The Mythology of the Animal Farm in Children's Literature Stacy E. Hoult-Saros,2016-07-21 The Mythology of the Animal Farm in Children's Literature: Over the Fence analyzes the ways in which myths about farmed animals' lives are perpetuated in children's materials. Specifically, this book investigates the use of five recurring thematic devices in about eighty books for young children published during the past five decades. The close readings of texts and images draw on a wide range of fields, including animal theory, psychoanalytic and Marxian literary criticism, child development theory, histories of farming and domestication, and postcolonial theory. In spite of the underlying seriousness of the project, the material lends itself to humorous and not overly heavy-handed explications that provide insight into the complex workings of a literary genre based on the covering up of real animal lives.

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two Jeff B. Pool,2010-01-01 This book constitutes the second volume of a three-volume study of Christian testimonies to divine suffering: God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, vol. 2, Evil and Divine Suffering. The larger study focuses its inquiry into the testimonies to divine suffering themselves, seeking to allow the voices that attest to divine suffering to speak freely, then to discover and elucidate the internal logic or rationality of this family of testimonies, rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God. This second volume of studies proceeds on the basis of the presuppositions of this symbol, those implicit attestations that provide the conditions of possibility for divine suffering-that which constitutes divine vulnerability with respect to creation-as identified and examined in the first volume of

this project: an understanding of God through the primary metaphor of love (God is love); and an understanding of the human as created in the image of God, with a life (though finite) analogous to the divine life-the imago Dei as love. The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest: (1) divine grief, suffering because of betrayal by the beloved human or human sin; and (2) divine self-sacrifice, suffering for the beloved human in its bondage to sin or misery, to establish the possibility of redemption and reconciliation. Each divine wound, thus, constitutes a response to a creaturely occasion. The suffering in each divine wound also occurs in two stages: a passive stage and an active stage. In divine grief, God suffers because of human sin, betrayal of the divine lover by the beloved human: divine sorrow as the passive stage of divine grief; and divine anguish as the active stage of divine grief. In divine self-sacrifice, God suffers in response to the misery or bondage of the beloved human's infidelity: divine travail (focused on the divine incarnation in Jesus of Nazareth) as the active stage of divine self-sacrifice; and divine agony (focused on divine suffering in the crucifixion of Jesus of Nazareth) as the passive stage of divine self-sacrifice.

Philip Pullman's His Dark Materials Leonard F. Wheat, 2010-03-05 ... a impressive case for multiple levels of allegory in Philip Pullman's brilliant His Dark Materials trilogy.... On a larger scale, Wheat demonstrates in meticulous detail that Pullman's theme of the war between knowledge and religious superstition operates not only at the surface level of the plot but also at deeper, symbolic levels.... His detailed case richly illuminates the religious and literary dimensions of the His Dark Materials trilogy. SUSANNA BRAUND Professor of Latin Poetry and Its Reception (Canada Research Chair) University of British Columbia Philip Pullman's His Dark Materials trilogy is one of the most popular fantasy works of our time. Both the trilogy and a new movie based on it are being marketed chiefly as YA (young adult) fare. But Leonard F. Wheat shows in this fascinating analysis that His Dark Materials is far more than a YA tale. At a deeper level it is a complex triple allegory—a surface story that uses 231 symbols to tell three hidden stories. As such, it is among the most profound, intellectually challenging, and thoroughly adult works ever written. Wheat brings the hidden stories to light. He demonstrates how Pullman retells two prominent works of British literature—C. S. Lewis's *The Lion, the Witch and the Wardrobe* and John Milton's *Paradise Lost*. Pullman's aim is to counter Lewis's pro-Christian allegory with his own anti-Christian allegory. Pullman does this in his second allegory by turning *Paradise Lost* upside down. Satan and his daughter, Sin, along with Adam's murderous son Cain, become heroes; God and Jesus become villains. This retold story depicts our society's warfare between knowledge (symbolized by Dust) and religious superstitions (symbolized by Specters). Pullman adds an original third hidden story featuring Christian missionaries, Charles Darwin, agnostics, and atheists. Wheat's intriguing interpretation of Pullman's work is the first to point out the many allegorical features of His Dark Materials and to highlight the ingenious ways in which Pullman subtly attacks religious institutions and superstitions. Pullman fans as well as readers interested in fantasy or concerned about religious coercion will find Wheat's book not only stimulating but overflowing with surprises. Leonard F.

Wheat, a retired economist living in Alexandria, VA, received his PhD from Harvard University in 1958 and is the author of five previous books dealing with economics, film, and religion. His books include Kubrick's 2001: A Triple Allegory and Paul Tillich's Dialectical Humanism: Unmasking the God above God.
