace, *The Apocalypse in Film* will be of interest to scholars in film and media studies, border studies, gender studies, sociology, and political science.

The Power of a Man Rick Johnson, 2009 Rick Johnson equips men to be the powerful and influential men God created them to be, as husbands, fathers, and world-changers.

The Final Four of Everything Mark Reiter, Richard Sandomir, 2009-12-15 Edited by Mark Reiter and Richard Sandomir, and featuring contributions from experts on everything from breakfast cereal and movie gunfights to First Ladies and bald guys, *The Final Four of Everything* celebrates everything that's great, surprising, or silly in America, using the foolproof method of bracketology to determine what we love or hate-and why. As certain to make you laugh as it will start friendly arguments, *The Final Four of Everything* is the perfect book for know-it-alls, know-a-littles, and anyone with an opinion on celebrity mugshots, literary heroes, sports nicknames, or bacon. Bracketology is a unique way of organizing information that dates back to the rise of the knockout (or single elimination) tournament, perhaps in medieval times. Its origins are not precisely known, but there was genius in the first bracket design that hasn't changed much over the years. You, of course, may be familiar with the bracket format via the NCAA basketball tournament pairings each March. If you've ever watched ESPN or participated in a March Madness office pool, you know what a bracket looks like. *The Final Four of Everything* takes the idea one step further, and applies the knockout format to every category BUT basketball. In areas where taste, judgment, and hard-earned wisdom really matter, we've set out to determine, truly, the Final Four of Everything.

What You Find in the Woods J. D. Austin, A young drunk and an old ex-drunk console each other on the city bus. An aging woman recounts the story of her sixty-year marriage as she goes to her deathbed. A distraught young man remembers his dead friends and calls on their spirits for the strength to go on living. Seasonal workers, washed-up athletes, lovers, brothers, friends, and enemies all fight for their identities and their sanity as the modern world seeks to tear them to pieces. In these ten stories, J. D. Austin explores the nuances, pitfalls, failures, and redemptions of men and their families in the Upper Midwest. J. D. Austin's book of short stories, *What You Find in the Woods*, stands as another proof of his amazing talent. His stories come to the reader as gritty and authentic as real life. Through his broken characters, he imparts age-old

wisdom set within the homey and raw landscape of the northern Midwest. These stories take us into the minds of young men and women who live within the purgatory of becoming broken. - Sue Harrison, international bestselling author of *The Midwife's Touch* These are stories Jack London might have written, if Jack London had been an opiate-addled ex-hockey player. *What You Find in the Woods* is about how we grieve, and how death surrounds us wherever we are. Throw in a car chase and a couple of beer jags and you have the literary equivalent of gelignite. Austin reminds us of the importance of homemade grilled cheese in nursing homes, of the dangers of the 'day-murdering nap, ' and the fact that nobody's free until the day after they die. These are powerful stories that Hemingway himself would have been proud to have written: they have the same coiled energy as 'The Killers' and 'A Clean, Well-Lighted Place.' *What You Find in the Woods* does for the Upper Peninsula what *Knockemstiff* did for Ohio: Jack Austin is a bright, scathing talent. - Sebastian D. G. Knowles, Professor Emeritus of English, The Ohio State University Jack Austin's new short-story collection, *What You Find in the Woods*, offers a diverse set of tales, some short, some really novel—las, that reflect the grittier side of life in Upper Michigan, especially for young millennial men seeking to survive while coping with issues like loneliness, heartbreak, and alcoholism. Austin creates realistic dialogue and even more realistic characters as he delves into the intricacies of the human experience, trying to make sense out of a world where sometimes we are our own worst enemies. - Tyler R. Tichelaar, PhD, award-winning author of *The Mysteries of Marquette* ...with his two opening stories plus the powerful titular story set midway—even though poor Jake was a goalie in hockey—Austin scores a 'hat trick' for the book. Well-made and exciting stories. And we will like his characters. He is a good weaver of fiction seasoned with just a touch of humor. I think J. D. Austin is grooming himself for some very fine writing. He is quickly becoming the Yooper's answer to Tom Wolfe. Read him. - Donald M. Hassler, Professor Emeritus of English, Kent State University Although deep personal stresses and anxieties face the characters in these stories, there is an underlying sense of camaraderie and love that suggests hope. This a strong follow-up to the first novel of a promising young author. - Jon C. Stott, author of *Paul Bunyan in Michigan* Learn more at jdaustinstories.com

Hemingway: The Killers. An Interpretation Robert Mattes, 2005-11-07 Seminar paper from the year 2002 in the subject American Studies - Linguistics, grade: 2,0, University of Freiburg (Englisches Seminar), course: Einführung in die Literaturwissenschaft, language: English, abstract: Ernest Miller Hemingway - a short story writer, novelist, deep-sea fisher, soldier, hunter and reporter- and one of the most important writers of the 20th century. Well known for his books like e.g. A Farewell To Arms, To Have and Have Not, For Whom the Bell Tolls, The Snows of Kilimanjaro, Across the River and into the Trees and especially the novelette: The Old Man and The Sea. I would like to present here another, maybe less popular but in no case less interesting short story of Ernest Hemingway: The Killers. `The Killers` was published in 1927 as a part of the short story collection `Men without women`. When releasing `The Killers`, Hemingway was already known as one of the most important representatives of the so-called `lost-generation` (one year before Ernest Hemingway made his name with the novel `The Sun Also Rises` which catches the post-war mood of disillusion). This generation of North-American authors of the 1920s participated as soldiers or, like Hemingway did, as volunteers with the ambulance in World War I and returned home: frustrated, cynical and self-confidently indifferent towards life. In the following essay I would like to give a short summary of Hemingway's biography first. This is followed by an exposition (i.e. setting, time, main characters) and a brief outline of the story. The next focus will be on the structure of the story: How it starts, how it develops and how it ends. Then I continue with the characterization of the main characters (the direct or indirect characterization and the relationships between the characters). After this, I examine the technique (the point of view, relationship between narrator and reader) and the style of narration . Symbols, motives and pictures will be dealt with in the last but one part of my essay. Finally, I would like to

focus on possible parallels between 'The Killers' and Ernest Hemingway's biographical or personal background respectively.
