**Goya** Janis A. Tomlinson,2002-03-11 Francisco Goya y Lucientes (1746-1828) created magnificent paintings, tapestry designs, prints, and drawings over the course of his long and productive career. Women frequently appeared as the subjects of Goya's works, from his brilliantly painted cartoons for the Royal Tapestry Factory to his stunning portraits of some of the most powerful women in Madrid. This groundbreaking book is the first to examine the representations of women within Goya's multifaceted art, and in so doing, it sheds new light on the evolution of his artistic creativity as well as on the roles assumed by women in late eighteenth- and early nineteenth-century Spain. Many of Goya's most famous works are featured and explicated in this beautifully designed and produced book. The artist's famous tapestry cartoons are included, along with the tapestries woven after them for the royal palaces of the Prado and the Escorial. Goya's infamous Naked Maja and Clothed Maja are also highlighted, with a discussion on whether these works were painted at the same time and how they might have originally hung in relation to one another. Focus is also placed on Goya's more experimental prints and drawings, in which the artist depicted women alternatively as targets of satire, of sympathy, or of admiration. Essays by eminent authorities

provide a historical and cultural context for Goya's work, including a discussion on the significance of fashion and dress during the period. The resultant volume is surely to be treasured by all who admire Goya's art and by those who are interested in women's issues of his time.

Actualizar y realizar relecturas de diferentes obras de arte (literarias, pictóricas, musicales, cinematográficas...) resulta primordial de cara a reeducar, basándonos en nuevas perspectivas venidas de la reflexión académica y social, para construir de este modo un pensamiento justo e igualitario. Así pues, la finalidad de esta publicación reside, entre otras cosas, en sugerir materiales y reflexiones que permitan abordar la igualdad desde una perspectiva interseccional, suprimiendo sesgos y apostando por la epistemología de un discurso que parta de la igualdad de género.

**Relecturas del pasado. Reflexiones sobre el gusto VI** Concha Lomba Serrano ,Rebeca Carretero Calvo ,Alberto Castán Chocarro ,Mónica Vázquez Astorga ,2024-09-18 De acuerdo con el eterno retorno postulado por el estoicismo, el mundo está condenado a repetirse. Nietzsche apuntó que no solo los acontecimientos se repiten, sino también los pensamientos, los sentimientos y las ideas. Una interpretación «cíclica» de la Historia del Arte podría justificar las constantes relecturas del pasado que han proliferado a lo largo del tiempo. De la instrumentalización de la historia por el poder político, a su uso desde la contracultura; de la reinterpretación de la propia vida y obra, a la apropiación de lo que otros han vivido o creado; de las recreaciones historicistas, a las visiones irónicas posmodernas... De revisar fórmulas, discursos, narraciones, técnicas, personajes e ideas versó el sexto simposio internacional Reflexiones sobre el gusto, organizado por el grupo de investigación de referencia Vestigium, cuyas principales aportaciones recoge este volumen.
